1. RECOGNITION

1.1 Bargaining Unit

The Euclid City School District Board of Education ("Board") shall continue to recognize the Euclid Teachers Association ("ETA"), affiliated with the Ohio Education Association (OEA) and the National Education Association (NEA), as the exclusive representative for a bargaining unit composed of all regularly employed full-time and regularly employed part-time certificated/licensed who work not less than fifteen (15) hours per week for the adopted school calendar (including occupational therapists and social workers) (hereinafter referred to as "bargaining unit members" or "teachers"); provided, however, that all supervisors and management level employees as defined in Section 4117.01 of the Ohio Revised Code, paraprofessionals, casual day-to-day/hour-to-hour tutors (see separate "Tutor" Section 17.1) and casual day-to-day substitutes shall be excluded from the bargaining unit.

The bargaining unit shall also include building substitutes who are defined as certificated/licensed personnel employed and paid on a daily rate basis to take the place of members of the bargaining unit absent due to personal illness, personal leave, fulfillment of other professional responsibilities, or other short-term absences.

If or when a bargaining unit position no longer requires a certificate or license, all current employees shall be grandfathered. The parties shall negotiate for the terms and conditions of employment for future non-certificated employees in professional positions, e.g., nurses and librarians.

1.2 Duration of Recognition

The Board's recognition of the ETA as provided in Section 1.1 of this Article shall continue unless and until such recognition is validly withdrawn consistent with Chapter 4117 of the Ohio Revised Code.

1.3 Subjects of Negotiations

Representatives of the Board and the ETA shall bargain in good faith on wages, fringe benefits, hours, and other terms and conditions of employment and the continuation, modification, or deletion of an existing provision of this Agreement.

1.4 Requests for Negotiations

- 1.4.1** If either of the parties desires to open negotiations for a successor agreement, it shall notify the other party in writing not earlier than the first (1st) day of February and not later than the first (1st) day of March of the year in which this Agreement expires, or between the one-hundred twentieth (120th) and ninetieth (90th) day before the expiration date of this Agreement, whichever comes sooner. Written notice from the ETA shall be served on the Superintendent; written notice from the Board shall be addressed to the President of the ETA. The party giving notice shall also serve a copy of the written notice, together with a copy of the Agreement, on the State Employment Relations Board (SERB).
- 1.4.2** Within thirty (30) days after receipt of such notice, but not later than the first (1st) day of May of the year in which this Agreement expires, or sixty (60) days before the Contract expiration date, whichever comes sooner, an initial negotiations meeting will be held. At this first meeting, the party that served notice under subsection 1.4.1 of this Section shall submit in writing all its bargaining proposals for a successor agreement. At that time, the other party shall submit in writing all of its bargaining proposals for a successor agreement. Thereafter, neither party shall be entitled to submit additional items for bargaining except with consent of the other party.
- 1.4.3** The next bargaining session shall be held no later than fifteen (15) days after the initial meeting at which proposals are exchanged or a different date by mutual consent.

1.5 Meetings

Meetings shall be scheduled at reasonable intervals and mutually convenient places and times. Unless otherwise mutually agreed, negotiating sessions will be scheduled so as not to interfere with the regular work schedule of any member of the bargaining unit. All bargaining meetings between the Board and the Association are private. If any cost is incurred, it shall be shared equally by both parties.

1.6 Representation

The Board and ETA shall each be represented by a negotiation team not to exceed six (6) in number and may have up to two (2) observers.

1.7 Information

Each party agrees to furnish, upon request, information relevant to bargaining in reasonable time and fashion.

1.8 Agreement

1.8.1 Tentative agreements on negotiated items shall be reduced to writing and initialed by a representative of each party.

1.8.2 The final agreement reached through negotiations shall, without delay, be reduced to writing and submitted to the bargaining unit represented by ETA and the Board for ratification within fourteen (14) calendar days from the date of final tentative agreement on all items. If the tentative agreement is not rejected by either the bargaining unit or the Board within fourteen (14) calendar days from the date of final tentative agreement, the agreement shall be deemed ratified. When ratified, the Agreement shall be properly signed, dated, and implemented. When the Agreement is printed, the Superintendent will forward a copy of the Agreement to SERB.

1.9 Disagreement

If agreement is not reached within forty (40) days after the first negotiating session held pursuant to Section 1.4, subsection 1.4.2 hereof, or forty-five (45) days before the Agreement expires, whichever comes sooner, either party may declare a bargaining impasse whereupon the parties shall jointly request the services of a mediator from the Federal Mediation and Conciliation Service. This section shall not be construed as prohibiting the parties, by mutual agreement, from selecting some alternative impasse procedure; unless otherwise mutually agreed, mediation shall constitute the parties' final and exclusive dispute settlement procedure, as more fully explained in Section 1.10 of this Article. The mediation period shall continue until agreement is reached on all issues. While impasse proceedings are in progress or until the expiration date of this Agreement, whichever comes later, the rights and benefits covered by this Agreement will remain in effect.

The time lines and ratification procedures in 1.8.2 shall be used for any agreement or any written neutral recommendation resulting from the Mutually Agreed Dispute resolution (MAD) procedures used in this section.

1.10 Exclusivity of Procedure

The negotiating procedure set forth in this Article supersedes and takes precedence over any inconsistent time limits or procedure set forth in Section 4117.14 of the Ohio Revised Code, which statutory time limits and procedure are hereby mutually waived. Mediation, as described in Section 1.9 of this Article, constitutes the parties' mutually agreed upon, final, and exclusive dispute settlement procedure and shall operate in lieu of any and all of the settlement procedures set forth in Section 4117.14 of the Ohio Revised Code. This Article does not diminish or preclude the legal right to strike provided that the procedures herein have been followed, the collective bargaining agreement has expired, and the Association has given the Board a ten (10) day prior written notice of an intent to strike, with a copy to SERB.

1.11 Term

If this Agreement expires, the parties will continue bargaining for a successor agreement unless recognition of the ETA by the Board has validly been withdrawn pursuant to Section 1.2 of this Article.

1.12 Final Form

As soon as practicable, a committee composed of an ETA representative and the Superintendent's designee will proofread and submit the document for publication but not later than forty-five (45) days after ratification, the new Agreement shall be available in an agreed upon format by ETA and the Board, with a table of contents including all appendices, and distributed to all members of the bargaining unit. Any additional cost of producing the contract shall be shared equally by the Board and the ETA.

1.13 "In-Term" Bargaining

Whenever the parties engage in "in-term" bargaining—either by mutual agreement or by Association demand in accordance with its rights under O.R.C. 4117, the bargaining procedures contained in Article 1 shall be controlling except as follows:

1.13.1 Requests by ETA shall be submitted to the Superintendent within thirty (30) days of notice to ETA that there is a proper subject for "in-term" bargaining.

1.13.2 Disagreement procedures may be initiated by either party within thirty (30) days after first bargaining session.

1.13.3 Unilateral action by the Board/Administration on a mandatory subject of bargaining shall give ETA the right to strike after a two (2) week notice to the Board and ten (10) day notice to SERB.

2. PROFESSIONAL OBLIGATIONS

2.1 Teacher's Year

- 2.1.1** The teachers' year shall consist of 184 days of regularly scheduled service as prescribed in the official calendar adopted by the Board of Education.
- 2.1.2** In developing a school calendar for recommendation to the Board, the first contact day with students shall not occur before August 15 and the last day for teachers shall be no later than May 31, unless required by extraordinary circumstances. (Extraordinary circumstances in this section shall be defined as beyond what is usual, ordinary, regular, or established, e.g., calamity days or construction.) The Superintendent will seek input from officers of the ETA and discuss alternatives with them. The administration will provide a draft of the calendar recommendation to the Association five (5) weeks or more in advance of the Board meeting where the calendar will be adopted. This input is not a mandate, but the Board's recognition of the Association's concern. The calendar for the succeeding year must be adopted prior to the close of the current school year.
- 2.1.3** In addition to the regular school year and extended time, three (3) additional pre-school workshop days shall be provided. Bargaining unit members in attendance shall be paid at the rate of .0050 times the base salary applicable to the immediately succeeding regular school year per day. Two (2) workshop days scheduled by the administration to be used for administrative meetings and/or inservice. One (1) day shall be teacher directed. At least two weeks prior to the opening of school, teachers may come into the building to ready their rooms on a voluntary basis. All buildings shall remain open until 11:00 p.m. for the day before the start of school for students.
- 2.1.4** Teachers newly employed by the district shall be required to attend a mandatory three-day workshop program, prior to the start of the regular teacher work year and shall be paid a stipend of .0039 times the base salary applicable to the immediately succeeding regular school year per day for such attendance.

The workshop program on day one (i.e., New Teacher Camp) shall be developed by the Euclid Professional Development Committee, whose members shall be eligible for professional development credit for their development, attendance, and active participation in the workshop day

program. Days two and three of the workshop program shall be developed by the administration, in consultation with the Euclid Professional Development Committee. New hires during the school year may attend, if necessary as determined by the administration, the following school year's workshop program for new hires.

ETA shall be granted a one (1) hour lunch on the first day of the new teacher workshop to meet with new teachers separately.

The new teacher workshop shall begin two (2) days prior to the special education professional development days in Article 12.2.2. For clarity purposes, the schedule of new teacher workshop, special education and teacher workshop will follow the chart below.

2.1.5 In-Service

School will not be in session on NEOEA Day, which is a non-paid regional in-service day sponsored by the Ohio Education Association. Attendance is voluntary.

2.2 Teacher's Day

General

The regular full-time teacher's schedule day shall be no longer than seven (7) hours and thirty (30) minutes. The regularly scheduled day will begin no sooner than fifteen (15) minutes before the arrival time of students in the elementary schools and fifteen (15) minutes before the start of homeroom and/or start of the first assignment in the high school. (At a minimum, attendance at the high school will be taken during the first scheduled period

of each school day.) At the middle school, all teachers will arrive forty (40) minutes before homeroom, the first thirty (30) minutes of which will be used for team preparation. If the team preparation period is not feasible, the middle school teacher's schedule will revert to the same guidelines as at the high school. The regularly scheduled day shall end five (5) minutes after student dismissal.

Teachers may leave the building at any time they do not have direct responsibility for students. If a teacher leaves the building during his/her preparation period, he will sign out and sign in on a form provided in the principals' office unless it is at the end of the day. The teacher is held responsible to return to his/her next assignment within the daily schedule, and to be present to greet and dismiss his/her respective classes at the beginning and end of each day, unless prior permission is obtained from the principal.

Teachers who are assigned to title program assignments or non-public school remedial assistance program assignments are assured all rights and privileges under this contract as bargaining unit employees of the Euclid City Schools. Where the peculiarities of the programs require a different annual calendar or daily report times, the number of paid days and hours shall be equal to a regular assignment and the number of days and hours actually worked may not exceed the regular assignment hours. All other benefits and conditions shall be identical to the Contract.

2.2.1 Pre-School Instructional Day at the Early Learning Center

2.2.1.1 Teachers shall arrive to school at 8:30 a.m., Monday through Friday. Teachers' dismissal shall be at 3:45 p.m., Monday through Thursday. Friday shall be a non-student contact day. The work day on Friday is 8:30 a.m. - 3:45 p.m., but teachers may leave at 2:15 pm on Friday. Administration may schedule professional development and/or a staff meeting for two hours and five minutes each Friday. Teachers may use the remainder of this day for a sixty (60)-minute lunch and for preparation.

For reasons involving operational necessity (i.e. busing) the District may adjust the ELC teacher arrival time and its commensurate dismissal time no more than ten (10) minutes earlier or later than the above times for the following school year.

Teachers shall have a sixty (60) minute lunch period each day, Monday through Friday.

2.2.1.2 An additional professional development day will be incorporated into the regular school calendar at the start of the school year for professional development and training required to maintain state licensure and/or Step Up to Quality mandates (i.e., one regular contract day will be scheduled as a professional development day). To the extent possible, all other coursework, professional development, and testing required to maintain state licensure and/or Step Up to Quality mandates shall be provided within the teacher work day.

2.2.1.3 For ELC Head Start teachers, if he/she conducts home visits consistent with Head Start federal guidelines he/she shall be excused from night conferences.

