The Employer agrees to deduct voluntary dues, fees, and assessments, from the salary of each Bargaining Unit member who places on file with the Finance Director's Office an authorization card for such purpose. (Appendix B). The amount of deduction shall be the amount of dues, fees, or assessments specified to the Employer by the Union and shall be made on a bi-weekly basis.

The Employer agrees to deduct voluntary contributions to the OAPFF PAC, IAFF FirePac, and Barberton Firefighter's PAC. The Union shall be furnished with an alphabetical listing of the employees having political deductions made.

Section 2. Probationary Employees.

1. The Employer will deduct from the second pay of each month of each probationary employee a sufficient amount to provide for the regular payment of the current Union dues as certified by the Union and forward these dues to the Union's current treasurer. The Employer will commence this deduction upon receipt "Authorization of Union Dues Collection Acknowledgement" form, attached as Appendix B, signed by each probationary employee.
2. employment, non-probationary employees not electing to hold membership in the Union will, as a condition of employment, pay the Union a fair share fee to cover each employee's pro rata share of: (1) the direct costs incurred by the Union in negotiating and administering this Agreement and of settling grievances and other disputes arising under this Agreement; and (2) the Union's expenses incurred for activities normally and reasonably employed to effectuate its duties as the exclusive representative of the employees in the bargaining unit covered by this Agreement and other such permissible costs as provided for by law. Section 1. Definition of Grievance. A grievance is a dispute between the Employer and the Union, or an employee or a group of employees, as to the interpretation, application or alleged violation of any term or provision of this Agreement. A grievance may be brought by any member of the Bargaining Unit through, or with the knowledge of, a representative of the Union. Where a group of Bargaining Unit members desire to file a grievance involving a situation affecting each member in the same manner, a single representative may process the grievance for the benefit of all affected members.

Section 3. Timeliness. For the purpose of this Article, the term “day” shall mean calendar days not to include Saturdays, Sundays, or legal holidays. Failure by the Employer at any step of this procedure to communicate the decision on a grievance within the specified time limit shall permit the Union to proceed to the next step of this procedure. Any grievance not advanced from one step to the next step by the employee shall be considered dismissed with prejudice. The parties may mutually extend or waive the timeliness provided in this section by executing a “Timeliness Extension” form attached as Appendix C.

Section 4. Presented In Writing. The written grievance shall state the specific article and section of this Agreement alleged to have been violated, a brief set of facts, and the relief requested. A grievance, as defined in this Article, must be presented in writing on the form attached as Appendix D. Employees shall have the right to file and resolve grievances with or without Union representation. However, the Union shall have the right to be present during the grievance procedure. The resolution of a grievance must conform to this Agreement and the Union shall be informed of such grievance and resolution. At any time prior to the filing of the grievance at Step 1, the grievant, the Union representative, and the grievant’s supervisor may meet to discuss the issues involved.

Section 5. Procedural Steps.

Step 1. Fire Chief or Deputy Chief. A written grievance must be filed with the Fire Chief or Deputy Chief within seven (7) days of the date the act or acts complained of became known to the employee or the Union. Such written notice shall be hand-delivered to the Fire Chief, Deputy Chief, or the Fire Chief’s Administrative Assistant. The employee, the Union representative, and the Fire Chief/Deputy Chief shall meet within five (5) days to discuss the matter.

The Fire Chief or Deputy Chief shall provide a written answer to the employee with a copy to the Union within five (5) days of the meeting. If the employee does not invoke Step 2 of this procedure within three (3) days after receipt of the written answer of the Fire Chief/Deputy Chief, such grievance shall be considered satisfactorily resolved.

Step 2. Director of Public Safety. If the grievance is not resolved at Step 1, the employee shall have the right to appeal in writing to the Director of Public Safety within three (3) days after receipt of the Fire Chief/Deputy Chief’s Step 1 written

answer to the grievance.

The Director of Public Safety shall review the grievance and meet with the employee, the Union representative, the Fire Chief, and any other parties as deemed necessary by the Director of Public Safety within five (5) days from the date of receipt as time stamped in the office of the Director of Public Safety. The decision from the Director of Public Safety shall be reduced to writing and submitted to the employee and the Union within five (5) days from the date of the Step 2 grievance meeting. If the Union does not invoke Section 6 of this procedure, said grievance shall be considered satisfactorily resolved and dismissed with prejudice.

Step 3. Mayor's Hearing. If the grievance is not resolved at Step 2, the employee will have the right to appeal in writing to the Mayor within three (3) days after receipt of the Director of Public Safety's Step 2 answer.

The Mayor shall review the grievance, hold a hearing, and provide an answer within seven (7) days from the date of receipt of the grievance from the Employee and the Union. If the Union does not invoke Section 6 of this procedure, said grievance shall be considered satisfactorily resolved and dismissed with prejudice.

Section 6. Arbitration. If the grievance is not resolved at Step 3, the Union may submit the grievance to final and binding arbitration by submitting notice to the Employer within thirty (30) calendar days of the receipt of the Step 3 written answer. Upon receipt of a request for arbitration, the Employer and the representative of the Union shall, within ten (10) calendar days following the request for arbitration, jointly agree to request a list of seven (7) impartial arbitrators from the Federal Mediation and Conciliation Service (FMCS). The parties shall select an arbitrator within ten (10) calendar days from the date the list of seven (7) arbitrators is received. Prior to striking, each party shall once have the option to completely reject the list of names provided by FMCS and request another list. The parties shall then use the alternative strike method from the accepted list of seven (7) arbitrators submitted to the parties by FMCS. The Union shall be the first to strike a name from the list, then the Employer shall strike a name, and alternate in this manner until one (1) name remains on the list. The remaining name shall be designated as the arbitrator to hear the dispute in question. All procedures relative to the hearing shall be in accordance with the rules and regulations of FMCS.

Section 7. Authority of the Arbitrator. The arbitrator shall limit the decision strictly to the interpretation, application or enforcement of specific articles and sections of this Agreement, and shall be without power or authority to make any decision that is contrary to or inconsistent with or modifying or varying in any way the terms of this Agreement or of applicable laws; limits or interferes in any way with the powers, duties, or responsibilities of the Employer under applicable laws; contrary to, inconsistent with, changing, altering, limiting or modifying any practice, policy, rules or regulations of the Employer so long as such practices, policies, rules or regulations do not conflict with this Agreement; granting any right or relief for any alleged grievance occurring at any time

other than the contract period in which such right originated.

Section 8. Arbitrability. The question of arbitrability of a grievance may be raised by either party no less than five (5) working days before the arbitration hearing of the grievance, on the grounds that the matter is non-arbitrable or beyond the arbitrator's jurisdiction. The first question to be placed before the arbitrator will be whether the alleged grievance is arbitrable. If the arbitrator determines the grievance is within the purview of arbitrability, the alleged grievance will be heard on its merits before the same arbitrator.

Section 9. Decision. A written decision of the case shall be provided by the arbitrator resulting from any arbitration of grievances hereunder, and such decision shall be final and binding on the Employer, the Union, and the employee.

Section 10. Fees/Expenses. The cost of the services of the arbitrator, the cost of any proofs produced at the direction of the arbitrator, and rent, if any, for the hearing rooms, shall be borne by the losing party. The expenses of any witness shall be borne, if at all, by the party calling them. The fees of the court reporter shall be paid by the party asking for one; such fees shall be split equally if both parties desire a reporter. Any employee whose attendance is requested by an arbitrator's subpoena for such hearing shall not lose pay or benefits to the extent such hearing hours are during the employee's normally scheduled working hours on the day of the hearing.

ARTICLE 13 JOINT LABOR MANAGEMENT (JLM) COMMITTEE

Section 1. JLM. In the interest of sound labor relations, a joint committee of no less than four (4) nor more than six (6) members, half (1/2) of whom shall be from the Employer and half of whom shall be from the Union, shall exist for the purpose of discussing subjects of mutual concern. Such committee shall be co-chaired by the Director of Public Safety and the Union President. It shall be the express purpose of this committee to build and maintain a climate of mutual understanding and respect for the solution of the common problems.

Section 2. Meetings. Either party may request the other to meet upon execution of a notice. The parties shall meet within ten (10) business days following the execution of such notice, subject to the availability of the participants. Each party shall be responsible for taking its own minutes/notes. To provide for productive meetings, the parties agree that they will exchange topic agendas at least five (5) calendar days in advance of any JLM meeting. Employee members of the committee shall not lose pay for participation while on duty. Through mutual Agreement, the five (5) days may be waived.

Section 3. Service Delivery/Personnel. The parties agree to meet as requested through the labor management committee structure to discuss issues related to overall service

delivery, productivity, personnel, and operational efficiency.

ARTICLE 14 PROBATIONARY PERIOD

Section 1. Entry Level. Newly hired employees or existing City of Barberton employees who enter the Bargaining Unit shall be required to successfully complete a probationary period. The probationary period shall begin on the first day for which the employee receives compensation from the Employer as a firefighter and shall continue for a period of up to one (1) calendar year. Such probationary employee may be terminated any time during the probationary period, and shall have no right to appeal the termination. Upon mutual Agreement between the Union, the affected individual, and the Employer, the probationary period may be extended.

Section 2. Promotional. An employee promoted within the Bargaining Unit shall serve a promotional probationary period of six (6) months. If the promoted employee fails to satisfactorily complete the promotional probationary period, such employee shall be returned to the employee's previous position. The Employer agrees, in the event a promoted employee is returned to the previous position during the promotional probationary period, to meet and discuss with the employee the reason(s) that warranted such return.

Section 3. This Article is intended to modify Ohio Revised Code § 124.27.