2.2.1.4 Should a new student schedule at the ELC become necessary, this Article 2.2.1 will be reviewed by the Parties and modified accordingly via a Memorandum of Understanding.

2.2.2 PROFESSIONAL COLLABORATION SCHEDULE

2.2.2.1 Elementary

- Teachers in each grade level shall collaborate one morning per week for one hour.
- On the day of collaboration, the teachers shall begin their day thirty (30) minutes prior to students' arrival.
- The day after the teacher's scheduled collaboration, he/she shall arrive ten (10) minutes after the contractual arrival time.
- Teachers shall receive fifteen (15) minutes of Professional Development for each collaboration meeting that it attended.

2.2.2.2 Middle School

- Teachers shall have Team meetings on Monday and Wednesday from 7:45 a.m. – 8:10 a.m.
- On the first and third Fridays of the month teachers shall have Team meetings/Special Ed meetings from 7:45 a.m. – 8:10 a.m.
- On Tuesdays, teachers shall have TBT/Department time from 7:30 a.m. – 8:10 a.m.
- On the second and fourth Friday of each month, teachers shall have TBT/Department time from 7:45 a.m. – 8:10 a.m. In any month in which there is a fifth Friday, the building administrator shall determine the meeting agenda.

- On Thursdays, teachers shall report to work at 8:05 a.m. (This is twenty [20] minutes after the contractual arrival time.)

2.2.2.3 High School

Teachers will have one hour of Professional Collaboration each Monday from 2:20 p.m. to 3:20 p.m.

Staff meetings at the High School also will be held on Mondays. One Monday per month, the teacher day will be extended to 3:45 p.m. to accommodate having collaboration and a staff meeting. If the administration seeks additional staff meetings during a month, the Monday teacher day will end at 3:20, and the student day may be adjusted to accommodate having collaboration and a staff meeting.

Bell Schedule: 1 through 7 are regular class periods.

1st Period	7:30-8:23 (53 minutes)
2nd period	8:28-9:25 (57 minutes, 4 minutes of which are morning announcements)
3rd period	9:30-10:23 (53 minutes)
4th period	10:28-11:21 (53 minutes)
5th period	11:26-12:19 (53 minutes)
6th period	12:24-1:17 (53 minutes)
7th period	1:22-2:15 (53 minutes)

2.2.3 Within the scheduled day:

2.2.3.1 Teachers are expected to remain in the building at least five (5) minutes after student dismissal and/or until such time as all of their pre-arranged student and/or parent conferences, faculty meetings, committee meetings, and all other on-site student-related duties of that particular day are fulfilled. No teacher may be assigned additional routine duties which require the teacher to remain in the building after student dismissal. Teachers shall have access to student attendance by period through the District's electronic reporting system.

2.2.3.2 Each secondary teacher employed by the Board of Education shall be guaranteed no less than a forty-five (45) minute non-interrupted duty free lunch period each school day, and each elementary

teacher shall be guaranteed no less than a one hour (60 minute) non-interrupted duty free lunch period each school day. No certified elementary teacher will be assigned a lunch duty during any system-wide elementary lunch period.

2.2.3.3 Secondary Assignment

No secondary teacher, including specialists, will be assigned more than the equivalent of thirty (30) periods per week within the school's master schedule exclusive of homeroom periods, of which only twenty-five (25) periods will require instructional duties, except where in the judgment of the administration the scheduling necessities or peculiarities of particular courses such as (but not limited to) physical education, industrial arts, home economics, etc., require additional instructional period assignments.

2.2.3.3.1 No secondary teacher may be assigned more than three (3) preparations unless a greater load is voluntarily accepted. Courses will be considered to have a single preparation if the subject matter taught is essentially the same for each course. For example, course 9A and 9B assigned in a year shall be considered one preparation in the same year. If a teacher is assigned course 9A and 9B in a semester, this shall be considered two preparations.

2.2.3.3.2 No high school bargaining unit member may be scheduled for more than the equivalent of three (3) instructional periods in a row without either his/her continuous duty free lunch or a full preparation period break-except by the mutual agreement of the affected member. Preparation time shall be the equivalent of one classroom period. An exception may occur during special schedules (i.e., exam week, shortened days) (This provision is based on a seven (7) period student day.) Three (3) periods shall comprise a half day.

The scheduling process in all secondary (6-12) buildings will be opened up for all teachers to have input. All secondary teachers will have an opportunity to discuss within their departments the assignment of courses for the next academic year. The assignment of courses developed in these department meetings will be followed by the building principals where feasible. In reviewing department recommendations, the administration will make a

reasonable attempt to see that the schedule of each teacher includes a variety of course levels, e.g., 2, 4, 6. When Department Chairs apportion duties they shall take seniority into consideration.

2.2.3.3.3 Teachers may be assigned "academic help" assignments instead of other duty period assignments. Said assignments may not involve required pre-duty preparation or post-duty follow-up work, e.g., paper grading.

2.2.3.3.4 The selection of duty period assignments will be rotated among volunteers or, if none, among non-volunteers. Teachers who receive a preparation period instead of a duty period as all or part of their compensation for the completion of extra-duty assignments, e.g., some department chairpersons, may be exempted from this provision based on a legitimate need for the extra preparation time.

2.2.3.4 Progress Reporting

Teachers are expected to place a minimum of two entries in the electronic gradebook by interims and two additional entries by the end of the quarters. A final quarter entry must be entered into the electronic gradebook by the end of each quarter for access by students/parents/guardians. In addition, teachers are encouraged to update electronic gradebooks on a regular basis.

The requirement for interim progress reports will be satisfied through the use of the electronic gradebook. However, if a student is failing, or has dropped two or more letter grades from one quarter to the next, and the student was present in class at least 80 percent of the quarter, parents of such students shall be contacted directly by the teacher and provided with the student's grade. This shall be required the first quarter the student is failing or has dropped two or more letter grades, but not thereafter during the school year. For purposes of this paragraph, parent contact is satisfied by actual contact or a reasonable attempt to make contact (e.g., email, voicemail).

2.2.3.5 Elementary Assignment

Elementary teachers (K-5) shall have no more than 1575 minutes per week of pupil contact time which may include up to 1405

minutes of pupil instruction for Grades K-3 and 1385 minutes of pupil instruction for Grades 4-5. Time that pupils spend with specialists is considered preparation time and does not count in the above total. Each elementary bargaining unit member shall have at least two hundred (200) minutes per week of preparation time.

In the elementary level, the fifteen (15) minute block of scheduled student supervision time immediately prior to morning start of student instructional time, the ten (10) minute block of scheduled student supervision time immediately prior to the afternoon start of student instructional time, and the last five (5) minute block of scheduled student supervision time immediately prior to student dismissal are scheduled student supervision time.

Neither the time before the first scheduled block of time in the morning, nor the time after student dismissal, shall be counted as preparation time nor any time used for student supervision.

2.2.3.6 Middle School

2.2.3.6.1 Middle school teachers who teach subject specific secondary classes in Grades 6-8 shall be subject to the provisions of Section 2.2.2.4 – Secondary.

2.2.3.6.2 Should the middle school schedule switch from teaming, the administration and ETA will consult about 6th grade format and bargain the effects, if any.

2.2.3.6.3 While Grade 8 resides at Euclid High School, Grade 8's scheduling format shall be consistent with the other high school grades. The District will maintain teaming for Grade 8 to the extent possible.

2.2.3.7 Special Teachers/Encore Teachers

Special teachers including secondary media specialists will be insured all rights and privileges of other teachers.

Elementary Special teachers shall have uninterrupted preparation time scheduled each day in the same fashion as is provided to

elementary classroom teachers in the grade level building where the special teacher spends more than half of her/his assignment.

A specialist will not be required to teach more than the equivalent of four (4) instructional periods in a row without a ten (10) minute break except by the mutual agreement between the affected member and the administrator.

Scheduling for special teachers must take into consideration location and intra-building travel time for those teaching from a cart.

Encore teachers may meet each spring with the building principal to discuss the most effective rotation of specials.

2.3 School Nurse

2.3.1 A School nurse employed by the Board of Education shall be guaranteed no less than a forty-five (45) minutes non-interrupted duty free lunch period each school day.

2.3.2 The School nurse shall be provided no less than a forty-five (45) minute period of time per day in which to complete documentation, charting and other clerical work. The school nurse will assist in emergency medical situations regardless of such period or their lunch period.

2.4 Additional Responsibilities

2.4.1 This includes a proportionate share of building responsibilities identified in Sections 2.4, Open House, and 2.5, Parent-Teacher Conferences. Teacher coverage shall be at the ratio of one (1) teacher to not more than twenty (20) students. Commencement will occur prior to the completion of the final exam schedule at the high school. At the middle schools commencement/promotion ceremony attendance by faculty members will not be required. Administration shall publish a commencement attendance schedule each year prior to September 30. The teachers will be on a rotation list and will participate every fourth year.

Each bargaining unit member is expected to attend up to two (2) after school/evening/weekend school or school-related activities per year on a voluntary basis, e.g., attending athletic or other student events where no duty, student supervision, or other school expectation is involved.

When activities involve supplemental duties such as ticket taking or student supervision, they shall be offered to teachers on a voluntary rotating basis. Volunteers shall be compensated at the rate of .00042 ratio of the BA base per hour. The Board may combine five (5) to ten (10) activities into a single supplemental contract using an average of three (3) hours per event. Such contracts shall be offered on a seniority preference basis to the teachers within the appropriate building. The yellow card will be provided to the teacher on the day of assignment.

Volunteers may be used to supplement, but not supplant bargaining unit members performing supplemental contract duties that should be compensated.

- 2.4.2** Each member is expected to attend necessary staff, departmental, committee, and other professional meetings called by the Superintendent, principal, or department chairperson. Administrators and supervisors will terminate building meetings within one hour of the commencement of the meeting, which shall commence promptly [no more than five (5) minutes following] after student dismissal. Meetings called by the administration shall end within one hour of the dismissal of the students from the building where the meeting is held—however, no teacher may be expected to stay beyond one hour after the dismissal of students from his/her building. Notice of time and place and agendas for all such meetings shall be presented to the participants at least one school day in advance of the meetings, except in emergency situations. No meetings will be scheduled on Tuesday. If no ETA meeting is scheduled, upon permission of ETA, an administrator may schedule a meeting on the third or fourth Tuesday of the month.
- 2.4.3** Voluntary participation in curriculum studies, in-service courses and/or workshops constitutes consent to an extension of the normal meeting termination time.
- 2.4.4** If a substitute is not available or not feasible due to the emergency of the absence, a bargaining unit member may be required to forego his/her preparation period by substituting for or assisting another teacher during such preparation. The teacher substituting or assisting shall be compensated at .00060 ratio to the BA Base per period with payment made at least on a quarterly basis. This includes covering a class in lieu of a specialist or adding the students assigned to another teacher to his/her assigned load. The blue card will be provided to the teacher on the day of assignment. The first priority for substitute use will be for illness or pre-arranged personal days. The second priority will be for in-service.

If no substitute is available, coverage shall be rotated using all certified staff in the building, including specialists. When creating the master schedule, the administration will make a good faith effort to provide equity in the number of personnel available for period coverages.

2.4.4.1 When additional students are added to the regular class load of a teacher in lieu of a substitute, the rate of blue card compensation will be .00060 ratio to the BA base for one (1) to three (3) additional students and .00120 ratio to the BA base for four (4) to six (6) additional students.

2.4.4.2 When additional students are added to a specialist's class, the rate of compensation will be .00060 ratio to the BA base for every five (5) class periods in which additional students are added. A new card will be developed for specialists to keep track of the five (5) class periods.

2.4.4.3. Teacher absences for department, content area and grade level training shall be reported by the administrator responsible for setting up the training so that efforts can be made to secure substitutes.

2.4.4.4. Access to computer labs shall not be denied due to TRT absences.

2.5 Open House

All members of the bargaining unit will be required to attend one (1) open house scheduled for their buildings. Teachers will receive compensatory time for attendance in accordance with Section 2.5. In each building a committee shall be formed to plan the open house. Volunteers shall be solicited for participation in the planning process.

Open House is a way to showcase the school building and the children's classroom, along with providing general information and expectations of the class. Open House is not intended to be a parent-teacher conference.