ARTICLE 15 PROMOTIONS

Section 1. Announcements. Announcements of examinations for the creation of new positions or promoted positions shall be posted in each fire station thirty (30) days prior to the closing date for applications which will be at 1600 hours the day prior to the examination. Applications received after the closing date will not be considered.

Section 2. Test Materials. A list of reference materials covering the written portion of the promotional examination shall be provided by the Chief of Fire. Such list may be updated no later than sixty (60) days prior to any given examination.

ARTICLE 16 REQUIRED DRIVER'S LICENSURE/INSURABILITY

Section 1. All employees of the Fire Department shall be required to possess a valid

Ohio Driver's License and be insurable by the current policy of the Employer's liability insurance at a threshold of less than 6 points on the employee's driving record as determined by the insurance company.

Section 2. Discipline. Any employee failing to maintain the required licensure or insurance eligibility shall be subject to discipline, up to and including termination, at the sole and exclusive discretion of the Employer for failing to remain qualified to perform his job duties. In the event that the discipline is challenged, an arbitrator shall be limited in his review to whether or not the employee maintained the required driver's license or insurance eligibility and shall be without authority to modify the level of discipline imposed by the Employer upon a finding that he did not maintain the required licensure or insurability as mandated by Section 1. Should the arbitrator find that the employee did not violate Section 1, he may modify or reverse the discipline.

Section 3. Administrative Error. In the event that the employee's license is suspended due to administrative error (e.g. valid payments not being logged, etc.) disciplinary action taken for failure to maintain the required licensure shall be eligible for review through the grievance procedure. Administrative error does not include suspensions due to an employee failure to maintain insurance as required by law.

ARTICLE 17 PROFESSIONAL LIABILITY

Section 1. Public Release of Information. In the event an employee is involved in any incident arising from the employee's authorized actions during the course of employment wherein a criminal or civil liability question or charges ensue, the employee's identity shall not be announced to the public except as provided/required by law.

Section 2. Suit. No department regulation shall prohibit an employee from bringing suit arising out of the employee's authorized duties as a fire department employee.

Section 3. Liability Insurance. The Employer will provide Fire Department Errors and Omissions EMT Malpractice Coverage insurance for those employees who hold a valid EMT certificate. This coverage will be provided through the Employer's General Liability insurance program. Said coverage shall only be extended and paid for by the Employer upon the Employer's review of the policy and conclusion that such coverage is not duplicative of liability exposures already within the responsibility of the Employer. Such coverage's are not intended to cover liabilities of the employee incurred in off-duty conduct for other employers of the employee.

ARTICLE 18 SAFETY

Section 1. Present Equipment. The Employer agrees to maintain its fire, utility, and

department issued personnel protective equipment in safe, reliable, working order and to provide periodic and regular inspection of the same.

Section 2. New Equipment. In the event the Employer requires personal protective equipment beyond that currently provided by the Employer, the Employer agrees to provide said equipment at no cost to the employee and the employee agrees to wear, use, etc., said equipment as required by the Employer.

Section 3. Reporting. Bargaining Unit employees shall report any unsafe equipment and/or conditions to the Chief of Fire. Upon written notification of such, the Chief of Fire shall investigate and determine whether such condition exists and, if applicable, (make a reasonable effort to) correct such unsafe condition(s) and to see that safety rules and safe working methods are being observed by Bargaining Unit employees.

Section 4. Duty Incurred Illness. The Employer agrees to incur all reasonable cost for the treatment, vaccinations, testing, medications, and/or inoculations deemed necessary by the Barberton Fire Department's Medical Director for the treatment of documented/exposure/ illnesses an Employee may be exposed to while performing ones duties that may not be covered by Workers Compensation.

ARTICLE 19 SUBSTANCE ABUSE

Section 1. General Policy Regarding Drugs and Alcohol. The use of illegal drugs and the abuse of alcohol and legal drugs by members of the Barberton Fire Department present unacceptable risks to the safety and well-being of the public and of other employees, invite accidents and injuries, and reduce productivity. In addition, such use and abuse violate the reasonable expectations of the public that the City employees who serve and protect them obey the law and be fit and free from the adverse effects of drug and alcohol use.

In the interests of employing persons who are fully fit and capable of performing their jobs, and for the safety and well-being of employees and residents, the parties hereby establish a screening program implementing the stated policy regarding drug and alcohol use by employees and potential employees of the Barberton Fire Department. Contained herein is the policy and program of the City of Barberton and the Barberton Fire Department, as specifically applied to members of the Barberton Fire Department.

The Fire Department has the responsibility to provide a safe work environment as well as a paramount interest in protecting the public by ensuring its employees are physically and emotionally fit to perform their duties. Possession, sale or transfer of illegal drugs, cannabis or non-prescribed controlled substances by Department members is strictly prohibited on or off duty. Violation of these policies will result in disciplinary action up to and including discharge.

Section 2. Definitions.

1. Drug Test or "test" means any chemical, biological, or physical instrumental analysis administered for the purpose of determining the presence or absence of a drug or its metabolites.
2. "Initial drug test" means a sensitive, rapid, and reliable procedure to identify negative and presumptive positive specimens. All initial tests shall use an immunoassay procedure or an equivalent, or shall use a more accurate scientifically accepted method approved by the Agency for Health Care Administration as such more accurate technology becomes available.
3. Confirmation test "confirmed test" or "confirmed drug test," means a second analytical procedure used to identify the presence of a specific drug or metabolite in a specimen. The confirmation test must be different in scientific principle from that of the initial test procedure. This confirmation method must be capable of providing requisite specificity, sensitivity, and quantitative accuracy.
4. "Illegal drug" means any narcotic, barbiturate, marijuana, central nervous system stimulant, hallucinogen, cocaine or any controlled substance as defined by Ohio Revised Code § 3719.01(D), as amended from time to time, not possessed or used in accordance with a lawful prescription.
5. Specimen means a tissue, hair, or product of the human body capable of revealing the presence of drugs or their metabolites.
6. Adulterated or tampered specimen means a specimen reflecting the presence of a foreign substance, reflecting clinical signs or characteristics not associated with a normal specimen, or if an endogenous substance is present at a concentration greater than the normal physiological concentration. An adulterated or tampered with test, or a test that is unable to be tested due to tampering or adulterants will be considered as a refusal to submit to the test and the employee will be subject to disciplinary action, up to and including dismissal.
7. "Drugs" shall mean any controlled substance listed in Ohio Revised Code and Federal law, known as the Controlled Substances Act, for which the person tested does not submit a valid pre-dated prescription. Thus, the term "drugs" includes both abused prescription medications and illegal drugs of abuse. In addition, it includes "designer drugs" which may not be listed in the Controlled Substances Act but which have adverse effects on perception, judgment, memory or coordination. A listing of drugs covered by this policy includes, but is not limited to:

Amphetamines
Barbiturates
Benzodiazepines

Cocaine Metabolite
Opiates
6MAM
Phencyclidine
Marijuana Metabolite
Methadone
Propoxyphene

8. "Impairment" due to drugs or alcohol shall mean a condition in which the employee is unable to properly perform his/her duties due to the effects of a drug in his/her body. Where impairment exists (or is presumed), incapacity for duty shall be presumed. "Impairment" due to alcohol shall be presumed when a blood alcohol content of .08 or more is measured.
9. "Positive Test Results" shall mean a positive result on both a confirming test and an initial screening test. If the initial test is positive, but the confirming test is negative, the test results will be deemed negative and no action will be taken. A positive confirming test result is one where the specimen tested contained alcohol, drug or drug metabolite concentrations at or above the concentration specified in Section 6.
10. The term "drug abuse" includes the use of any controlled substance which has not been legally prescribed and/or dispensed, or the abuse of a legally prescribed drug which results in impairment while on duty.

Section 3. Informing Employees About Drug and Alcohol Testing. All employees shall be fully informed and supplied a copy of the Employer's drug and alcohol testing policy. Employees will be provided with information concerning the impact of the use of alcohol and drugs on job performance. In addition, the Employer shall inform the employees on how tests are conducted, what the test can determine, and the consequences of testing positive for drug use. The City has provided information to the employees of the Fire Department on the adverse effects of the use of illegal drugs and the abuse of alcohol and legal drugs including, but not limited to, the impact and potential impact of such actions on job performance co-workers.

All newly hired employees will be provided with this information on their initial date of hire. No employee shall be tested before this information is provided to him/her. The Employer shall not discipline employees who voluntarily come forward and ask for assistance to deal with a drug and/or alcohol problem. No disciplinary action will be taken against an employee unless he/she refuses the opportunity for rehabilitation, fails to complete the program successfully, or again tests positive for drugs within two (2) years of completing an appropriate rehabilitation program.

Section 4. Reason for Testing.

1. Reasonable Suspicion. Where the City has reasonable suspicion of drug use or

alcohol abuse, a test may be ordered and the employee may be required to report for testing. Reasonable suspicion exists if the facts and circumstances warrant rational inferences that a person is using and/or is physically or mentally impaired due to being under the influence of alcohol or illegal drugs. Reasonable suspicion will be based upon the following:

- A. Excessive Absenteeism or chronic lateness.
- B. Drowsiness or sleepiness.
- C. Alcohol on breath.
- D. Slurred or incoherent speech.
- E. Unusually aggressive behavior.
- F. Unexplained change in mood.
- G. Lack of manual dexterity or coordination.
- H. Arrest for drug or alcohol related crime.
- I. Vehicle accident with death or injury to employee or another.

The decision to require the employee to submit to testing in the case of suspected alcohol abuse, or in the case of suspected drug abuse, will require the approval of two Fire Officers. The Fire officers must agree that there is reasonable suspicion to have the employees tested. The cost of such test shall be the City's responsibility. Employees who are using a lawfully prescribed drug are encouraged to notify their department head and/or the Director of Public Safety in advance of taking a drug test.