2.6 Parent-Teacher Conference Days

2.6.1 Two (2) parent-teacher conferences will be held in all buildings scheduled in the evenings for three hours each. One (1) parent-teacher conference shall be held at the end of the first grading period, and one (1) parent-teacher conference shall be held at the end of the second grading period for grades K-8 and during February for the high school. The schedule will be coordinated among the buildings in accordance with the current

contract provision. Conferences will not be held before grades are available for distribution or pickup.

- 2.6.2** Teachers will receive compensatory time for attendance at two (2) evening parent-teacher conferences and one open house. Compensatory time will be provided on the Wednesday before Thanksgiving and the Friday before the Presidents' Day Holiday. Kindergarten teachers will receive an extra conference day as long as they are on one-half day classes.

Teachers, building substitutes, and Regularly Employed Tutors will attend one mandatory session on the second to last work day prior to the start of winter break for the purpose of grading (or, in the case of substitutes and Regularly Employed Tutors, for a purpose designated by the building administrator) that will begin immediately after the student day (one three (3) hour session).

- 2.6.3** All teachers will be expected to complete a telephone conference log along with their regular parent-teacher conference log, with the telephone conference log indicating those parents whom they have attempted to (or succeeded) in contacting by the telephone where the parent did not attend the conference.

2.6.3.1 At the middle school, contact will be made with parents who do not attend the parent-teacher conferences by one of the members of the team.

2.6.3.2 High school and middle school teachers must call the parents of students who are failing in any of their classes where the parent has failed to attend either the first or second parent-teacher conference.

- 2.6.4** No parent-teacher conferences in the evenings will be scheduled on the first or second Tuesday of the month or on a Friday.

- 2.6.5** Teachers must be notified one (1) day in advance of any classroom visitation by a parent.

2.7 Digital Learning

Where a digital learning class is offered and run in any Euclid School District building during the student day, a bargaining unit member (referred to as facilitator) will be assigned to facilitate the program and supervise the students. Facilitator will be responsible for the registration of students into

selected courses using the adopted online system. The facilitator will be expected to provide students with their usernames and passwords and provide them an orientation on their first day of class. The facilitator will be expected to monitor student progress daily, using the approved on-line system, contacting students and parents if the need arises outside of the school day, and manage the operations of the classroom activities. The classroom may consist of special education students, credit recovery students, transfer credit students, and flex credit students. Special education students will be assigned to the facilitator as the “teacher of record” for reporting purposes. All other students will be assigned to the general education content area or the course will be recorded online for reporting purposes.

In addition to a facilitator, content area teachers awarded the supplemental contract will provide tutoring assistance. Supplemental contract awarded will be compensated at .0767 of the BA base for tutoring each content area assigned. There shall be an additional .0256 of the BA base supplemental contract for grading in each of the content areas. The duties for the grading supplemental will be an average of one hour per week after school grading. The teacher awarded the supplemental to tutor in a content area shall also be offered the grading supplemental. Should the teacher decline the grading supplemental, it shall be posted separately. The teachers currently tutoring in each content area shall be offered the supplemental prior to posting.

All non-core content assignments will be monitored and graded by the facilitator. Facilitator will receive a supplemental contract for .0256 of the BA base for this additional responsibility.

A digital learning class shall be considered a preparation where the teacher is serving as the teacher of record. Student supervision only will be a duty assignment. Digital learning shall not result in the layoff of bargaining unit members under Article 6, Section 6.5.

2.8 EMIS

EMIS data shall be submitted to ITC by the administration. The case manager shall submit the required EMIS information to the administrator using the District adopted form and deadlines.

2.9 Credit Flexibility

2.9.1 Any students seeking flex class shall complete a Project Application to

be reviewed by the Flexible Credit Committee.

2.9.2 After review and approval by the Flexible Credit Committee of the Project Applications, students shall receive the credit approved by the Committee for completion of the project.

2.9.3 As per the district Credit Flex Policy, a teacher of record shall be assigned to the students with a non-bargaining unit member continuing to facilitate the project for the students.

2.9.4 Courses offered for credit on Euclid City School property shall be taught only by certified bargaining unit members.

2.10 College Credit Plus

2.10.1 The opportunity to teach any course offered by the school district through College Credit plus shall be posted in accordance with Article 5. No outside applicants shall be considered until all members of the bargaining unit who have applied and are qualified are considered.

2.10.2 No teacher shall be forced to meet the requirements to teach the course. In the event no bargaining unit member expresses interest in a College Credit Plus course, the lowest senior qualified teacher may be assigned the course.

2.10.3 Any teacher who teaches a course or courses that qualify for College Credit Plus shall be provided a day to visit the participating institution of higher education to engage in planning with the cooperating college instructor. If this visit occurs during the summer months, the teacher shall be paid at the summer curriculum rate for the day. If this visit occurs during the school year, the teacher shall be released from duties as an assignment day. Any additional assignment days or necessary training must be approved by the building principal and superintendent. The teacher shall be reimbursed mileage expenses at the district rate for this day(s).

2.10.4 A bargaining unit member may not be reduced as a result of the District's participation in the College Credit Plus unless:

1. A college credit plus teacher leaves the District; and
2. No other remaining teacher in the department meets the requirements to teach the course; and

3. The District is executing a Reduction in Force under the provisions of this Agreement.

2.11 Advance Mediation Course Instructor

- 2.11.1** Each school year if the Board determines they shall provide an Advance Mediation course at the high school for students, the Board shall agree to renew the instructor's temporary license for that course.
- 2.11.2** There shall be only one course of Advance Mediation taught each day for one period at the high school. Should the schedule at the high school return to one that includes study hall, this course shall not be offered for credit.
- 2.11.3** The instructor for the Advance Mediation course shall be required to become part of the blue card coverage rotation.
 - 2.11.3.1** The Advance Mediation course may be offered for credit for as long as the instructor is licensed by the ODE.
 - 2.11.3.2** The instructor for the Advance Mediation Course is not eligible to become a bargaining unit member in ETA.
- 2.11.4.** Advance mediation shall be considered a "flex credit" unless the instructor is a licensed, certified teacher/ETA bargaining unit member.

2.12 Third Grade Guarantee

Each current and newly hired third grade teacher will be required to become credentialed to teach children "not on track" or retained in compliance with the law for the Third Grade Reading Guarantee. The Board shall reimburse teachers on passing of test up to \$150.

2.13 Calamity Days

On days when, District-wide, schools are closed due to public calamity such as snow, floods, heat or for any calamity reason set forth in the Ohio Revised Code, the following procedures shall apply:

For PreK-12, the first six (6) calamity days of any school year will not be made up. Teachers in grades PreK-12 are not required to report to school on calamity days. After the sixth (6th) calamity day, the ETA and administration

will meet to discuss a mutually agreeable procedure for making up time.

There shall be no change to Section 2.1.1 of the Agreement which states, the teachers' year shall consist of 184 days of regularly scheduled service as prescribed in the official calendar adopted by the Board of Education.

There shall be no more than four district professional development days included in the 184 day academic calendar.

All buildings shall retain the same start and end time and the school day for each building shall be defined as the same number of minutes as currently worked in each building, unless mutually agreed upon by the Association and Administration.

In no event will this Calamity Day language cause the District to provide fewer hours of instruction as required by law.

2.14 Lesson Plans

Teachers are to keep lesson plans on their desk, on a work table or in electronic format and available to the building administrator each Monday morning. Teachers must have a minimum of three (3) days plans available at the time the building administrator checks them. Any teacher who does not have plans available more than once will have to turn in a copy of their lesson plans to the building administrator each week for the remainder of the year. If the teacher is absent, she/he may email the plans to the building administrator.

2.15 Teacher Dress

Appropriate and professional dress includes Euclid City School District spirit wear but not spirit wear for other schools serving one or more of the grades K-12.

3. EVALUATION

The Board of Education is responsible for a standards-based teacher evaluation policy and related practices that conform to the framework for evaluation of teachers as approved by the State Board of Education and aligns with the “Standards for the Teaching Profession” as set forth in State law.

The Board has adopted the Ohio Teacher Evaluation System (“OTES”) and Standards-based state framework for evaluation of school counselors model as approved by the State Board of Education.

Given the dynamic nature of the mandated teacher evaluation process, the Board authorizes the Superintendent to establish and maintain an ongoing Evaluation Policy Consultation committee, with continuing participation by District teachers represented by the Euclid Teachers Association, and for the express purpose of recommending necessary changes to the Board for the appropriate revision of this policy.

3.1 Standards-Based Teacher Evaluation

Teacher evaluations will utilize multiple factors, with the intent of providing meaningful feedback to each teacher and assigning an effectiveness rating based in equal part upon teacher performance and student growth. The evaluation is intended to acknowledge the performance strengths of the teacher evaluated as well as performance deficiencies. The evaluation rubric should contain evidence supporting the conclusions reached in the formal evaluation report.

Each teacher evaluation will result in an effectiveness rating of:

- a) Accomplished;
- b) Skilled;
- c) Developing; or
- d) Ineffective

The specific standards and criteria for distinguishing between these ratings/levels of performance shall be the same as those developed by the State Board of Education.

No teacher shall be evaluated on his or her classroom performance except based on the observation of the teacher by their assigned evaluator and the

informal evaluations that are set forth in this agreement, unless any identified concern is followed by a meeting between the evaluator or supervisor and the teacher to address questions arising from the concern.

3.2 Assessment of Teacher Performance

Teacher performance will be evaluated during formal observations and periodic informal observations also known as “classroom walkthroughs.” Such performance, which will comprise fifty-percent (50%) of a teacher’s effectiveness rating, will be assessed through a holistic process by trained and credentialed evaluators based upon the *Ohio Standards for the Teaching Profession*.

3.3 Goal-Setting

Annually the building administrators responsible for observation and evaluations shall meet with teachers to set OTES goals. Teachers with a final summative rating of Accomplished annually develop self-directed goals. Teachers with a final summative rating of Skilled also annually develop goals initiated by the teacher and completed collaboratively with the evaluator. Teachers with a final summative rating of Developing annually develop goals with their evaluator who will grant final approval of the plan. Teachers with a final summative rating of Ineffective will develop an improvement plan with their evaluator who will grant final approval of the plan (eTPES requires the evaluator to initiate the Improvement Plan.) This goal setting process shall be completed by September 30. Any goal revisions after September 30 shall follow the process described in this Article 3.3. For teachers with a Professional Growth Plan, goal revisions shall be teacher initiated. See Form – Appendix “I.” Improvement plans are also developed in accordance with Article 3.8.1.

3.4 Formal Observation and Classroom Walkthrough Sequence

- 3.4.1** All instructors who meet the definition of “teacher” under R.C. 3319.111 and this policy shall be evaluated based on two formal observations and periodic classroom walkthroughs each school year. The first formal observation will be completed by the last teacher work day of the first semester, absent extenuating circumstances. A minimum of one (1) walkthrough/informal observation shall be included in each evaluation cycle, absent extenuating circumstances.

3.4.2 Teachers who are under consideration for nonrenewal shall receive at least three formal observations in addition to periodic classroom walkthroughs.

Evaluations will be completed by May 1st and each teacher will be provided a written report of the results of his/her evaluation by May 10th. Written notice of nonrenewal will be provided by June 1st.

Each teacher evaluated under this policy may annually complete a “Self-Assessment,” for purposes of goal-setting, utilizing the Self-Assessment Summary Tool set forth herein as Appendix “I”.

3.5 Formal Observation Procedure

3.5.1 All formal observations shall be preceded by a conference between the evaluator and the employee prior to the observation in order for the employee to explain plans and objectives for the classroom situation to be observed. The preconference shall typically be between 20 and 40 minutes in duration.

The pre-conference shall be scheduled at a mutually agreeable day and time no more than five (5) school days prior to the scheduled observation, absent extenuating circumstances, with the evaluator setting a date should a mutually agreeable day be unattainable. Cancellation/rescheduling of a preconference will only occur as the result of extenuating circumstances.

At the pre-conference, the evaluator and teacher shall discuss what the evaluator will observe during the classroom visitation and any other information relevant to the performance rubric. Important information is shared about the characteristics of the learners and learning environment. Specific information is also shared about the objectives of the lesson, the assessment of student learning, and any other relevant issues. Absent extenuating circumstances or unless agreed upon by the evaluator and teacher, the teacher will come prepared with a lesson plan for the day of the scheduled observation and any relevant data not available in eTPES. The teacher should also be prepared by having reviewed and completed pre-conference questions before the preconference, and by being ready to discuss what came before and will come after the lesson to be observed. The conference will also provide the teacher an opportunity to request focused feedback on identified areas from the evaluator during the classroom observation.