2. Accidents. When a member is involved in an on-the job vehicular accident a supervisor shall conduct a preliminary investigation promptly and, as part of the investigation, shall evaluate the member's appearance and behavior. Drug and alcohol testing may be required where there is reasonable suspicion that an error or mistake due to drug or alcohol use by the member caused the accident or injury or where there is reasonable suspicion that a member's alcohol or drug use may have contributed to the incident.
3. Performance. When a member is observed to be behaving in a manner causing reasonable suspicion of drug and/or alcohol use, the supervisor may require a drug and alcohol test. Whenever feasible, the impaired behavior should be observed and corroborated by another supervisory member.
4. Arrest or Indictment. When a member has been arrested or indicted for conduct involving alcohol abuse and/or illegal drug related activity on or off duty, the Fire Chief may require drug/alcohol screening. The Fire Chief may also or instead of a drug/alcohol screening, make a mandatory referral for an evaluation of the existence of a substance abuse problem. If the certified substance abuse professional or other licensed physician or psychologist acceptable to the City and to the Union indicates that a treatment program is recommended, that treatment program will be viewed as mandatory in accordance with the existing language in the drug/alcohol policy. If the evaluation indicates a treatment program is not

necessary, the treatment program would not be mandatory.

5. Status of Employee Following Order for Testing. When testing is ordered, the employee will be removed from duty and placed on leave with pay pending the receipt of results.

Section 5. Medical Review Physician. The Medical Review Physician shall be chosen and agreed upon between the Union and the Employer and must be a licensed physician with a knowledge of substance abuse disorders. The Medical Review Physician shall be familiar with the characteristics of the test (sensitivity, specificity, and predictive value), the laboratories running the tests and the medical conditions and work exposures of the employees.

The role of the Medical Review Physician will be to review and interpret the positive test results. He/She must examine alternate medical explanations for any positive test results. This action shall include conducting a medical interview with the affected employee, review of the employee's medical history and review of any other relevant biomedical factors. The Medical Review Physician must review all medical records made available by the tested employee when a positive test could have resulted from legally prescribed medication.

Section 6. Testing Procedures.

1. Testing Procedures. The test procedures outlined in this Section shall conform to the NIDA Standards (National Institute on Drug Abuse) of the Federal Guidelines issued by the Department of Health and Human Services, Alcohol, Drug Abuse and Mental Health Administration as set forth in Title 48 of the C.F.R. effective 12-1-89. In the event there is any conflict between the procedures set forth in this Section 33.6 and the NIDA Standards, the NIDA Standards shall control.

The Director of Public Safety, in conjunction with the Fire Chief, will ensure that the following procedures are established for the collection of urine and blood specimens and the testing of such specimens at a designated NIDA-certified laboratory.

A. General Procedures.

1. Employees covered by this Collective Bargaining Agreement are entitled to Union representation; a Union representative shall accompany the employee to the collection site, provided such representative is available and that securing such representative does not impede the process.
2. Collection Sites Collection services will be provided at a facility mutually agreed upon by the City and the Union.

For services needed when Harmony Health Works is not open, collection services will be provided at one of the area Hospital Emergency Rooms.

B. Chain-of-Custody. In all cases, strict chain-of-custody procedures will be followed:

1. Immediately after the specimen is obtained, the client and the doctor or nurse will initial the confidence seal on the urine specimen.
2. Both parties will sign the laboratory chain-of-custody form, including the date and time.
3. Labeled specimens will be placed in a locked refrigerator or laboratory container located in the clinic. The Harmony Health Works staff member will sign and date the Harmony Health Works log.
4. Lab courier will pick up the specimens. The Courier and Harmony Health Works staff will sign the chain-of-custody form.
5. Specimens will be transported directly to the designated NIDA-certified laboratory where they will be processed in a separate drug testing area accessible only to authorized personnel.
6. Once in the lab, all personnel who handle the specimen must sign and date the chain-of-custody form.

C. Results. Results will be forwarded by mail to the Director of Public Safety in a confidential envelope. Generally, this means within 24-72 hours of specimen pick-up by the lab. Results will not be released by phone when the call is initiated by someone outside Harmony Health Works or the testing lab.

D. Collection Procedure.

1. Client identity will be verified by driver's license or by the supervisor in the absence of a picture I.D. Verification will be done by doctor or nurse.
2. Drug history/drug disclosure form will be completed by the client, and reviewed by the doctor or nurse.
3. Consent form will be signed by client and witnessed.

4. The specimen will be obtained as follows: At the collection site, if the specially equipped bathroom is not available, the test will be witnessed. A doctor and/or nurse will accompany the client to the bathroom and will be physically present when the specimen is produced. A nurse or Doctor will obtain Blood alcohol specimen.
5. Blood alcohol specimen will be labeled with name, test date, time, and will be initialed by the nurse or doctor and the client.
6. Urine specimen will be sealed in full view of the client and the confidence seal placed over the top of the bottle. The chain-of-custody process will be initiated, and specimens will be given an I.D. number. The specimen will be labeled with that number, as is the chain-of-custody form. Copies of the chain-of-custody form will be sealed in a tamper-proof custody envelope with the specimen. The envelope will be locked up in a metal box or locked refrigerator.
7. The chain-of-custody process will be initiated, and specimens will be given an I.D. number. The specimen will be labeled with that number, as is the chain-of-custody form.
8. Copies of the chain-of-custody form will be sealed in a tamper-proof custody envelope with the specimen. The envelope will be locked up in a metal box or locked refrigerator.
9. "Reasonable Suspicion" testing will also include a medical history and physical exam to gather an understanding of any physical conditions, known or unknown of a client as well as to provide a third party observation and assessment of the individual.
10. In connection with its testing program the City shall engage the services of a medical expert experienced in drug testing to design an appropriate questionnaire to be filled out by any employee being tested to provide information of food or medicine or other substance eaten or taken by or administered to the employee which may affect the test results and to interview the employee in the event of positive test results to determine if there is any innocent explanation for the positive reading.

Section 7. Laboratory Process. The City will utilize a NIDA-certified laboratory for all drug/alcohol screening processing. The laboratory will:

1. Use 5 drug panel of: amphetamines, barbiturates, benzodiazepines, cocaine, cannabinoids (THC), opiates and phencyclidine, unless the specific situation requires testing for another specific substance(s), plus alcohol (ethyl).

2. Use the EMIT procedure as the initial screen, utilizing cutoff levels as follows:

Amphetamines	500 ng/ml
MDMA	500 ng/ml
Cocaine Metabolite	150 ng/ml
Opiates	2000 ng/ml
6-Acetylmorphine	10 ng/ml
Phencyclidine (PCP)	25 ng/ml
Marijuana (THC) Metabolite	50 ng/ml

3. Use Gas Chromatography/Mass Spectroscopy (GC/MS) as the confirmatory method, utilizing cutoff levels as follows:

Amphetamines	
Amphetamine	250 ng/ML
Methamphetamine	250 ng/ML
MDMA	250 ng/ML
MDA	250 ng/ML
MDEA	250 ng/ML
Barbiturates	300 ng/ML
Benzodiazepines	300 ng/ML
Cocaine Metabolite	100 ng/ML
Opiates	2000 ng/ML
6MAM	10 ng/ML
Phencyclidine	25 ng/ML
Marijuana Metabolite	15 ng/ML
Methadone	300 ng/ML
Propoxyphene	300 ng/ML

4. Freeze and retain all positive specimens for at least twelve (12) months after testing.
5. Use for alcohol (ethyl) a blood alcohol content level of .08 grams per 100 cubic centimeters.

Section 8. Confirmatory Test. A positive test will result in a Gas Chromatography/Mass Spectrometry confirmatory test of the original sample by the laboratory. At this time the employee may request a portion of the original sample to be tested by a recognized independent laboratory of the employee's choice. The cost of the test will be paid by the City if the test results are negative.

Section 9. Independent Testing. When an employee has been tested pursuant to the rules established herein and there are confirmed positive results, the employee may request that a portion of the original specimen be submitted for an independent test. The employee shall be notified of his/her right to do so and request and complete the

independent test within ten (10) days of notice. The independent test shall be at the employee's expense, shall use equivalent testing and chain-of-custody process used by the City. If such independent test yields a negative test result, the City will consider those results in its determination of further action.

Section 10. Confidentiality of Test Results. The results of drug and alcohol tests will be disclosed to the person tested, the Fire Chief, the Director of Public Safety, Union President, and others on a need-to-know basis consistent with the other provisions of this Agreement, including treatment needs, diagnosis, and use of the Employee Assistance Program and investigation of disciplinary action. Test results will be disclosed to the designated representative of the union upon request. Test results will not be disclosed externally except where the person tested consents or law permits disclosure. Any member, whose drug/alcohol screen is confirmed positive, shall have an opportunity at the appropriate stage of the disciplinary process to refute said results. A breach of confidentiality shall be considered a serious act of misconduct and the Union may grieve and remedy violations through the grievance procedure. Nothing in this provision shall be construed as waiving the Union's statutory right to obtain information that may be relevant to collective bargaining or the administration of grievances.

Section 11. Voluntary Request for Assistance. Employees are encouraged to voluntarily seek treatment, counseling and/or other support and assistance for an alcohol or drug related problem. If such voluntary assistance is sought by the employee before the employee commits rule violations connected with drug/alcohol abuse, and/or before the employee is subjected to for cause testing under this policy, there shall be no adverse employment action taken against an employee who voluntarily seeks assistance. When voluntary assistance is requested under this policy, the employee may use the City's Employee Assistance Program to obtain referrals, treatment, counseling and other support and all such requests shall be treated as confidential pursuant to the City's normal procedures in the operation of its Employee Assistance Program.