Should the lesson plan change between the pre-conference and formal observation, the teacher shall provide a copy of the lesson plan in advance of the observation.

Regarding pre-conference questions, the evaluator will provide the teacher with a maximum of fifteen (15) preconference questions. The selected pre-conference questions shall be consistent within each building. The teacher is to provide written responses to these questions in eTPES. The evaluator may ask additional questions about the lesson.

3.5.2 The formal classroom observation should be conducted at a mutually agreed upon date and time (to the extent possible, with the evaluator setting a date should a mutually agreeable day be unattainable) for the duration of the lesson to be observed. Each formal observation will be analyzed by the evaluator using the Teacher Performance Evaluation Rubric. Formal observations will not include videotaping or sound recordings except with agreement of the teacher, or where required by law or regulation.

3.5.3 A post-observation conference shall be held no more than seven (7) school days after each formal observation, absent extenuating circumstances, during a mutually agreed upon date and time to the extent possible, with the evaluator setting a date should a mutually agreeable day be unattainable.

The purpose of the post-observation conference is to provide reflection and feedback to increase teacher effectiveness. The evaluator shall provide additional strategies and/or resources when a teacher scores developing or ineffective in any rubric category or upon request of the teacher. In general, the discussion between the evaluator and teacher will focus on relative area(s) reinforcement, and relative area(s) of refinement. Teachers may bring additional evidence that supports the lesson observed to share with the evaluator at the conference. The evaluator may consider these as evidence of student learning or evidence to support the teacher's performance.

The teacher will be able to view a copy of the observation rubric at the post-conference, and may request a paper copy. Specifically, the post-conference will include the evaluator reviewing the teacher's preliminary rating for each standard, as well as a preliminary overall holistic rating based on evidence collected to date.

A teacher shall be permitted to attach comments regarding his/her own performance to the Teacher Performance Evaluation Rubric.

The evaluation report shall be PINed by the evaluator, which shall constitute written notice of the evaluation report to the teacher. A teacher should enter his/her PIN within seven (7) school days of the post conference, or after one follow-up meeting has taken place (if requested), unless there are extenuating circumstances. The teacher's PIN signature should not be construed as evidence that the teacher agrees with the contents of the evaluation report. Once a teacher has entered his/her PIN the rubric shall not be changed without communication with the teacher.

3.5.4 Observations of Teachers with Five or More Years of District Teaching or Related Service Experience Receiving an “Accomplished” or “Skilled” Rating

3.5.4.1 All teachers with five or more years of District teaching or related service experience who received a final summative rating of “accomplished” on the teacher's most recent evaluation conducted under this policy will have the subsequent evaluation in the third year of a three-year cycle, instead of an annual basis, so long as the teacher's student growth measure rating is average or higher per state mandate. The evaluation shall be completed by the first day of May of the applicable school year, and the teacher shall receive a written report of the results of the evaluation by the tenth of May of that school year.

3.5.4.2 All teachers with five or more years of District teaching or related service experience who received a summative rating of “skilled” on the teacher's most recent evaluation conducted under this policy will have the subsequent evaluation in the second year of a two-year cycle, instead of an annual basis, so long as the teacher's student growth measure rating is average or higher per state mandate. The evaluation shall be completed by the first day of May of the applicable school year, and the teacher shall receive a written report of the results of the evaluation by the tenth of May of that school year.

3.5.4.3 Consistent with the requirement set forth in the Ohio Revised Code, in any year in which a teacher is not formally evaluated,

the teacher will have at least one informal observation and conference with their evaluator. In that case, the evaluation shall be completed by the first day of May of the applicable school year, and the teacher shall receive a written report of the results of the evaluation by May 10 of that school year.

3.5.4.4 Nothing in this Article 3.5.4 will prevent the District from initiating an evaluation cycle.

3.6 Walkthroughs / Informal Observations

The purpose of walkthroughs/informal observations is to provide the opportunity to gather evidence of instruction over a series of short classroom visits. Walkthroughs for evaluation purpose shall be observations of ten (10) minutes or more. Every reasonable effort will be made to observe teachers at different times of the day. Walkthroughs will be conducted by the assigned OTES credentialed district administrators. The administrators hired through ESC funds and assigned full time to a Euclid school's building exclusively shall be considered district administrators for OTES evaluation purposes.

Classroom walkthroughs / informal observations, as part of a teacher evaluation program, may be general in nature or focused on observing a specific aspect of teacher performance. Summary data collected through a series of walkthroughs along with evidence documented through formal observations will be used to generate the summative performance rating.

Walkthroughs will be conducted by the assigned OTES credentialed district administrators. Walkthroughs and informal observations are intended to establish a connection between the evaluator and the teacher and monitor the teacher's progress on targeted areas of instruction.

Walkthroughs and observations resulting in identification of performance deficiencies or concerns shall be followed by a meeting within five (5) work days between the evaluator and the employee in order to discuss questions arising from the observation.

Teachers will be provided written feedback on evaluator walkthroughs on the Classroom Walkthrough and Informal Observation Form (Appendix "I"). Feedback will be provided promptly following the completion of the walkthrough – i.e., within seven (7) work days of the walkthrough, absent extenuating circumstances.

3.7 Growth Measures

Category A1 teachers' (i.e., those who teach only subjects measured by value-added calculations) evaluation will be comprised of the following: the entire student academic growth factor of the evaluation shall be based on the value-added progress dimension.

Category A2 teachers' (i.e., those who teach subjects measured by value-added calculations and other subjects) evaluation will be comprised of the following: value-added progress dimension for the percentage of their student growth measure equal to their teaching assignment related to value added, and for the remaining percentage of the student growth measure, shared attribution using the district average value added data.

Category B and C teachers (i.e., those instructing in areas with Ohio Department of Education approved vendor assessments with teacher-level data available or instructing in areas where no teacher-level value-added or approved vendor assessment available): the entire student academic growth measure shall be based on shared attribution using district average value added data.

Core subject area teachers must register for and complete all written examinations of content knowledge selected by the Ohio Department of Education if the teacher has received an effectiveness rating of "Ineffective" on his/her annual evaluation for two (2) of the three (3) most recent school years.

No teacher shall be responsible for the cost of taking an examination set forth above.

3.8 Improvement Plan Guidance

The purpose of the improvement plan is to identify specific deficiencies in performance and foster growth through professional development and targeted support.

3.8.1 Teachers may be placed on an improvement plan if:

- A licensed staff member earns an ineffective rating in performance and/or earns below levels of student growth.

- The acceptable level of performance is not met. The acceptable level of performance varies depending on the teacher’s years of experience. Teachers in residency—specifically in Years 1 through 4—are expected to perform at the “Developing” level or above. Experienced teachers—with five or more years of experience—are expected to meet the “Skilled” level or above.

3.8.1.2 When an Improvement Plan is initiated by an administrator, it is the responsibility of the administrator to:

- Identify, in writing, the specific area(s) (not to exceed two (2)) for improvement to be addressed in relationship to the Ohio Standards for the Teaching Profession;
- Specify, in writing, the desired level of performance that is expected to improve and the timeline for same;
- Develop and implement a written plan for improvement that includes resources and assistance available;
- Determine additional education or professional development needed to improve in the identified area(s); and
- Gather evidence of progress or lack of progress

3.8.1.3 Any member being placed on or continuing an improvement plan may submit a request to the Superintendent for a new evaluator.

3.8.2 Improvement Plan timeline:

- This plan shall serve as the goal setting process identified in Section 3.3.
- Any teacher being placed on an improvement plan shall be notified of such no later than May 1 of each year, absent extenuating circumstances.
- An improvement plan can be drafted after May 10th in anticipation for the next school year so that the teacher has the opportunity to take courses and/or plan during the summer months.
- If not completed in May of the previous year, improvement plans will be completed by the September 30th deadline for goal setting.
- In some situations, an improvement plan may be started during the school year. An example of this may be for a teacher that earns an ineffective rating in performance as a result of their first

observation.

3.8.3 Improvement plan meetings:

- All licensed staff members on an improvement plan have the option to invite an ETA president appointee to their improvement plan meeting.
- All licensed staff members on an improvement plan due to an ineffective rating in performance will have their improvement plan meeting in conjunction with the evaluator, superintendent designee, and the ETA president.

Licensed staff members wishing to bid while working on an improvement plan (based on rating in performance) shall meet with the ETA president and/or designee and Superintendent designee for consultation regarding the right to bid.

Improvement Plan forms are attached in the Appendix "I."

3.9 Retention and Promotion Decisions/Removal of Poorly Performing Teachers

It is the purpose of this Standards-Based Teacher Evaluation Policy to improve the quality of instruction, enhance student learning and strengthen professional competence through meaningful feedback and targeted professional development. In addition, the evaluations produced will serve to inform the Board on employment decisions, i.e., retention, promotion of teachers, renewal of teaching contracts, and the removal/nonrenewal of poorly performing teachers.

The removal of poorly performing teachers shall be in accordance with the Ohio Revised Code and any applicable provisions of this Collective Bargaining Agreement.

3.10 Removal of Poorly Performing Teachers

After completing an Improvement Plan, a poorly performing teacher may be removed, upon recommendation of the Superintendent, either through non-renewal or termination.

3.11 General

- 3.11.1** Parents and students will not be permitted to attend evaluation/discipline conferences with members of the administration. Further, direct comments from parents and students will not be included in teacher evaluations.
- 3.11.2** Teachers will be advised of parental complaints or concerns that might become part of the written evaluation program.
- 3.11.3** Observations will not be conducted on two consecutive days or the day preceding or following winter or spring break unless mutually agreed.
- 3.11.4** By September 30 each teacher will be notified of their evaluation status and options for the academic year. Teachers will be either on a professional growth plan or improvement plan, and for accomplished and skilled teachers with five or more years of District teaching or related service experience, their evaluation will be consistent with Article 3.5.4.
- 3.11.5** The parties agree that compliance with this evaluation procedure shall satisfy the provisions of O.R.C. 3319.111. The parties agree that a limited contract teacher may elect to file a grievance under this Agreement or pursue the remedies set forth in Ohio Revised Code Section 3319.11. However, said teacher may not pursue both statutory and grievance remedies, but must make an election.
- 3.11.6** The EPDC will promptly generate revisions as needed to these procedures and evaluation forms. To be effective, any revisions must be approved by ETA Executive Board and the Superintendent.
- 3.11.7** Performance Evaluation for Instructional Coaches, Coordinators, Itinerant Teachers, Psychologists, Therapists (Speech, OT's, PT's, and Nurses) shall be assessed based upon this Agreement (rubrics in Appendix J) and shall follow the applicable timelines required under this Article.
- 3.11.8** Guidance counselors shall be evaluated using a standards-based evaluation system pursuant to the Board-adopted evaluation policy for this purpose, as aligned with Ohio Revised Code and the "Ohio Standards for Counselors" (Appendix K) and shall follow the applicable timelines required under this Article.

4. PERSONNEL FILES

The Board shall retain one (1) personnel file for each employee which shall be in the Fordyce Building. It shall contain necessary pre-employment information, routine financial and personal data, and all post-employment materials that relate to performance and discipline.

- 4.1** Any post-employment materials in a teacher's personnel file may be reviewed by the teacher.

The teacher shall receive upon request a copy of any material in the file except as prohibited below at no cost to the employee.

- 4.2** No confidential pre-employment information, evaluations, or references may be reviewed by the teacher.

- 4.3** No anonymous letter or report should be the basis for any evaluation or entry in the teacher's personnel file.

- 4.4** In any written communication between administrative offices regarding a teacher, the teacher should be sent a copy of the letter or memo.

- 4.5** Any written formal evaluation of the teacher should follow the procedures as listed in Article 3 of the Agreement.

- 4.6** A teacher may send a reply regarding any written evaluation to the appropriate administrator. Such reply will be attached to the electronic evaluation.

- 4.7** All entries into the personnel file shall be signed and dated as to entry. Any person who reviews a personnel file shall sign a record card indicating the date and time of his/her access to the file.