Section 12. Specific Responsibilities.

1. The Fire Chief or his/her designee will:
 - A. Identify those members where a drug/alcohol screen is required and inform the Director of Public Safety of said status.
 - B. When necessary, initiate a preliminary investigation to determine the validity of a member's admission that he/she is presently taking prescribed drugs.
 1. If the preliminary investigation reveals that the drugs have been legally prescribed and are being consumed according to prescription directions, no further investigation will ensue.
 2. In all other instances, a formal investigation will ensue when the

test results disclose positive indicators and/or evidence of drug/alcohol usage by the member.

2. Command level personnel or the Fire Chief shall ensure that members have been properly notified of the date and time of a drug/alcohol screen and that the notification has been properly documented.
3. The member subject to a drug/alcohol screen will:
 - A. Report on a date and time determined by the Department.
 - B. Furnish documentation relating to the use of any prescribed drugs to the Medical Review Physician; i.e. Prescription bottle with prescription number, prescribing physician's statement, etc.
 - C. Answer all pre-medical examination questions including the use of any/all prescribed drugs and the name(s) of any prescribed drugs and the name(s) of any prescribing physician(s).
 - D. Cooperate in the completion of all phases of the drug/alcohol screen in accordance with the instructions of the examining physician or his/her designee.
4. Any member who is taking prescription medication that could affect perception; judgment, memory, coordination or other necessary ability to perform one's duties shall report such fact and the nature of the illness or condition requiring the medication to his/her supervisor. Such information will be treated on a confidential basis.

Section 13. Disciplinary Action for Confirmed Positive Test Results.

1. First Positive. The first confirmed positive test result would be cause for disciplinary action up to and including a five-duty day disciplinary suspension. The employee must agree to the following conditions: (1) the employee will have a mandatory referral to the City's Employee Assistance Program for evaluation, diagnosis and development of a treatment plan consistent with generally accepted standards; and (2) the employee will be required to cooperate in the treatment plan, undergo unannounced periodic drug and/or alcohol screening for a period of up to 12 months, successfully complete the prescribed treatment, remain free of drug and alcohol use, and sign an agreement consenting to said conditions. Failure to comply with these conditions of continued employment shall be cause for discharge.
2. Second Positive - During Treatment. If an employee has a first confirmed positive test under the previous Paragraph A and enters a treatment program, and thereafter that employee has a subsequent confirmed positive test result while the

employee is in treatment, as a result of unannounced periodic drug and/or alcohol screening, the employee shall receive a 30 shift day disciplinary suspension and shall be required to continue in treatment and comply with the other conditions of treatment set forth in the preceding paragraph, which 30 shift day disciplinary suspension shall be final and binding on the Union and the employee and shall not be subject to the grievance procedure. Any confirmed positive test thereafter, either periodic unannounced or reasonable suspicion, shall result in the employee's discharge, which shall be final and binding on the Union and the employee and the penalty shall not be subject to the grievance procedure of the collective bargaining agreement.

3. Second Positive - Reasonable Suspicion. An employee who has a first confirmed positive test under Section 6 and who subsequently has a confirmed positive test under the reasonable suspicion standard shall be discharged, which discharge shall be final and binding on the Union and the employee and the penalty shall not be subject to the grievance procedure in the collective bargaining agreement.
4. Employment Status. There is no requirement on the part of the City to keep an employee on active employment status who is receiving treatment under this Section if it is appropriately determined (i.e., determination by an independent physician and/or appropriately certified medical and/or psychological professional) that the employee's current use of alcohol or drugs prevents such individual from performing his duties or whose continuance on active status would constitute a direct threat to the property and safety of others. Such employee shall be afforded the opportunity to use accumulated paid leave or take an unpaid leave pending treatment.
5. Yearly Training. The City shall provide annual training to employees regarding the goals of this policy, namely, that employees of the Fire Department be fit and free from the adverse effects of the use of illegal drugs and the abuse of alcohol and legal drugs; such training will include a review of this policy.

Section 14. Duty Assignment after Treatment. Once an employee successfully completes rehabilitation, he/she shall be returned to his/her regular duty assignment. Once treatment and any follow-up care is completed, and two (2) years have passed since the employee entered the program, the employee's personnel file(s) shall be purged of any such reference to his/her drug or alcohol problem.

Section 15. Miscellaneous.

1. Association Held Harmless. This drug and alcohol-testing program was initiated at the request of the Employer. The Employer assumes the sole responsibility for the administration of this policy and shall be solely liable for any legal obligations and costs arising out of the provisions and/or application of the Collective Bargaining Agreement relating to drug and alcohol testing. The Union shall be held harmless for the violation of any worker rights arising from the

administration of the drug and alcohol-testing program.

2. Changes in Testing Procedures. The Parties recognize that during the life of this Agreement, there may be improvements in the technology of testing procedures that provide more accurate testing. In that event, the parties will bargain in good faith whether to amend this procedure to include such improvements.
3. Conflict With Other Laws. This article in no way intends to supersede or waive any constitutional or other rights that an employee may be entitled to under federal, state or local statutes.

ARTICLE 20 EQUALIZATION OF OVERTIME

Section 1. Department Policy. The Employer agrees to allow the Union to establish an overtime distribution Policy which the Union is responsible for governing.

Section 2. Overtime Distribution. The parties recognize that there may be overtime situations that require the Employer to assign employees who possess special skills to perform the tasks required. If this becomes necessary, employees assigned by the Chief of Fire shall be exempt from the provisions of this section. Such situations may be caused by training evolutions, special teams (HAZMAT, TROT. SWAT, etc.), or the need for trade skills.

Section 3. Overtime Violations. The Employer is not responsible for overtime violations if such violations are the result of Bargaining Unit member's actions. The Employer shall be responsible for violations made by non-Bargaining Unit members (i.e. Chief, Chief's Designee, or Dispatch). For overtime violations as stated above, the Chief shall schedule the missed employee for an equivalent amount of overtime before the end of the pay period following the pay period in which the overtime scheduling error occurred. If the Chief of Fire fails to schedule the make-up overtime within the time frame stated above, the Employer will pay the employee for the overtime that was scheduled in error. Non-Bargaining violations are subject to the grievance procedure filed at step 2.

ARTICLE 21 HOURS OF WORK

Section 1. Shift Designations. The Chief of Fire is responsible for shift and duty assignments. The Chief of Fire may assign individuals to work hours as required to fulfill training needs or the tasks of the department on special assignment.

Section 2. Shift Change Notice. The Employer agrees that it will give three (3) days

notice prior to any shift change. In addition, the Employer agrees that when a shift is changed, the employee so assigned shall serve at least seven (7) days on a shift. The Employer further agrees that shift or duty assignments will not be made solely for disciplinary purposes. Annual shift changes shall occur prior to January 15th of any calendar year. Any other changes of shift that occur throughout the year will be made only to accommodate staffing requirements due to extended illness, injury, death, retirements or promotion of members of the Bargaining Unit. The Chief of Fire may approve shift changes mutually requested by employees and approved by both Shift Commanders.

Section 3. Shift Transfer Timelines. All shift transfers shall be made prior to January 15th of any given year, unless necessitated by promotions, or to accommodate staffing requirements due to extended illness, injury, death or retirement. The complete transfer list will be posted by December 15th of the previous year.

Section 4. Work Week. It is hereby mutually agreed that for those employees performing work in the fire suppression division, the present work hours and schedule which constitute a forty-eight (48) hour work week will not be changed or altered from the effective date of this Agreement. The average workweek shall be forty-eight (48) hours, averaged over a nine (9) week cycle as described in Section 5. Section 6. Work Assignments And Training. Training and other non-emergency details will not be performed on holidays, Patriot Day (September 11), Saturdays, Sundays, or after 1600 hours when it is practical to be scheduled otherwise. Training outdoors when temperatures either exceed eighty-five (85) degrees or fall below thirty-two (32) degrees shall only be performed when the session cannot be reasonably rescheduled or if the temperature extreme is a designed factor of the training program. Personnel shall be provided one (1) hour for lunch. Whenever practicable, this lunch hour shall occur from 12:00-13:00. This time may vary due to necessary work related needs (i.e. run volume, restocking, etc.).

1. If the training is two (2) or three (3) days and the employee's regularly scheduled work day falls within the training, the Employer may adjust such employee's work schedule to accommodate such training. Example: An employee is scheduled to work a twenty-four (24) hour shift on Tuesday. The employee attends a three (3) day training session, eight (8) hours per day on Monday, Tuesday, and Wednesday. The employee may be released from the twenty-four (24) hour Tuesday shift. The employee shall not be entitled to any additional compensation except for those hours worked in excess of eight (8) hours each day.

If the training is four (4) or more days, the employee may be placed on a forty (40) hour work schedule beginning at 0730 hours on the day preceding the start of training and continuing for seven (7) continuous days and ending at 0730. Actual work hours may vary according to the training needs. No additional payment shall be received unless the employee exceeds forty (40) hours of work in that calendar week.
3. If the training is one (1) to three (3) days, and the employee is not on duty, the employee shall be compensated according to the following:
 - A. If the Employer requires the outside training, the Employee shall be paid at the rate of 1 ½ times normal hourly rate.
 - B. If the Employee requests to attend training not required by the Employer,

payment shall be at the Employee's normal straight time rate.

ARTICLE 22 OVERTIME RATES

Section 1. Contractual Overtime. Employees assigned to the Fire Suppression Division shall be paid overtime for hours worked in excess of such employee's normal work schedule.

Employees assigned to a 40 hour work week shall be paid overtime for hours worked in excess of forty (40) compensated hours in any given week. Overtime shall not be paid for hours worked as a result of "trading" of shifts. Overtime slips must be submitted within seven (7) days of the date the overtime was performed.

Section 2. Applicable Rate/Contractual Overtime. Overtime occurring Monday through Saturday (non-Holiday) shall be one and one-half (1 ½) times the 2080 rate. Overtime occurring on a Sunday or holiday shall be two (2) times the 2080 rate.

Section 4. Holdover Pay. A holdover occurs when an employee is required to work past the time for the end of the employee's regularly scheduled shift. Holdovers are paid at the 2080 rate times the number of hours worked to the nearest quarter hour.

Section 5. Call-In Pay. A call-in occurs either when the employee is required to report to work prior to the scheduled time for the start of the employee's shift or when an employee is required to report back to work after completion of the employee's shift, provided that such time does not abut the beginning of a regularly scheduled shift. For call-in situations, an employee shall be eligible to receive a minimum of three (3) hours pay at the 2080 rate shall be received. A call-in does not occur for purposes of TROT and/or HAZMAT meetings/training, public education meetings/conferences/presentations, staff meetings, etc. These events shall be paid for actual hours worked at one and one-half (1½) 2496 rate.

Section 6. Working Out Of Class on a Call-In. In the event that an employee is required to work out of classification while called in, the employee shall receive the out-of-classification rate at one and one-half times (1½) times the 2080 rate [i.e. if a Firefighter Step 8 replaces a Lieutenant Step 6, the Firefighter shall receive Lieutenant Step 8 at one and one-half (1½) times the 2080 rate].

Section 7. Working Out of Class on a Holiday. When working out of class on a holiday, all hours worked will be paid at the level of the class in which you are working. Example: Lieutenant who is Acting Captain on a holiday receives all hours paid at holiday rate pursuant to Article 29 at the Captain's rate and Fire Fighter who is Acting Lieutenant on a holiday will receive all hours paid at holiday rate pursuant to Article 29 at the Lieutenant's rate.

Section 8. Emergency Call-In. An emergency call-in is defined as any call-in that is created out of a need for additional staffing or the sudden depletion of staffing as a result of an emergency situation. "Emergency situation" includes, but is not limited to: structure fire, special rescue, mass casualty, or HAZMAT. The Shift Commander or the highest-ranking officer on duty will determine the number of personnel needed. If a reserve apparatus is placed in service as the result of an emergency call-in, such apparatus shall be staffed with officers or acting officers. In the event an officer is not called-in, the senior firefighter appointed shall be paid out-of-classification as defined in Section 6.

Section 9. Court Time. All employees who are required to appear in court or an administrative agency on behalf of the Employer or as a result of actions taken by the employee with the authorization of the Employer, shall be paid at one and one-half (1½) times the 2080 hour rate for a minimum of three (3) hours "court time." An employee who is required to appear at a proceeding in the morning and a different proceeding in the afternoon shall be entitled to a minimum of four (4) hours of such overtime pay at the 2080 rate. "Court time" shall be paid for only those proceedings at which the employee is required to attend as a result of the employee's actions on behalf of the Employer in the employee's capacity as a Fire Department employee. No overtime pay will be paid to employees attending such proceedings during regularly scheduled working hours. If the employee attending such a proceeding is required to remain past the time for the end of the employee's shift, such employee shall be entitled to overtime pay at the rate of one and one-half (1½) times the 2080 rate with no minimum. Travel time will not be included as part of the total paid time when determining premium pay for court time.

Section 10. Travel. Employees shall be at their work sites, report-in location or headquarters by their shift starting time. Any employee who must begin work, appear in court, travel to another station or attend training at some location other than the employee's actual work location shall not be compensated for travel time unless such travel required is in excess of one hundred (100) miles round trip. In the event such travel is required beyond one hundred (100) miles, and such travel occurs outside of the employee's normal work hours, the employee shall receive one and one-half (1½) times the normal rate. In the event such travel is required beyond one hundred (100) miles by automobile, the employee shall receive mileage payable at the Employer's standard rate according to current ordinance, if prior approval is obtained by the Fire Chief.

Section 11. Normal Hours. It is specifically understood that the term "employee's normal work hours" refers to the schedule the employee is working when overtime occurs.

Section 12. Sundays/Holidays. For the purposes of this Agreement, any reference to the time period referred to as a Sunday commences at 0730 hours on Sunday and ends at 0730 hours on Monday. The time period referred to as a holiday commences at 0730 hours on the date of the holiday and ends at 0730 hours on the day following the actual holiday.

Section 13. Trades. Employees shall have the right to trade shifts and comp days or trade into open comp days when available when the change does not interfere with the operation of the Fire Department. Trades will be approved by the Shift Commander or Fire Chief provided that the employee is trading with a qualified employee and the trade will not cause an overtime call-in. Example: Officers will trade with officers when they are the only officer working. Records of trades shall be the responsibility of the trading employees. Should no employee show up for work, the employee originally scheduled shall be considered absent without leave. In all cases of approved trades, the Employer shall not be liable for employee overtime or violations of FLSA regulations. A trade into an open comp day may not be made sooner than two weeks prior to the original open comp day.

Section 14. Normal Hourly Rate Defined. The term “normal hourly rate” as referenced above shall mean the forty-eight (48) hour rate for suppression employees and the forty (40)-hour rate for non-suppression employees.

Section 15. Compensatory Time. An employee who has worked overtime or a holiday shift shall be allowed to receive compensatory time in lieu of pay if he/she so elects in accordance with the language in Article 22.

1. Compensatory time will be added to the comp time bank at the employee’s discretion (i.e. 8 hours of overtime paid at 1 ½ equaling 12 hours of comp time, employee may choose to split overtime between money and/or comp time).
2. Comp time may be used in place of or substituted for vacation time usage, according to vacation use rules.
 - A. An employee may accumulate a maximum of 240 hours of comp time. Any overtime or holiday hours worked beyond the 240 hour maximum shall be paid at the employee’s applicable pay rate.

ARTICLE 23 WAGE RATES

Section 1. Hourly Rates. Bargaining unit members shall receive wages as provided in Appendix A Wage Schedule, which sets forth the annual salaries and base hourly rates for members assigned to suppression and non-suppression scheduling. The annual base salaries for bargaining unit members shall increase by 2% each year of this agreement, effective with the first full-pay period in January 2017 and each subsequent year.

Section 2. Wage Schedule Administration. Wages shall be paid in steps commensurate with service, advancing in step on anniversary dates. Anniversary date, for purposes of wage step increase, is determined as the date of original employment in the Fire Department, or if applicable, any re-employment date following a resignation. Steps in wage rate schedules, as contained in this article, are as follows:

Zero to One Year	1st Step	Five to Ten Years	6th Step
One to Two Years	2nd Step	Ten to Fifteen Years	7th Step
Two to Three Years	3rd Step	Fifteen to Twenty Years	8th Step
Three to Four Years	4th Step	Twenty Years or More	9th Step
Four to Five Years	5th Step		

Employees shall advance a step upon completion of each year of service based upon his anniversary date of hire as a Firefighter/EMT-P or EMT-B or promotion into the applicable rank.

Section 3. Pension Pickup. Wages shall be paid bi-weekly, via direct deposit, every other Friday. When a holiday falls on a Friday, employees shall be paid on the preceding Thursday. When a pair of holidays falls on both a Thursday and Friday, employees shall be paid on the preceding Wednesday. Such wage compensation shall include payments previously termed “longevity” and shall include payments for pension pickup as currently pay rolled for all bargaining unit members.

Section 4. Deferred Compensation. The employer agrees to withhold and deposit any funds as directed by members of the bargaining unit to the current Ohio Public Employees Deferred Compensation (OPEDC) Program and/or the Ohio Association of Professional Fire Fighters 457 (OAPFF 457) Deferred Compensation Plan.

Section 5. Hourly Rates. Whenever a provision of this Agreement refers to an hourly rate that is not followed by “2080,” such rate shall be the employee’s “2496” rate.

Section 6. Advanced Placement on Scale. A newly hired employee shall be placed at a wage step commensurate with such employee’s prior, certifiable experience as dictated by this section. The step placement shall be made at the time of original appointment, and no wage step adjustments shall be made at any other time. The new firefighter shall advance to the next step on his anniversary each year until he reaches step 6, at which time he shall follow the step increase schedule in Section 23.2. The following criteria shall be used by the Chief of Fire for the placement of a new firefighter at a wage step commensurate with these requirements:

Item	Step	
1	2	State of Ohio certified FFII (or equivalent accepted by the State of Ohio) or Certified Paramedic in the State of Ohio
2	3	State of Ohio certified FFII (or equivalent accepted by the State of Ohio) and Certified Paramedic in the State of Ohio with one (1) to three (3) years documented experience with a full-time Fire Department
3	4	State of Ohio certified FFII (or equivalent accepted by the State of Ohio) and Certified Paramedic in the State of Ohio with four (4) or more years documented experience with a full-time Fire Department

Whenever the Employer hires and places an employee in an advance step based upon the above criteria, the Chief of Fire shall notify the Union of such action and of the reasons for the action. If the Union believes such advance step placement is inconsistent with the Employer's criteria, the Union may notify the Chief of Fire of its concern. The parties shall then meet, as soon as reasonably possible thereafter, in an effort to resolve the matter.

ARTICLE 24
UNIFORM MAINTENANCE REIMBURSEMENT AND SAFETY GEAR

Section 1. Maintenance Payment. Uniform maintenance reimbursement shall be paid annually in a lump sum of one thousand two hundred dollars (\$1,200.00) and the appropriate tax withheld. Such payment shall be issued in via direct deposit the first pay period in January of every year or the first pay period after hiring. Such payment shall serve as sole payment to both probationary and non-probationary employees for maintenance and replacement of the department's standard issue of uniform items.