- 4.8** Prior to placement of a document in his or her personnel file, a teacher shall be entitled to review any clearly derogatory information and to have present at such review a representative of the teacher's choice if the teacher so desires. The teacher may respond in writing to such information and may have the response affixed by staple to the information.

- 4.9** Confidential personal information in the nature of medical information or personal disbursement of paycheck monies is not subject, absent court order, to review by any person other than the custodian of the personnel file or the

individual teacher. This information may not be released to anyone without the teacher's permission.

- 4.10** The administration will notify the affected employee of a non-employee request to review the file by a citizen before the file is made available for review. Non-employee requests for file review shall be made on a specific form with a copy provided to the teacher. Such reviews are made by appointment pursuant to Board policy.
- 4.11** Only one personnel file will be maintained at the Board offices.
- 4.12** No negative or derogatory comments by an administrator shall be included in the file unless directly observed by the administrator or as a result of an official investigation.
- 4.13** Pre-employment information shall not be maintained in the file after initial employment, except for the initial employment application.
- 4.14** This Article 4 shall be construed to comply with Ohio law.
- 4.15** No parent or student written comments concerning the performance or behavior of a teacher shall be included in the file without prior investigation by a member of the administration.
- 4.16** All personal information shall be confidential. No personal addresses and phone numbers of teachers shall be given out by the Euclid City School District to any outside entities.

5. TRANSFER AND ASSIGNMENT

In the determination of teacher or administrative initiated reassignment and/or transfer, the convenience and wishes of the individual teacher will be honored to the extent that they do not conflict with the instructional requirements and best interests of the school system.

5.1 Vacancies

5.1.1 All teachers shall receive an individual e-mail of the openings. The openings will also be posted on the District website within five (5) calendar days after the decision to fill the opening. This will be the process for the entire school year as well as the summer for vacancy postings. Through the last teacher work day of a school year, vacancies shall be posted for a period of four (4) calendar days. When a vacancy arises after the last teacher work day of a school year, the posting period will be two (2) calendar days. The posting period of two (2) calendar days will continue until the first teacher workshop day. Beginning with the first teacher workshop day, the standard posting period shall revert to four (4) calendar days. Vacancies must be posted by 9 a.m. in order to count toward the posting period requirement. Administrative positions will also be posted as a matter of information although they do not fall within the terms of the Agreement. Where there were no applicants for an earlier posting in the same building in same area of licensure, a vacancy does not need to be reposted. As well, where there were no applicants for an earlier posting in the same building in the same grade level (in the K-5 area), a vacancy does not need to be reposted.

Any teacher interested in the vacancy shall submit an electronic bid for consideration on or before the end of the 4 or 2 day posting period. The posting shall identify certification area, grade level, building, type of position, and anticipated starting date. It shall also identify whether or not bids from outside the certification area are subject to Section 5.3.6.

A teacher bidding on a middle school position must hold the requisite teaching certificate/licenses (4-9). Where the position involves the teaching of mathematics or science to middle school students for high school credit, the bidding teacher must meet HQT high school standards for the content area and hold a proper certificate/license for the area(s).

Jobs that are outside of the regular classroom position (the position would not have a regular classroom, e.g. Reading Coach, Technology Coach, Guidance Counselors, etc.) shall be filled as follows:

A quantitative Rubric shall be created with meaningful input from ETA and completed by the applicant, within seven (7) calendar days. (Openings will not be posted during winter or spring break.)

If more than one teacher has applied for the same position, and their qualifications are substantially equal, seniority in the school system shall control.

If there is a tie, a Committee of two ETA reps appointed by the ETA President and two administrators shall convene a meeting with the applicant. The applicant shall complete a checklist for the committee to review to further assist the selection.

- 5.1.1.1** A vacancy created by a leave of absence for one school year or less at the time the leave is granted (if an appropriately certified person is NOT on the recall list) shall be filled by a temporary teaching employee. During that period, the temporary teacher shall not be entitled to apply for other vacancies (excluding supplementals), shall be automatically nonrenewed at the end of that year, and shall have no recall rights. If that teacher is rehired for the following year (as other than a leave replacement teacher), she/he will have all rights and benefits of the contract, including seniority credit for the period of service as a leave replacement teacher.

Should the leave be extended to a second year, the vacancy shall be posted and filled pursuant to Section 5.1.

- 5.1.2** The Board must either post a known vacancy, with a copy to ETA, or give ETA written notice with reasons if the Board decides not to fill or delay filling a vacancy within ten (10) school days of the occurrence of the vacancy.
- 5.1.3** When a posted opening is filled by a currently assigned teacher, the administration may defer the actual transfer of the teacher until the beginning of the next semester.

If an opening is filled but the decision is to defer the actual transfer, the administration may use substitute teachers or temporary replacements

during the interim unless there is an eligible teacher with recall rights under Article 6, Section 6.5.11 of this Agreement.

If an opening occurs right after April 1 for the remainder of the school year, recall rights may be deferred until the summer and posting for such openings and for openings to take effect on the next succeeding school year may be deferred until May 15th or when the openings develop, whichever is later.

All teachers will be eligible to bid for openings. The fact that an individual teacher has been in the position on a temporary assignment during the school year will not give an advantage to that teacher for the position.

5.1.4 The rights set forth under this Article take preference before recall, except as set forth in Section 5.3.6. If a teacher has been laid off, and his/her name is on the recall list under Article 6, said teacher is not eligible to bid on a posted vacancy. After posting and bidding has occurred and there is a vacant full-time position for which the teacher is qualified, the eligible teacher will be given a recall notice.

5.1.5 Teachers moving from one building to another shall have their materials and supplies moved for them prior to the date of their initial teaching assignment in the new building, provided that the teacher packs the materials and supplies to be moved and provided that the teacher initiates a work order form to the Business Office for such a move at least one week in advance of the desired moving date. The Board is not responsible for damage to personal items that are moved.

Principals who initiate room changes for multiple teachers will determine those moves by May 1. In the event the administration determines a singular room change is necessary, and where the teacher is required to move between the last day of the school year and the first teacher workshop day, the impacted teacher(s) shall receive compensation at the District's summer curriculum rate not to exceed three (3) days.

5.1.6 Bid Day

Unless cancelled by mutual agreement of the ETA and District, each school year, a bid day will be conducted upon a mutually agreeable date. Positions available on bid day are those vacancies known to be available for the succeeding school year due to retirements or resignations or the creation of new professional positions by the bid day date. The date of the bid day meeting will be established by

agreement between the ETA President and the Superintendent's designee. The provisions of Article 5 in Section 5.2 shall govern the filling of posted positions. During the bid day process, the newly-created vacancy will be posted for bidding. Those teachers present in person or by proxy may bid for posted vacancies until all are filled. Vacancies arising after this meeting will be posted and filled in accordance with Sections 5.1 and 5.2. All teaching vacancies due to announced retirements will be posted ten (10) days prior to bid day and shall be available for review by the ETA.

5.2 Teacher Initiated Transfers

5.2.1 After holding a fulltime teaching position in the District for at least three (3) years, teachers may request a transfer at any time by giving written notice to the Superintendent or his/her designee within four (4) calendar days of the posted opening. However, when the vacancy occurs on or after the last teacher work day of a school year up to the first teacher workshop day of the following school year, the posting period will be two (2) calendar days.

The teacher's request shall be considered timely if it is received or postmarked before or during the posting period.

For teachers who have completed their third year of fulltime teaching in the District, through completion of their ninth year of fulltime teaching in the District, the following shall apply to those requesting a transfer:

1. If such teacher requests to transfer to a position within his/her current building, the interested teacher will meet with an ETA building representative and the building principal to give the teacher an opportunity to formally express his/her interest in transferring, and to give the District the opportunity to provide its input on the transfer request.
2. If such teacher requests to transfer to a position within the same grade level or in the same subject matter, no meeting shall take place.
3. If such teacher requests to transfer to a position in another building and another grade level or subject matter, the interested teacher will meet with the ETA President or designee and the Superintendent to give the teacher an opportunity to formally

express his/her interest in transferring, and to give the District the opportunity to provide its input on the transfer request.

At the completion of a teacher's ninth year of fulltime teaching in the District, such meeting provisions in 1-3 above shall not apply.

For purposes of this Article 5.2.1, completion of a fulltime year of teaching requires 120 or more days of classroom instruction in that year (this excludes tutor and substitute service). Thus, so long as an individual is not on an improvement plan or notified in writing that he/she is going to be placed on an improvement plan, an individual who completes his/her third year of fulltime teaching could bid during a spring/summer cycle following his/her third year for the following school year's position.

No vacancy will be permanently filled until at least four (4) calendar days after the end of the posting period set forth above.

- 5.2.2** If more than one teacher has applied for the same position, and qualifications are substantially equal, seniority in the school system shall control.
- 5.2.3** The Superintendent or his/her designee shall notify all teachers requesting transfers of the disposition of their request within ten (10) days after close of the posting with written reasons if denied.
- 5.2.4** Teachers may have pending requests for transfer to up to three (3) positions at any time.
- 5.2.5** If a posting that was posted for the start of the following year is closed out during the summer, the teacher who bid for and received it shall remain at his/her original assignment and any subsequent related bidding shall also be nullified.
- 5.2.6** After a posting closes, if any positions remain open and before new hires are considered, teachers holding a fulltime teaching position who have yet to complete three (3) years in the District may request consideration for the vacant position. The Superintendent will consider the request and has the discretion to approve or deny it.

5.3 Administrative Initiated Transfers

- 5.3.1** Notice of an involuntary transfer or reassignment shall be given to teachers as soon as possible. A list of these teachers, current positions, and new assignments, when made, shall be given to the ETA President.
- 5.3.2** Involuntary transfers shall be made according to seniority unless they conflict with the instructional requirements and best interest of the school, and only after volunteers have been sought.
- 5.3.3** An involuntary transfer or reassignment will be made only after a meeting between the teacher involved and the Superintendent, or his designee, at which time the teacher will be given reasons for the transfer.
- 5.3.4** In all involuntary transfers, the person initiating the involuntary transfer request shall state such request in writing to the Superintendent with copies to the teacher or teachers involved in transfer request.
- 5.3.5** Teachers being involuntarily transferred or reassigned shall have the right to apply for any open positions prior to being reassigned. All such teachers will be given opportunity of released time for the purpose of visiting schools at which the open position exists.

5.3.6 Redistribution

If a teacher's position/assignment has been eliminated, but there continues to be a need for the teacher in that certification/licensure area, i.e., there will be no RIF in that area—only transfer/reassignment in that area, a "redistribution" of teachers is deemed to occur. The affected teacher(s) shall be given the right, on a seniority preference basis, to apply for each open position in his/her current area of certification/licensure in order of preference. While other teachers from both inside and outside the certification/licensure area may also voluntarily bid for these positions, the teacher(s) being redistributed within the certification/licensure area must be reassigned before any voluntary transfer from outside the certification/licensure area can be finalized that forces a layoff from the certification/licensure area. The purpose of this section is to avoid a layoff or layoff displacement caused by the addition of teachers into the certification/licensure area affected by redistribution.

5.3.7 When the administrative initiated transfer is due to declining enrollment or redistribution, the transferred teacher, including one who exercised redistribution rights, shall have the right to be returned to his/her original building or assignment if an opening occurs for which he/she is certified between April 1 and the opening of the next school year. This provision shall also hold true for any teacher laid off and recalled before the opening of school.

5.4 Definitions

5.4.1 An opening is defined as a current or new teaching position that is or will become available on or before the beginning of the next semester.

5.4.2 Seniority for this and other articles unless specified shall be defined in Article 7.

5.4.3 Transfer is the reassignment of a teacher to a different certification/licensure area or grade for the majority of the teacher's assignment or to a different building.

5.5 Posting and bidding rights take preference before recall. Therefore, no teacher whose name appears on the reduction in force list under Article 6, Section 6.5 (and irrespective of whether such person is not working at all for the District or is working at other than a regular full-time teaching position) shall be eligible to bid on a posted vacancy. After posting and bidding has occurred and there is a vacant full-time position for which the teacher is qualified, the teacher will be given a recall notice. This applies even if the teacher has been hired as a substitute or less than a full-time teacher.