Section 2. Proration Upon Termination Of Or Retirement From Service. If an employee should terminate or retire from employment with the Employer, in a year where a maintenance payment has been made, the Employer shall deduct from such employee's final paycheck a sum equal to:

$$\frac{\$1,200 \times \text{the number of full months remaining in the year}}{12}$$

Section 3. Safety Equipment DX. The Employer will provide "safety equipment" as defined in Section 24.4, replaced when necessary under a "DX/Vendor Voucher" system. Upon being presented an item of department-approved safety equipment represented as unserviceable, the Chief of Fire or designee will approve a Vendor Voucher for the item's replacement. Replacement for lost items will not be authorized unless occurring during the course of duty.

1. The City will make available one (1) portable radio per man while on duty.

Section 4. Safety Equipment. The list of such items to be defined as "personal safety equipment" as approved by the Chief of Fire is as follows:

Fire Coat (2)	Bunker Pants (2)	Nomex Hood (2)
Helmet w/ Shield (traditional style)	MSA Eyeglass Insert	MSA Eyeglass Lens
Fire Boots (rubber or leather)	Gloves-Fire ground (2)	EMS Jacket
Fitted SCBA Mask (1)		

Section 5. Loss/Destruction of Property. The Employer agrees to replace eye glasses, contacts or dentures if lost or destroyed during the performance of an employee's duties.

Section 6. Station Uniform. The station uniform shall consist of items in Appendix F.

ARTICLE 25 OUT OF CLASSIFICATION PAY

Section 1. Working Out Of Class. The table of organization shall provide for at least one (1) ranking officer permanently assigned to every fire or rescue company in service. When a Bargaining Unit member is required to work in the next higher classification, Such employee shall be paid for hours worked out of classification at the 2496 rate (i.e. if a Firefighter Step 8 replaces a Lieutenant Step 6, the Firefighter shall receive Lieutenant Step 8).

Section 2. Additional Company. When normal scheduled staffing permits, an additional company shall be placed in service at the discretion of the Shift Commander at Station #1 or 2, and an acting Lieutenant shall be appointed as set forth in Section 3. Said employee shall be paid for hours worked out of classification at the normal hourly rate. Under no circumstances shall personnel be called in to staff this additional company.

Section 3. Minimum Requirements. Acting officer assignments shall be made from the personnel of the shift where the vacancy occurs and by seniority as defined in Article 9. The Employer agrees that a firefighter with at least five (5) years seniority shall be appointed Acting Lieutenant. In the event that there is not an available firefighter eligible for Acting Lieutenant, the Chief of Fire or designee, shall have the discretion to appoint an otherwise qualified firefighter. A coordinated effort will be made by the Union and Management to develop a process to determine the qualifications for working out of class. Upon completion, it will be put into effect on a trial basis. If both parties mutually agree that the new process is not effective, working out of classification will revert back to original contract language. At no time shall the Officer in Charge of a shift be a non-sworn officer of the department. In the event that no sworn officer is able to be contacted, the Fire Chief may act as Shift Commander until a Bargaining Unit officer arrives. When there is an opening for an officer at Station 2, the Shift Commander may offer the opening to a lieutenant prior to the senior firefighter. All vacancies are filled as described above.

Section 4. Trading Shifts. When employees are involved in trading of shifts, the person who is scheduled shall receive acting pay so long as the person actually working is eligible to work out of classification. If such person actually working is not eligible, the person scheduled shall not receive out of classification pay.

Section 5. Acting Chief. On occasions of the Fire Chief's absence due to vacation, sick time, etc., the Employer may designate next ranking administrative officer or other

qualified fire personnel as determined by the Employer to assume the functions of the Fire Chief the Acting Chief shall be paid at a rate one classification higher than the employee's normal rate of pay.

Section 7. Probationary Lieutenant Acting Captain Rules These rules will apply for all probationary Lieutenants for a period to be determined between the Chief and the new Lieutenant, as each new officer's experience and education will vary, but shall not exceed their normal six month probationary period.

1. The probationary Lieutenant will not be the only sworn officer on duty. If necessary, call-in an additional sworn officer. The additional officer being called does not prohibit the probationary officer from earning acting pay per the CBA, the additional officer is being called to be a voice of experience and help guide the probationary Lt. in his decision making.
2. The Chief may opt to supervise the probationary Lieutenant during the specific periods of time, eliminating the need to special call an additional sworn officer for that shift. However, the Chief will not fill a suppression role specifically for this reason, so if staffing is below the current 9 man minimum a call-in should be made as per the rules.
3. If the probationary Lieutenant is scheduled to be the only sworn officer on duty, the Chief should be called the night before the new Lieutenant's shift to determine if he has the time to supervise the new Lieutenant during the shift. Based on the availability of the Chief, he may direct an officer call-in to be made to ensure that an additional sworn officer is on duty for the 24hr period.
4. The Chief will meet with the probationary Lieutenant and the other officers of the shift periodically to determine the point at which all parties are comfortable with the Lt. being the only officer on duty. This must occur prior to the end of the Lieutenants probationary period.

ARTICLE 26

As the budget allows, the Employer will allocate a maximum of twelve thousand five hundred dollars (\$12,500.00) for Fire Department Educational benefits and will reimburse the entire cost of necessary charges for admission fees, textbooks and tuition to any employee who has successfully completed a course within a two (2) year, four (4) year, or master's program in Fire Science or Public Administration at either the University of Akron or other accredited college or university in good standing. Employees currently enrolled in a Ph.D. program in 2016 are grandfathered in and will remain eligible for educational benefits for the duration of such Ph.D. program. In the event that the amount of the benefit request exceeds the total amount allocated, the maximum

benefit shall be apportioned equally among members submitting requests, up to the request amount. If an employee applies for the educational benefit and fails to utilize the benefit, the Employer has the discretion to deny future application requests from the employee.

Section 2. Required Documentation For Payment/Request Procedure. An Employee seeking educational benefits must notify the Employer by October 1st of the year before which benefits must be budgeted for. The Employer shall not reimburse the employee for charges for which the employee is entitled to reimbursement from any other entity. In addition, the employee must provide the Fire Chief advance written notice of the employee's intent to enroll. Failure to provide proper written notice shall relieve the Employer of its obligation to reimburse the employee.

Section 3. EMT/EMT-P Certification. It is understood that all employees are required as a condition of continued employment to hold a valid Basic EMT certificate and that all employees hired after January 1, 1986, are required to obtain/maintain a valid EMT-P certificate as a condition of continued employment, except those that have been allowed to drop to the EMT-B under previous agreements. Attendance at continuing medical education provided by the Medical Director of the Fire Department shall be mandatory for the minimum requirements of the Medical Director unless excused by the Medical Director. Employees required to obtain continuing medical education by the State of Ohio to hold their certification shall be released from duty if such continuing education is made available while the individual is on duty, provided that the Employer determines such release is consistent with its operational requirements and it does not require an overtime call-in.

Section 5. Payment For Continuing Education.

1. Licensure Related Training-EMT Basic. EMT Basic shall be paid for up to fifteen (15) hours of CE onsite or online annually for the State of Ohio annual CE requirement and any additional Basic Trauma Life Support (BTLS) training if required. 4. Suppression Training. All members assigned to the Fire Suppression Division shall be provided up to twelve (12) hours of off-duty fire training annually. Such training shall be paid for at one and one-half (1½) times the normal hourly rate. If an employee is unavailable for such training when it is offered, due to vacation, sick leave or injury leave, the failure of such employee to receive the training shall not be subject to the grievance procedure and no compensation shall be received for the twelve (12) hours. All employees mandated or approved to become instructors and inspectors shall be compensated at the rate listed above for all CE hours required to maintain said certification, online or onsite.
5. If the employee exceeds the above listed hours during the course of training, the employee will be compensated for the excess training hours, not to exceed two (2) hours.

Section 6. Paramedic Certification. As paramedic certification is a condition of employment, the Employer agrees to pay for the initial paramedic training. All hours involved in gaining initial certification shall be paid at the employee's normal hourly rate. Once the employee has received such training and fails to receive such certification, the employee has eighteen (18) months to obtain certification at the employee's own expense (i.e. no wages shall be paid for training nor shall the Employer pay for tuition and supplies). If the employee does not obtain certification within the eighteen (18) months after failure of initial training, such employee shall be subject to termination.

No retiree coverage shall be provided to employees retiring on or after December 30, 2013.

An employee who leaves employment with the Employer by discharge or layoff can continue the insurance policy directly with the insurance company as an individual, but will have to pay a rate set by the insurance company and must convert the policy within thirty (30) days from the employee's last day of service with the Employer.

Once created, the Union agrees to participate in the HCAC and will appoint two (2) representatives and one (1) additional representative will be appointed as an alternate. Members of the Committee agree to share information presented by the Employer and the Employer's medical benefits liaison with fellow Union members.

Section 4. Retiree Coverage. The Employer shall provide all retirees of the Barberton Fire Department who have retired prior to December 30, 2013, reimbursement for any health insurance deductibles paid by the retiree as the result of coverage as provided by the Police and Firemen's Pension and Disability Fund (PFPDF) health insurance provider. Said reimbursement, regardless of the amount of deductible imposed by the PFPDF health care provider, shall not exceed in any calendar year five hundred dollars (\$500.00) for single coverage or seven hundred fifty dollars (\$750.00) for family coverage. Section 2. Advancement Mid-Year. If an employee makes a vacation step advancement on a date other than January 1, the employee may not use the additional hours received in that calendar year until after the employee's anniversary date. If the employee's anniversary falls after December 1, the employee will not have to use the additional vacation until the following year.