5.6 Supplemental Postings

Vacant supplemental positions that will be filled shall be posted within ten (10) school days of the occurrence of the vacancy, with a copy to ETA. Teachers may apply in writing within seven (7) days of the posted opening. No supplemental vacancy will be permanently filled until at least seven (7) calendar days after the end of the posting period. The Superintendent or designee shall notify all teachers who applied for the posted vacancy(ies) regarding the disposition of their request within ten (10) days after the close of the posting. When a vacancy arises in a supplemental position, and before employment under a supplemental contract is offered to individuals who are not members of the Association bargaining unit, those teachers who have expressed an interest in that vacancy and who are qualified to perform the

supplemental contract duties shall be offered the vacant position. Non-bargaining unit members or persons not employed by the District who are in a supplemental position shall not be removed from said supplemental positions provided they continue to be qualified and perform appropriately in such positions.

- 5.6.1** All unfilled supplemental contract positions including extended time shall be posted in May if the supplemental contracts were not renewed, or when they become known. Only extended time positions will be subject to seniority bid, and bidding shall be among the bargaining unit members holding the applicable assignment in the applicable building.
- 5.6.2** Annually a sub-committee composed of 3 teachers appointed by the ETA President and 3 administrators appointed by the Superintendent shall meet no later than May 15 of each year to review supplemental positions, consider whether positions should be eliminated, modified or added, and the compensation for each position for the following school year. The subcommittee's recommendations shall be submitted to the ETA/Superintendent's Meeting for a final determination.

For the 2013-14 school year, new or modified supplemental positions may be implemented with the approval of the ETA/Superintendent committee and memorialized in a Memorandum of Understanding.

- 5.6.3** Where there is a performance concern for an ETA member holding a supplemental, the appropriate administrator will meet with the holder of that supplemental during the course of delivery of that supplemental (e.g., during the athletic season) to discuss the concerns and/or areas for improvement, and shall utilize the evaluation rubric for same. Should that administrator not recommend a re-hire for performance concerns, the administrator will meet with the holder of that supplemental within ten (10) school days of the supplemental contract's term (e.g., the end of an athletic season), and shall utilize the evaluation rubric for this second meeting. No ETA member shall be required to provide feedback for another ETA member for such evaluation. If the administrator discovers a serious concern or if the ETA member commits a serious offense that would typically result in removal, then the rubric procedure described herein will not prevent removal or a lack of recommendation for re-hire.

5.7 Grants

Information regarding grants that have been received will be provided to the ETA president. Postings of grant funded positions will be made in the normal manner. Contracts are not issued for such positions, which shall be paid upon completion of the project following Board approval.

6. TEACHER CONTRACTS

6.1 Termination of Employment

Involuntary termination of employment, including the nonrenewal of a teacher employed under a limited contract, and the suspension/layoff of a tenured teacher shall be accomplished in accordance with the applicable provisions of the Ohio Revised Code and this Contract. Termination shall be in accordance with either O.R.C. 3319.16, or the grievance procedure herein.

6.2 Limited Contracts

6.2.1 Teachers on limited contract may assume that they will be reemployed unless notified to the contrary by the Board on or before June 1. If the Superintendent intends to recommend the nonrenewal of a limited contract teacher, or recommend an “extended” limited contract to a tenure eligible teacher, all of the requirements of O.R.C. 3319.11, as modified below, and 3319.111 as modified by Article 3, shall be followed.

The Superintendent’s recommendation for nonrenewal shall be presented in the form of a resolution for “dismissal”. Both the employee and ETA shall be given at least seven (7) calendar days prior written notice and afforded a hearing with the Superintendent prior to the recommendation.

At the same time as the notice, the Superintendent will provide the teacher with a written statement describing the circumstances that led the Superintendent to recommend non-reemployment. At the hearing the Superintendent, Superintendent’s designee, teacher, and any person designated by either party to take a record may be present. The Superintendent and teacher are entitled to representation by counsel or a designee. A record of the hearing may be taken by either party at the expense of the party taking the record.

If the teacher subsequently is nonrenewed, the resolution of nonrenewal will be treated as the Board’s order for purposes of O.R.C. 3319.11(G)(6).

The parties agree that compliance with this procedure shall satisfy the provisions of O.R.C. 3319.11. The parties agree that a limited contract teacher may elect to file a grievance under this Agreement or pursue the remedies set forth in O.R.C. 3319.11. However, said teacher may not pursue both statutory and grievance remedies but must make an election.

6.3 Continuing Contracts

The process a teacher is to follow in order to be considered for continuing contract is set out in Appendix H.

To be eligible for a continuing contract, a teacher must submit the Continuing Contract Profile (Appendix H) and their principal's recommendation to the HR office by March 1. The Board shall act on the continuing contract recommendation at a May Board meeting or earlier.

6.4 Employees Hired Under Temporary Teaching License

Any certified employee hired as a contract teacher whose employment is contingent upon a temporary teaching license while they complete the state requirements for full licensure in that subject matter, shall be considered a temporary teaching employee. During that period, the temporary teacher shall not be entitled to apply for other vacancies (excluding supplementals), shall be automatically nonrenewed at the end of that year, and shall have no recall rights. If that teacher is rehired for the following year, she/he will have all rights and benefits of the contract, including seniority credit for the period of service as a temporary teaching employee.

Should the employee complete the necessary requirements to obtain licensure before the end of the first semester and place on file a completion letter from the university, the board will issue a standard limited contract for the balance of current school year.

Temporary employment contract will continue as long as employee is still completing the full licensure requirements. Once the certified employee has completed all state requirements for full licensure, and as long as the position is still in existence, said employee will be rehired under a standard limited contract and she/he will have all rights and benefits of the contract, including seniority credit for the period of service as a temporary teaching employee.

6.5 Reduction in Force

The Board will follow O.R.C. 3319.17 in any decision to suspend the contract of a teacher as part of a reduction in force.

- 6.5.1** Within each area of certification affected by the reduction in force, contracts shall be suspended pursuant to the recommendations of the Superintendent under the provisions of this Article. For unit

members who have comparable final summative evaluations, preference shall be given based on seniority. Comparable evaluations shall be defined by the teacher's final summative evaluation rating. Unit members shall be placed in one (1) of two (2) groups for the purpose of a reduction in force. These groups shall be called "Group One" and "Group Two." Unit members within each Group shall be deemed comparable, except that unit members under continuing contracts shall be given preference over all members under limited contracts within the same group.

Group One shall be comprised of unit members with a limited contract who have a final summative evaluation rating of "Ineffective," and unit members with a continuing contract, having completed one (1) year on an improvement plan and with a final summative evaluation rating of "Ineffective."

Group Two shall be comprised of all unit members who have a final summative evaluation rating of "Developing," "Skilled," or "Accomplished" and unit members on a continuing contract who are on the first year of an improvement plan after receiving a final summative evaluation rating of "Ineffective."

Any reduction in force shall begin with members in Group One, followed by Group Two.

- 6.5.2** The reason for the suspension of the contract of a continuing contract teacher may be challenged in court without exhaustion of the grievance procedure included in this Contract. Should there be a reduction in force due to financial reasons, this article shall be followed.

The Board will follow the specific provisions of Section 6.2 in any decision to lay off a teacher on a limited contract as part of a reduction in force. (The failure of the Board and ETA to agree to a clarification of RIF procedures for all teachers and also the impact of the Contract and O.R.C. 3319.17 on limited contract teachers by June 17, 1992, February 1, 1993, or June 23, 1993, shall not be used as prejudice against the position of either party.)

6.5.3 Definition

A Reduction in Force (RIF) is the elimination of, reduction of, or failure to fill a bargaining position, and also governs maintenance of force, e.g.,

return to duty of employee following a leave of absence.

In the event that the Board finds it necessary to engage in a reduction in force of bargaining unit positions, it shall follow the procedures and rules set forth in this Section 6.5.

6.5.4 Staff Reduction

The Board first shall determine the positions, including certification/licensure area, grade level where applicable, and building location to be affected and provide this list in writing to the ETA President. The administration shall meet with ETA representatives to review individuals who would be affected, staffing needs, potential attrition, and updated seniority lists.

6.5.5 Attrition

To the extent possible, the number of persons affected by a reduction in force will be kept to a minimum by not employing replacements for employees who retire or resign or who are terminated under Sections 6.1 or 6.2. All reductions in force shall be accomplished only through this procedure.

6.5.6 Reduction Other Than By Attrition

To the extent that reductions are not achieved through attrition, reductions will be achieved by layoff. Layoff shall mean that a teacher will be placed in an inactive state of employment from an active state of employment. Where layoffs of members of the bargaining unit occur, the process described in Article 6.5.1 and areas of certification shall be the exclusive criteria in determining such layoffs.

The least senior teacher in each affected area of certification by Group shall be laid off first, except that teachers holding valid continuing contracts shall be given preference over those with limited contracts. A teacher granted a continuing contract after April 30 shall be considered to hold such continuing contract for the succeeding school year.

Counselors, instructional coaches, coordinators, itinerant teachers, psychologists, therapists (speech, OT, PT, and nurses) shall be reduced in accordance with Article 6.5.1.

Each bargaining unit member who is subject to layoff shall be given written notice of and written reasons for said layoff along with written notice of his/her recall rights.

The Board shall take action on all known layoffs in May prior to the school year the layoffs are to be effective. Subsequent layoffs will occur after the Superintendent determines that additional layoffs will be recommended.

6.5.7 Notification

At least seven (7) days before the Board meeting at which the action is to be taken, and after each teacher affected is informed by the Board, the list of teachers whose contracts are recommended for layoff will be provided the Association President. This list shall constitute the Reduction in Force list.

A teacher who is hired as a temporary employee to fill in for a specific teacher on a leave of absence and who is subsequently laid off upon the return from leave of the regular teacher shall not be placed on the Reduction in Force list and shall have no recall rights under Section 6.5.11 of this Article unless, at the time of layoff, the teacher has a contract of employment as a regular teacher by operation of the third paragraph of Section 3319.10 of the Ohio Revised Code.

6.5.8 Displacement/Retention Rights

A teacher whose position is eliminated as a result of a reduction in force shall be eligible for retention in other areas of certification/ licensure and based on his/her seniority with the district. During the 90-day period prior to the Board adopting a resolution to implement a reduction in force, no transfer under sections 5.2 or 5.3 into an area of licensure which will be affected by the reduction in force will be permitted. As well, while any teacher remains on the recall list under section 6.5.11, no transfer of a less senior teacher into the licensure area of a laid off teacher shall be permitted under sections 5.2 or 5.3.

6.5.9 Recall

- 6.5.9.1** Teachers holding continuing contracts who have been laid off shall be placed on a recall list and returned to active employment to fill vacancies for which they are certified/ licensed in reverse order of layoff for any position that becomes available for which they are or have become licensed before any permanent teacher

full-time, part-time, or substitute is hired. The most senior teacher holding continuing contract in the affected area of certification/licensure who has been laid off shall be recalled, provided she/he has evaluations which are comparable to any other teacher holding continuing contract in that area of licensure who also has been laid off.

The meaning of the term “comparable evaluations” shall be as set out in Section 6.5; under 6.5.1., 6.5.2, 6.5.3. and 6.5.4 above.

Teachers holding limited contracts who have been laid off shall be placed on a recall list and returned to active employment to fill vacancies for which they are certified/ licensed in reverse order of layoff for any position that becomes available for which they are or have become licensed before any permanent teacher full-time, part-time, or substitute is hired. The most senior teacher holding limited contract in the affected area of certification/licensure who has been laid off shall be recalled, provided all teachers holding continuing contracts in that area of licensure have been recalled and provided she/he has evaluations which are comparable to any other teacher holding limited contract in that area of licensure who also has been laid off.

The meaning of the term “comparable evaluations” shall be as set out in Section 6.5; under 6.5.1., 6.5.2., 6.5.3, and 6.5.4 above.

If a teacher is recalled to a position in an area of certification /licensure different than that filled immediately preceding layoff, he/she may reject same and remain on the recall list, with eligibility for recall limited to his/her original certification/licensure area only.

6.5.9.2 No vacancy will be filled under this provision until after exhaustion of the posting and transfer procedure set forth in Article 5 of this Agreement. The Board shall not fill a vacancy with a new employee until after the provisions in Article 5 and recall provisions in Article 6, Section 6.5.11 have been exhausted.

- 6.5.9.3** Certificated/licensed employees who are offered but who decline reemployment for a regular, full-time teaching position need not be offered reemployment again in openings which may occur after the certificated/licensed employee's declination of reemployment, provided that a teacher who cannot accept such a position because he/she is under contract in another school district, may be offered another vacancy after expiration of his or her contract if he/she still otherwise qualifies under this procedure. The rights herein granted to a teacher shall be forfeited by the teacher should he (1) waive his or her recall rights in writing, (2) resign, (3) fail to accept recall as provided for herein, or (4) fail to report to work in a position that he or she has accepted within five (5) school days after receipt of the notice of recall, unless such recalled teacher is prohibited from doing so because of physical illness or injuries. Acceptance or rejection of a position other than a regular full-time teaching position shall not of itself constitute a waiver of these recall rights.
- 6.5.9.4** A teacher on the Reduction in Force list shall, upon acceptance of the notification to resume active employment status, return to active employment status with the same accumulation of sick leave and salary schedule placement as said teacher enjoyed at the time of layoff.
- 6.5.9.5** A bargaining unit member's name shall remain on the recall list for three (3) school years (September – August) following the effective date of his/her layoff, unless removed earlier for reasons set forth in this article.
- 6.5.9.6** A teacher who receives a layoff notice in May or later or who has completed one hundred twenty (120) days of service during that school year shall retain his/her paid fringe benefit through August. Subsequently a member of the bargaining unit shall be eligible to retain group hospitalization insurance while on the Reduction in Force list by paying the monthly insurance premiums in accordance with the following procedure: (1) the ETA will be solely responsible for collecting the required money from individual members of the bargaining unit; (2) the ETA will forward a check in the aggregate amount due for a given month, together with a list naming the persons affected, to the Treasurer not later than the 10th of the month immediately prior to the month for which insurance coverage is being retained; (3) if the check from the ETA is not received in the Treasurer's office by the 10th of the

month deadline set forth above, the member of the bargaining unit will be dropped from the Euclid insurance rolls.

6.6 Ohio Criminal Background Check

The Board shall cover the cost up to \$25.00 for criminal background checks for bargaining unit members renewing their teaching license. Any additional costs will be deducted through payroll deduction.

7. SENIORITY

7.1 Seniority Lists

All teachers shall be placed on seniority lists in each of the teaching fields in which the teacher is certified. The three levels - early childhood (K-3), middle childhood (4-9) and young adult (9-12) - shall be separate and distinct. Teachers holding teaching certificates/licenses that encompass more than one level shall be included on all appropriate lists. Teachers holding elementary certificates/licenses have preference over new hires and also shall have seniority credit for retention and recall purposes for seventh and eighth grade subject specific positions for the years they have actually taught said subjects at the secondary level. High school credit courses at the middle school shall be taught by teachers meeting the High School HQT standard and holding the proper certificate/license.

7.2 Seniority Definition

Seniority shall be determined by the length of continuous service in the school system beginning with the first day worked. (Part-time teachers shall receive prorated service credit, i.e., one-half (1/2) time equals one-half (1/2) year of service.)

Among those with the same length of continuous service, seniority shall be determined by:

7.2.1 The date of the Board meeting on which the teacher was hired; and then by

7.2.2 The date the first job application form was submitted by the teacher within the two-year period preceding the effective date of the teacher's first teaching contract with the Board, whether it be the District's application form, an ODE on-line application form, or another on-line application system.

7.2.2.1 The job application form shall be a mutually agreed upon application submitted by the applicant or teacher hired by the District.

7.2.2.2 An applicant or teacher hired by the District must complete a state online application form or other mutually agreed upon application form. The date the online application form is

submitted by the teacher shall be considered the seniority date under Section 7.2.2. of this Agreement. For the ODE on-line application, the “date the first job application form was submitted” shall be defined for seniority determination purposes as the “Last Modified” date on the online application form at the time of hire.

7.2.2.3 Upon hiring, the administrator of HR/Personnel shall be responsible for notifying the potential employee that the online application form must be on file and this date shall be used as a determinant for seniority when there are other employees who are hired with the same length of continuous service and the date of the Board meeting on which the teachers were hired are the same (Section 7.2.1.)

7.2.2.4 An individual with the earliest application date will be considered to have more seniority in the event that the first day worked and date of the Board meeting are the same if the applicant or teacher does not complete an application form, that field shall remain blank and no date of application can be applied towards seniority.

Length of continuous service will not be interrupted by authorized unpaid leaves of absence, layoff, or except to the extent as may be required by law, non-bargaining unit service, but neither shall seniority credit be given for that time; provided, however, that in all cases (with the appropriate proration where a part-time teacher is concerned) one (1) year of seniority credit shall be given with respect to a given school year during which the teacher has actual bargaining unit service of not less than one-hundred twenty (120) days. The continuous service of a teacher who has returned to employment following resignation or other interruption of employment will be measured from the date of return.

Length of continuous service will not be interrupted or affected by authorized leaves of absence or layoff under the provisions of this contract unless the layoff period has been waived or otherwise expired. The continuous service of the teacher who has returned to employment following resignation or other termination of employment will be measured from the date of return.

7.3 Availability of Lists

On or before the bid day posting of each school year, the Association President shall receive in writing a list of all teachers by seniority in each category of certification/licensure. Teachers with certification/licensure in more than one area will be listed in all areas. Continuing contract status and tie-breakers will also be listed.

8. Compensation

8.1 Salary Schedule

Teachers shall be paid in accordance with the indexed Teachers' Salary Schedule attached as Appendix A. The Teachers' Salary Schedule shall be indexed to the Bachelor's Degree/0 experience minimum entry level (B.A./0) which shall serve as Base 1.00, hereinafter referred to as B.A. Base.

8.1.1 Salary Schedule Base

Effective for the first payroll period of each school/employment year, the B.A. Base (B.A./0) for each employment year shall be the following:

A full experience step shall be implemented the first day of the second semester of the 2017-2018 school year. Salary schedule placement changes for additional education (horizontal) shall be honored.

8.2.2 Training Regulations

C	90 semester hours

A ²	24 semester hours beyond Master's degree*
A ³	36 semester hours beyond Master's degree*
A ⁴	48 semester hours beyond Master's degree*
A ⁵	60 semester hours beyond Master's degree*

*College courses must be taken at the graduate level and taken after the Master's Degree has been awarded.

8.2.2.2 Approval of Courses

Reasonable latitude will be given teachers in the selection of courses. Courses should relate to the work of the teacher or be required for a degree. The Superintendent is authorized to refuse approval of credits for salary schedule advance beyond schedule "A" when the courses do not relate to improvement of educational program or the teacher's specific assignment unless otherwise specified by state law. After initial employment, to advance beyond schedule "A" courses and areas of study must receive advanced

approval from the Superintendent. Such requests shall be made in writing.

- 8.2.2.3** Bargaining unit members shall receive a tuition reimbursement of .00105 of the B.A. base per quarter hour or .0015 of the B.A. base per semester for each hour of proper credit approved by State Department of Education for course work required for recertification.

8.2.3 STRS Pickup (Salary Reduction Method)

In accordance with Internal Revenue Code ("IRC") Section 414(h)(2), the Board shall pick up all of the required member contributions of all employees to the State Teachers Retirement System ("STRS") and School Employees Retirement System ("SERS"). The pick-up shall be a "salary reduction" pick-up of the entire amount of the member contribution which the employee is required to contribute to STRS or SERS, based upon the salary and all other "compensation" of the employee under Ohio Revised Code ("ORC") Section 3307.01 or 3309.01. Accordingly, the compensation of an employee covered by the salary reduction pick up shall be deemed to be reduced by the amount of the pick-up; and the Treasurer is hereby authorized to pay an equal amount the amount of the salary reduction pick-up directly to STRS or SERS as a member contribution of the employee. No employee shall have the option of receiving cash or other taxable benefits or amounts in lieu of having a pick-up in effect for all of the employee's required member contributions to STRS or SERS. The Board's total combined expenditures for total annual salaries of all members of the bargaining unit (including "pickup" amounts) and its employer contributions to STRS shall not be greater than the amounts it would have paid for those items had this provision of this Agreement not been in effect.

- 8.2.3.2** The District shall fulfill its income tax reporting and withholding responsibilities for each employee in such manner as is required by applicable federal, state and local laws and regulations as they may exist at the time of such reporting and withholding. It is the District's understanding that no picked up amount is currently subject to any federal or state income taxes; and that with respect to a pick-up done under the salary reduction pick up method, federal and Ohio income tax laws and regulations presently require it to report as an employee's gross income his total annual salary less the amount of the salary reduction pick-up (i.e. his cash salary), while applicable

federal employment tax laws (e.g. the Medicare tax) and Ohio municipal income tax law require it to report as an employee's gross income, his total annual salary including the amount of the salary reduction pick-up.

- 8.2.3.3** The pick-up shall be included in the member's total annual salary for the purpose of computing daily rate of pay, for determining said salary adjustments to be made due to absence, or for all other salary related purposes.

8.3 Professional Development Training Compensation

Teachers shall have the opportunity to attend professional development training in return for compensation. For each five (5) hours attended up to a maximum of twenty (20) hours per year, the teacher shall be paid at the rate set out in 2.1.3, i.e., .0050 of the BA base salary. Teachers who qualify for such compensation shall be paid with the final check in June. The EPDC will review the Request for Professional Development Training form at the request of the Superintendent's designee or the ETA President (see Appendix F).

8.4 In-Service Credit

In-service credit may be used in determining eligibility for any reclassification on the salary schedule; however, no more than half of the total credits required may consist of such in-service credit.

In-service credit is based on the "mini unit" system. Eight (8) mini units equal one (1) in-service hour of credit. Mini units earned during a contract year that do not total one in-service hour are not carried over to the next contract year.

Filing the appropriate forms to receive in-service credit is the teacher's responsibility. Further information on in-service credit is contained in the professional growth committee guidelines, available in building offices.

8.5 Extra Duty Assignments

- 8.5.1** Extra-duty assignments shall continue to be compensated according to the activities and pay schedules in Appendix B. All ratios refer to B.A. base salary unless a difference is specified.

8.5.2 Seasonal extra-duty assignment shall be paid in one lump sum no later than the dates listed below:

Fall Sports – November 15th
Winter Sports – March 15th
Spring Sports – June 15th

8.5.2.1 Such pay will not be withheld except for failure to complete major job responsibilities as follows:

8.5.2.1.1 Season completion, i.e., performance of basic coaching responsibilities.

8.5.2.1.2 List of students to receive awards.

8.5.2.1.3 Preparation of budget for following year.

8.5.2.1.4 Collection of equipment, with list of lost items submitted to Athletic Director.

8.5.2.1.5 Completion of certification requirements, BCII, and payroll forms.

Payment will not be withheld without due process and just cause.

8.5.2.2 When the extra-duty assignment runs concurrently with the entire school year, e.g., Departmental Chairpersons, consulting teachers and psychologists, payment will be made concurrently with the pay periods in the contract year.

8.5.2.3 Assignments that begin on or before the second payday in January will be paid on the second payday in January.

8.5.2.4 When the extra-duty assignment normally runs concurrently with the entire school year, e.g., yearbook advisor, but is not commenced until after the start of the year, payment for the assignment will be made concurrently with the remaining pay periods in the contract year.

8.5.3 Extra-duty assignments that are now paid or become paid but do not appear in Appendix B shall be added to Appendix B. Should the Board create a new extra-duty assignment to be paid, it shall be subject to bargaining under Chapter 4117 and then posting. Nothing in this Section

shall be construed as requiring the Board to fill any paid extra-duty assignment.

- 8.5.4 Experience increments as listed in Appendix B shall be for each year of service in the activity within the school system.

8.6 Satisfactory Work Required

A mark of "C" in a graduate course is considered satisfactory under the provision that a "B" average is maintained in all graduate courses. Under a "Pass-Fail" grading system, a grade of "Pass" is acceptable.