Section 3. Transfer between Suppression and Non-Suppression. Employees transferred from twenty-four (24) hour shifts to eight (8) hour shifts shall have their unused vacation entitlement converted by multiplying the unused hours by a factor of their eight (8) hour entitlement divided by their twenty-four (24) hour entitlement. Example:

8-Hour Entitlement

Unused 24 Hour Shift Vacation x 24 Hour Entitlement = Unused 8 Hour Shift Vacation

Employees transferred from eight (8) hour work shifts to twenty-four (24) hour shifts shall have their unused vacation entitlement converted by multiplying the unused hours by a factor of their twenty-four (24) hour entitlement divided by their eight (8) hour entitlement.

Example:

24-Hour Entitlement

Unused 8 Hour Shift Vacation x 8 Hour Entitlement = Unused 24 Hour Shift Vacation

Section 4. Vacation Rules. Vacation benefits are subject to the following computations and rules:

1. Entitlement of vacation and/or vacation pay shall be based on continuous service with the Employer. In computing service for vacation purposes, full credit shall be given for all service rendered in a probationary status, provided such member immediately after probationary status becomes an employee eligible to receive vacation.
2. Accumulation/Carry-Over. Vacation shall not be cumulative, except as provided in Sections 5 of this Article and shall be taken during the year credited or forfeited. In no event shall a twenty-four (24) hour employee be permitted to use in excess of five hundred and fifty-two (552) hours of vacation in any calendar year. The maximum for an eight (8) hour shift employee shall be two hundred eighty-eight (288) hours.
3. Vacation Requests/Scheduling Generally. Periods of vacation by employees shall be so arranged by the Chief of Fire so that the department shall at all times be adequately staffed. All scheduling shall be done so as to hold overtime hours to a minimum.
4. Vacation Scheduling/Selection Procedures. For the purpose of maintaining efficient and equitable scheduling of vacations, the following procedure shall govern the vacation selection process:
 - A. Prescheduled Vacation Picks. Vacation picks shall be conducted by seniority. Any vacation used prior to April 1st shall not be considered a pick. Vacation picks shall begin January 15th and shall be completed and posted by March 15th of each year. Vacation scheduling is limited to a minimum of one (1) hours and a maximum of one hundred sixty eight (168) hours and must run consecutively or be combined consecutively with compensatory days. Once informed of his right to “pick” the employee will have until the shift’s following workday to provide his pick to the shift commander. If no pick is provided within that time frame it will be considered a pass, and the process will continue.
 - B. Non-Prescheduled Vacation. Any vacation remaining after Vacation picks will be considered unused/unscheduled vacation that may be carried over or banked, pursuant to Sections 5 and 6 or taken throughout the year. Unscheduled vacation may be used in a minimum of one (1) hours and a maximum of one hundred sixty eight (168) hours.
 - C. Vacation Scheduling Blocks. There shall be two (2) twenty-four (24) hour blocks of vacation available for each twenty-four (24) hour shift. These blocks of vacation will be made available for the scheduling of vacation picks or unscheduled vacation. The third block of vacation will only be available at the start of each shift and can only be used if it will not create a call-in. Shift commanders shall maintain a vacation calendar showing all scheduled vacations.

- D. On Duty Training Block Outs. For the purpose of on-duty training, the Chief of Fire can block-out unscheduled blocks of vacation time. This block-out can only account for three (3) twenty-four (24) periods in a four (4) month period for each A, B and C shift. Block-outs may be used either singularly or consecutively.

Section 5. Vacation Carryover. All twenty-four (24) hour shift employees may carryover a maximum of one hundred twenty (120) hours of vacation from one (1) year to the next so long as the five hundred and fifty-two (552) hour restriction, as set forth in Section 4.2 is not exceeded. All eight (8) hour shift employees may carryover a maximum of forty (40) hours of vacation from one (1) year to the next so long as the two hundred eighty eight (288) hour restriction, as set forth in Section 4.2 is not exceeded.

Section 6. Vacation Bank. All employees with (10) Ten or more years' service may "bank" any amount of unused vacation leave, up to a maximum accumulation of nine hundred and twelve (912) hours. Eight (8) hour employees banking vacation hours shall convert the banked hours by multiplying the unused hours by a factor of their twenty-four (24) hour entitlement divided by their eight (8) hour entitlement. Example:

24-Hour Entitlement

Unused Vacation Hours x 8 Hour Entitlement = Banked Vacation

Eight (8) hour employees using banked vacation hours shall convert the banked hours by multiplying the banked hours by a factor of their eight (8) hour entitlement divided by their twenty-four (24) hour entitlement. Example:

8-hour entitlement

Banked Vacation Hours x 24 Hour Entitlement = Banked Vacation Used

**ARTICLE 31
SICK LEAVE**

Section 1. Preemption. This Article is intended to modify Ohio Revised Code §§ 124.38 and 124.39. No members of the bargaining unit as of January 1, 2011 shall have previously credited transferred sick leave excluded as a result of this section.

Section 2. Accrual. Employees assigned to twenty-four (24) hour shifts shall earn sick leave at the rate of eight and three tenths (8.3) hours for every eighty (80) hours worked or compensated. All other employees shall earn sick leave at the rate of four and six tenths (4.6) hours for every eighty (80) hours worked or compensated. Sick leave shall accumulate without limit.

Section 3. Definition/Usage. Upon the approval of the Employer, sick leave may be used by an employee for only the following reasons:

1. illness, injury or pregnancy-related condition of the employee;
2. exposure of the employee to a contagious disease which could be communicated to and jeopardize the health of other employees;
3. illness, injury or pregnancy-related condition of a member of the employee's immediate family where the employee's presence is reasonably necessary for the health and welfare of the employee or affected family member.

Section 4. Reporting Procedure/Documentation. An employee who is absent on sick leave shall report such absence to the employee's supervisor. Such report shall occur as soon as possible but in no event later than sixty (60) minutes before the start of the employee's shift. The employee shall state the employee's name, and reason for absence. Before an absence may be charged against accumulated sick leave, the Fire Chief may require satisfactory proof of illness, injury or death. In any event, an employee absent for two (2) or more consecutive scheduled workdays must supply a statement from a licensed medical practitioner to be eligible for paid sick leave. The statement must indicate that the employee or member of the employee's immediate family was examined, the date and time of such exam, and that the employee's presence was necessary at the exam or that the employee can return to work and perform the essential functions of his position with or without a reasonable accommodation. An employee that is off on sick time shall not be eligible for any overtime until employee returns to his normal assigned shift.

Section 5. Abuse, Patterned Absence, and Discipline. Any abuse of sick leave or the patterned use of such leave shall be sufficient cause for discipline. Pattern abuse consists of, but is not limited to, absence while on sick leave as evidenced by a frequency or pattern contiguous with or related to holidays, weekends, reduced hour days, vacation days and/or consistent regular usage, or a method of usage of available sick leave. An example of abuse/patterned use is an absence due to personal illness or injury for more than three (3) consecutive work days or more than four (4) days in a four (4) week period.

The Director of Public Safety may require the employee to be examined by a physician designated, scheduled, and paid for by the Employer, or; require a report from the employee's personal physician to be eligible for paid sick leave. If, upon direction of the Director of Public Safety the employee fails to submit written proof of illness, injury or death; or, the employee fails to submit to a medical examination at the cost of the Employer; or, documentation or proof as is submitted as attained through examination is insufficient to justify the employee's absence; such leave may be considered an unauthorized leave and discipline imposed. Falsification of either a written signed statement or a physician certificate shall be grounds for disciplinary action.

Section 6. Employer Required Examination. The Director of Public Safety may require an employee who he has a reasonable basis for believing is no longer mentally or physically capable of performing the essential functions of his position, poses a threat to himself or others, or has been absent due to personal illness or injury for more than two

(2) consecutive work days or more than five (5) days in an eight (8) week period, prior to and as a condition of the employee's return to duty, to be examined by a physician designated and paid for by the Employer. Such examination shall be to establish that the employee is able to perform the normal duties of the employee's job and that the employee's return to duty will not jeopardize the employee's health and safety or the health and safety of other employees.

Upon receipt of the medical professional's opinion on fitness for duty, the Employer, the union, and the employee will meet to discuss possible alternatives and/or accommodations. If no alternative or accommodation is mutually agreeable, then the employee will be placed upon sick leave, FMLA, disability leave or disability separation.

Section 7. Immediate Family Defined. When the use of sick leave is due to illness or injury in the immediate family, "immediate family" shall be defined as the employee's spouse, children, stepchildren, grandchildren, parents, grandparents or foster children.

Section 8. Sick Leave Incentive.

1. **Fire Suppression.** Employees who have a minimum of two hundred fifty-eight (258) hours of accumulated sick leave as of the last pay in November, may at the Employee's option, sell back to the City twenty-four (24) or (48) hours of sick time at his regular hourly rate for every six (6) month period in a year that the employee did not use any sick time. The Finance Director shall deduct the amount of sick leave sold back from the account of the employee. The Finance Director may require the employee to fill out such form or request to facilitate proper payment and deduction as required by the Finance Department.
2. **Non-Suppression.** Employees who have a minimum of fifteen (15) days of accumulated sick leave as of the last pay in November, may at the Employee's option, sell back to the City eight hours of sick leave at his regular hourly rate for every six (6) month period in a year that the employee did not use any sick leave.
3. **Disbursement.** Pay out shall occur in the first pay period in December of the calendar year as a separate check. The Finance Director shall deduct the amount of sick leave sold back from the account of the employee. The Finance Director may require the employee to complete such form or request to facilitate proper payment and deduction as required by the finance department.

Section 9. Sick Leave Transfer. Sick leave benefits earned with another public agency, entity, or political subdivision shall not be transferable to the City of Barberton.

**ARTICLE 32

Section 1. Injury Benefit. Employees who are injured or incapacitated in the scope and performance of their duties or work, and are entitled to workers' compensation insurance, shall be entitled to the employee's regular rate of compensation without reduction in sick leave status, if and only if said injury or incapacitation is reported to the Employer prior to the completion of the employee's shift or at the first available opportunity. Said injury shall be readily ascertainable and of such a nature to prevent the employee from engaging in the duties in their employment. Suppression employees shall receive benefits as stated above for a period of 1248 hours for a five (5) year period from the initial date of medical treatment for the injury. Non-Suppression employees shall receive benefits as stated above for a period of 1040 hours for a five (5) year period from the initial date of medical treatment for the injury. Any employee transferring between suppression and non-suppression shall have this benefit adjusted and prorated up or down based on a factor of 1.2. The Employer reserves the right to subrogate against the employee for any payment made by a third party or uninsured/underinsured coverage. Such amount shall not be reduced by attorney fees or partial settlement. Said period shall begin on the date the claim is filed. Said employee shall provide medical certification of the disablement before entitlement. The Finance Director shall be charged with the compliance of the provisions of this regulation.

Section 2. Benefit Period. Upon the exhaustion of the period 1248 hours or 1040 hours or five (5) year period, whichever is sooner, as stated in Section 1 of this Article, the employee shall have the option to use accrued sick leave, or of relying solely upon workers' compensation weekly benefits. Should the employee retire under the disability provisions of the PFPDF, such sick days shall be reinstated for the purposes of severance as provided in this Agreement. Should the employee rely solely upon workers' compensation weekly benefits, or upon the exhaustion of any accrued sick leave, the employee's continuous service and seniority shall continue. In the case where an employee receives workers' compensation and sick leave pay, the weekly wage paid by workers' compensation shall be paid back by the employee to the Employer.

Section 3. Workers Compensation. On-duty injuries shall be handled in accordance with the present rules and regulations set up under the Ohio Workers' Compensation Law and provisions of the PFPDF. All employees who are injured or who are involved in an accident during the course of their employment shall file an accident report on a form furnished by the Employer. No matter how slight the incident, all such injuries should be reported to the employee's immediate supervisor and any necessary medical attention

shall be arranged by the Employer. The Employer shall provide assistance to employees in filling out all necessary forms when requested with copies of accident and physician reports attached.

Section 4. Workers Compensation Representation. If an employee claimant, or the employee's designated employee representative, is scheduled to work on a date when (1) a workers' compensation hearing or appeal is scheduled to be heard or (2) the employee's presence is required before the Bureau of Workers' Compensation or Industrial Commission for the filing or processing of any claim needed to satisfy a time limit as prescribed by law and the employee is unable to change either the date of such hearing or the time limit, the employee or the employee's representative shall be released from duty to perform same without loss of pay, provided the employee has made reasonable effort to reschedule such action off duty. This provision shall not include any appeal filed by the employee or the employee's representative in a court of law beyond the Ohio Industrial Commission.

ARTICLE 34 UNION LEAVE/REPRESENTATION

Section 1. Union Duties. The Employer agrees that the elected officers of the Union and/or duly appointed representatives and committee members, shall be granted time off from duty hours, when necessary and without loss of pay, for the purpose of fulfilling their Union representation duties, which shall be defined as necessary meetings with the Employer for matters which may require discussion and consultation by both parties. Such matters shall include negotiations, workers' compensation, pension, work rules, discussion with the Employer to attempt to resolve possible grievances and any other meetings which are mutually set by the Employer and the Union. However, under no conditions shall more than two (2) Union representatives be excused from their regular shift at any one time and/or be paid for attending meetings in accordance with the above.

Accredited IAFF or OAPFF representative(s) may have access to the class room at reasonable times during working hours to consult with Union representatives, provided prior notification is given to the Chief of Fire, who upon such notification shall so advise the Union representatives' immediate supervisor. A list of accredited representatives will be furnished to the Chief of Fire each year or as changes take place.

Section 3. Elections. Whenever a polling of Union members is necessary, the Union shall be permitted use of available areas within all fire stations as necessary and materials to conduct same.

Section 4. Union Leave. international held office or position. Union leave may be used for other purposes not defined above, provided such use does not create an overtime call-in. Union officers needing such leave shall notify the Chief of Fire at least five (5) calendar days in advance of the date requested, and will submit a written request for same. The Chief of Fire may waive the five (5) day notice. The granting of such leave shall be subject to the operational needs of the Department. Unused Union leave balances shall be carried over from calendar year to calendar year.

For one IAFF and one OAPFF convention each year, a maximum of two (2) members will be entitled to take leave under this section, without regard to staffing levels. Such leave taken under this paragraph shall count towards the maximum leave which can be taken as provided in the preceding paragraph.

Section 5. Bulletin Board. The Employer shall furnish a locking bulletin board in an available area of all fire stations for use by the Union and the Employer, which may be used for the following notices: recreational and social affairs of the Union; Union meeting notices; Union nominations and elections; reports of the Union committees and/or officers; rulings of policies of the international union, or local union; rulings or mandatory notices of the State Employment Relations Board or other related state or federal entity; and, communications between the Employer and the Union, IAFF and/or OAPFF. If the Employer finds this article being violated, the Employer shall request the Union to immediately remove such notices. If violations of this article continue, the Employer reserves the right to cancel the provisions of this section.

Section 6 Union Logo. The logo of the IAFF shall be displayed on all department vehicles operated by Bargaining Unit personnel. Current twelve (12) inch decals shall remain in place. Upon agreement between the Union and the City that the twelve (12) inch decals must be removed due to their poor condition, they shall be replaced with decals of the four (4) inch size, to be placed in the lower left hand (driver side) corner of the front windshield.

Additional time may be granted subject to prior approval by the Director of Public Safety. If such leave is granted, the Employer shall only be obligated to pay the difference between the employee's military pay and the employee's regular pay.

Section 3. Active Duty. An employee who is a member of any United States Military Reserve or National Guard unit and is called to active duty shall receive the difference between the employee's regular wages and the compensation from the military unit for up to seventeen (17) twenty-four hour days or four hundred eight (408) hours per year. The City shall continue medical benefits for any of the employee's dependents for six (6) months if the employee is called to active duty.

**ARTICLE 37
BEREAVEMENT LEAVE**

Section 1. Bereavement Leave. An employee may be off work with pay up to a maximum of two (2) workdays for the death of the employee's mother-in-law, father-in-law, grandparents, spousal grandparents, step-parent, grandchildren, brother, or sister. For the death of a spouse, parent, child, stepchild, or foster child who lives in the home, the maximum shall be four (4) workdays of leave. The maximum leave to be taken for the death of a brother-in-law, sister-in-law, aunt, uncle, or first cousin shall be one (1) workday. Bereavement leave shall be used without reduction in sick leave.

In order to receive payment for bereavement leave, the employee must have been scheduled for work on the date or dates for which the employee requests payment. The Director of Public Safety may authorize additional sick leave for an out-of-state funeral or time-off without pay for the employee to attend the funeral of a close friend or relative not defined above.

ARTICLE 38
SEVERANCE AND RETIREMENT BENEFITS

Section 1. City Severance. All Bargaining Unit members shall be granted severance pay upon retirement. "Retirement," as used in this section, is defined as a break in service with the Employer; the employee has met the criteria of the PFPDF for retirement; and, the employee is eligible to receive retirement benefits at the time of the break in service. The amount of allowable days of severance pay shall be computed as follows: seventeen and three tenths (17.30) hours pay per completed year of service with the City of Barberton shall be granted, plus the employee's accumulated sick leave maximum at the time of retirement. In no event shall more than nine hundred (900) hours of accumulated sick leave be allowed in computed severance pay of an employee. The total of these two (2) figures shall represent the total amount of hours that an employee is entitled to for the purpose of computing severance pay. The maximum number of hours that may be granted to an employee as severance pay shall not exceed fourteen hundred and six (1406) hours.

The total dollar amount of severance pay shall be computed by using the following equation:

Firefighters

$$\begin{array}{r} \text{Severance Hours} \\ + \text{ Sick Leave Hours*} \\ \hline \text{Total Hours Payable} \\ \times \text{ Step 9 Firefighter Hourly Rate (2496)} \\ \hline \text{Total Severance Payable} \end{array}$$

Lieutenants and Captains

$$\begin{array}{r} \text{Severance Hours} \\ + \text{ Sick Leave Hours*} \\ \hline \text{Total Hours Payable} \\ \times \text{ Step 9 Hourly Rate (2496)} \\ \hline \text{Total Severance Payable} \end{array}$$

Additionally, The City shall pay three dollars per hour (\$3.00) for all remaining accumulated sick time not used in the severance calculation.

Section 2. Severance at Death. In case of the death of an employee, which death occurs

during that employee's tenure, the employee's spouse, or if no spouse the employee's estate, shall receive an amount of money equal to that amount which the employee would have received had the employee retired on the date of said employee's death and had the employee retired under the PFPDF. Said amount of money shall be computed in the same manner as severance pay is computed for an employee retiring under a recognized retirement system. All limitations that would apply to an employee eligible for severance pay will be applicable in determining the amount to be paid to the employee's surviving spouse or to the employee's estate should there be no surviving spouse.

Section 3. One Time Benefit. Severance pay shall be allowed to the same employee only once. Should an employee retire and receive severance pay, and then be reemployed by the Employer, that employee shall not again be eligible for another severance pay when that employee retires. Further, the re-employed employee's spouse or estate shall not be entitled to any amount of money as provided in this article should that employee die while employed by the Employer. Severance pay shall not be granted to an employee that is fired or that voluntarily terminates employment with the Employer.