8.7 Filing of Credits

- 8.7.1 Filing of credits in the Superintendent's office is the responsibility of the teacher. For graduates, the official transcript must be presented.
- 8.7.2 An official transcript of additional training for determining salary schedule classification must be submitted to the Superintendent on or before August 30 or on or before January 15. Salary schedule classifications will be revised twice a year.
- 8.7.3 Teachers whose credits are submitted prior to August 30 will automatically receive the full increment. Credits filed in relation to the January 15 date will be computed on a per diem basis from the semester break.
- 8.7.4 Reclassifications will be made twice per year, with additional training to be submitted on or before August 30 for adjustments to be effective with the September 15 pay date and additional training to be submitted by January 15 for adjustments to be made effective with the first day of the second semester.
- 8.7.5 In-service credits shall expire within one year from the date of completion.

8.8 Salary Payments and Deductions

- 8.8.1 Teachers' annual salary shall be paid in twenty-four (24) pays. Pay will be issued twice a month, on the 1st and the 15th. If the pay date of the 1st and 15th lands on a Saturday, Sunday or holiday, the pay will be issued on the weekday prior to the Saturday, Sunday, or holiday, except for the July 1 pay which will be issued the following day. Paystubs will not be mailed and shall be available to the member online. When school is not

in session paystubs will be made available on request.

8.8.2 Daily Rate

In computing deductions for those absences for which a deduction in pay is to be made, the basis shall be the daily rate. The daily rate is calculated by dividing 184 days into the approved salary of the teacher. The calculation of the daily rate is subject to state regulation. Salaries of persons working less than a complete school year shall be calculated on the number of actual days taught times daily rate.

8.8.3 Deductions

All employees' salaries are automatically subject to deductions for the retirement systems, federal income tax, medicare, state income tax, and city income tax.

Except for deductions attributable to legal or contractual obligations, other deductions may only be made with the consent of the employee. These include 403(b) and 457 plans, the Section 125 flexible benefit plan, ETA dues, Eaton Family Credit Union, STRS Purchase, STRS Deferred Purchase, United Way, Community Shares, Political Deduction, and U.S. Savings bonds.

Also, premiums for annuities as defined in Section 403 (B), Internal Revenue Code, shall be sent from each paycheck. No employee shall have more than one annuity premium deducted at a time. Adjustments may be made at any time but only once per year.

8.8.4 Payroll deduction for ETA/OEA/NEA dues and assessment shall be made biweekly on the first and second pay of the month commencing on November 1 through July 31 (18 pays)—depending on when the member enrolled and shall automatically continue each year thereafter unless notified by ETA or the employee leaves the district. Employees paid over a ten-month period shall have sixteen (16) pay deductions.

All dues and authorization forms shall be executed and in the possession of the Treasury Office by November 1 (nine [9] deductions) or the first of each subsequent month that deductions are to begin. All authorization forms shall state the monthly deduction amount to be deducted. Any employee covered by this Agreement shall have dues deducted if there

is net pay remaining after all other authorized deductions (excluding United Way and Credit Union) have been deducted.

8.9 Medical Benefits

8.9.1 The Board shall supply various health plan benefits with family coverage to the employee.

8.9.1.1 Employees will pay ten percent (10%) of the single and family (as applicable) premium cost for major medical and hospitalization coverage.

8.9.1.2 The Healthcare Committee shall continue its current work to achieve the following objectives: maintenance of high level of coverage

tailored to meet staff needs; maintain a high level of choice of providers; maintain current annual maximum out-of-pocket expenses for medical coverage to employees who receive in-network coverages.

To achieve this objective, the committee will continue to meet on a regular basis and work to reach consensus on a plan design. The committee will review proposals that are secured from possible providers, interview finalist carriers, work to reach consensus on a provider and make recommendations to the Board of Education and the ETA for a new provider as soon as possible.

8.9.1.3 Major Dental Program

The dental plan will be changed to a managed care dental enhanced PPO plan. The preferred provider dental plan includes a network of dental providers available to employees and their dependents. Plan members can elect to receive dental services from network or non-network providers. The plan pays a percentage of allowable charges based on either a negotiated fee or a reasonable or customary fee. The plan allows for a 100% reimbursement of allowable charges for covered preventative services that are received once every six months when using in network dentists. Other covered services are subject to a single-family deductible of \$100/\$200 with 80% coverage thereafter for most services, and a maximum annual plan payment of \$2,000 per person. Orthodontic services are covered at 60% with a separate lifetime maximum of \$1,500 per person. Final selection of the provider shall involve consultation with ETA. Effective September 1, 2010 employees will pay 6% of the Board's single and family (as applicable) premium cost for participation in the dental program. Preventive services for dental are received twice in any period of 12 consecutive months.

- 8.9.1.4** Teachers who choose to participate in a whole health maintenance plan shall have their premiums for single or family coverage paid by the Board up to the monthly maximum of the family coverage premium paid by the Board for the Board-contracted Medical Insurance High Level Benefit Plan.

8.9.1.5 Prescription Drug

Effective September 1, 2010, the co-pay for prescription drugs at retail shall be \$10 for generic, \$15 for formulary and \$25 for non-formulary. Effective September 1, 2010 the co-pay for prescription drugs secured via mail order shall be \$15.00 for ninety day supply for generic and \$20.00 for formulary and non-formulary for ninety day supply. Maintenance drugs are available via mail order, and must be obtained after the third retail refill. Generics are mandatory unless the physician requires a brand name by an explanation of the medical reasons that the generic does not provide an equivalent benefit.

8.9.1.6 Vision Care through the Ohio Vision Service Plan – Option #3. Option #3 provides exam and lenses (every twelve months), frames (every twenty-four months), tints, oversize lenses/frames, no non-panel deductions, and no deductible. For a panel doctor, the frame allowance is \$22.00. Cosmetic contact allowance is \$100.00. The non-panel reimbursement schedule is as follows:

Exam	\$ 30.00	Lenses: Single Vision	\$ 25.00
Frames	\$ 30.00	Bifocal	\$ 40.00
Trifocal	\$ 50.00		
Lenticular	\$ 80.00		

Non-Panel Contacts:

Necessary	\$200.00
Cosmetic	\$100.00

8.9.2 Choice of insurance carriers for all insurance fringe benefits shall be at the discretion of the Board provided that every member is entitled to no less than maximum benefits of current coverage. The benefits are set out in the Plan Design as outlined in the Schedule of Benefits. The Association will be given the opportunity to examine coverages to be given by new insurance carriers, if any, prior to final approval by the Board. The Board's contracts with insurance carriers may include (1) anti-duplication provisions under which the Board's obligation will be to provide secondary coverage to those employees eligible for coverage under some other insurance fringe benefit plan, and (2) where spouses are both employed by the Board, the Board shall in no case be obligated to provide more than one plan per family. This section shall not be

construed to prohibit providing required coverages by means of self-insurance or a combination of self-insurance and fully insured programs.

- 8.9.3** Effective September 1, 2008, spouses of bargaining unit members who are initially hired beginning with the 2008-2009 school year who have health insurance available from the employer/retirement provider of the spouse must enroll as single coverage for all available medical, drug, dental, and prescription coverages through the employer/retirement provider of the spouse, or should the spouse elect not to enroll and participate in that coverage, the district employee shall pay an additional \$200 per month for family coverage, in addition to any other contributions otherwise due.

This requirement does not apply to any spouse who works less than 30 hours per week or is required to pay more than forty percent (40%) of the single premium to participate in her/his employer/retirement provider's group health insurance coverage and/or prescription drug insurance coverage. Subject to the employee premium share set forth in section 8.8 above, other dependents (such as children, stepchildren, or adopted children) of the bargaining unit member may remain on the district's plans with primary coverage.

Upon the spouse's enrollment in any such employer/retirement provider-sponsored drug group insurance coverage, that coverage will become the primary payer of benefits for the spouse and the coverage sponsored by the Board will become the secondary payer of benefits. An employee whose spouse participates in the Board of Education's group health insurance coverage and/or prescription drug insurance coverage shall complete and submit to the Board, upon request, a written declaration verifying whether her/his spouse is eligible to participate in group health insurance coverage and/or prescription drug coverage provided by the employer/retirement provider of the spouse.

Should a teacher submit false information or fail to timely advise the Board of a change in her/his spouse's eligibility for a group health insurance and/or prescription drug insurance through the spouse's employer/retirement provider, and such false information or failure by the results in the Board's plan providing benefits to which the spouse is not entitled, the teacher shall be personally liable to the plan for reimbursement of the full cost of any benefits and expenses, including attorneys' fees and costs, incurred by the Board's plan. Any amount to be reimbursed by the teacher may be deducted from the salary or benefits

to which the teacher would otherwise be entitled. In addition, the spouse will be removed immediately from the Board's group health insurance and/or prescription drug insurance coverage. Submission of false information regarding eligibility of a spouse for health benefit and/or prescription drug coverage from the employer/retirement provider of the spouse by a teacher will subject that teacher to disciplinary action up to and including possible termination of employment.

8.9.4 Any employee who is covered by his/her spouse's family medical coverage may annually waive his/her coverage in Section 8.9 in writing and receive .01278 per year cash "waiver bonus" at the end of the school year. (This option includes two Euclid employee families.) The waiver must clearly explain the procedure for enrollment if spouse's coverage is lost during the year. This waiver shall occur at the time of initial employment and annually thereafter.

8.9.5 A member of the bargaining unit and his/her "qualified beneficiaries" shall be eligible to retain group hospitalization for eighteen (18) or thirty-six (36) months according to the procedures outlined by COBRA by paying the monthly insurance premiums to the Treasurer's office.

8.10 Severance Pay

Members of the bargaining unit actively employed on a permanent or part-time basis by the Board who elect to retire and have been accepted for retirement by The State Teachers Retirement System of Ohio and the School Employees Retirement System shall be paid a lump sum equal to one-fourth (1/4) of the value of the accrued, but unused sick leave credit to a maximum of sixty (60) days reverting to forty (40) days in any year in which a retirement incentive is offered and 1/10 of the value of the accrued, but unused sick leave credit for any remaining days from 241 days up to 340 days for teachers who provide written notice of retirement by February 1 of their retirement year and the teacher continues to work through the last teacher work day. All personnel not qualifying for paragraph one actively employed on a permanent basis, retiring between the ages of fifty and sixty who have fifteen (15) to twenty (20) years of Euclid service, will receive severance pay equal to one-sixth (1/6) of the accumulative sick leave to a maximum of fifty (50) days reverting to thirty (30) days in any year in which a retirement incentive is offered.

All personnel not qualifying for paragraph one actively employed on a permanent basis between the ages of fifty and sixty with over twenty (20) years of Euclid service will receive severance pay equal to one-sixth (1/6) of

the accumulative sick leave to a maximum of sixty (60) days reverting to forty (40) days in any year in which a retirement incentive is offered.

Such payment shall be based on the employee's daily rate of pay at the time of retirement exclusive of all supplemental pay. Payment for sick leave on this basis shall be considered to eliminate all sick leave credit accrued by the employee. Such payment shall be made only once to any employee.

Teachers shall receive their severance payment in January of the succeeding year following retirement. This payment shall be paid into a tax sheltered annuity.

Any teacher electing to retire on or after the last teacher work day of a school year shall retain medical benefits through the end of August. Medical benefits shall terminate the last day of the last month worked for any teacher electing to retire before the last teacher work day of a school year. When calamity days extend the teacher workdays into June and a teacher previously elected to retire effective the last teacher workday of the original district school year now elects to maintain the original retirement date, that teacher shall retain medical benefits through the end of August.

8.11 Early Retirement Notification Payment

This section is in effect both years of the contract, the days will remain the same; the school years shall change to reflect the 2017-2018 school year (as shown), and the 2018-2019 school year.

8.11.1 The Board will pay to eligible and participating bargaining unit members, an early retirement notification payment in the amount of four hundred dollars and zero cents (\$400.00), to be paid to such members in the final payroll of 2017-2018 school year.

8.11.2 To be eligible to receive the 2017 Early Retirement Notification Payment, bargaining unit members:

- a. Must be under contract and a member of the bargaining unit, as defined in Article 1 of the 2017-2019 Collective Bargaining Agreement between the Board and the Association, at the time of notification;
- b. Must work the entire 2017-2018 school year (i.e., complete the full 2017-2018 school year in active pay status);

- c. Must be eligible to retire and receive payments from STRS effective no later than August 1, 2018 under STRS requirements (e.g., 30 years of service, or age 55 with at least 25 years of service, or age 60 with at least 5 years of service);
- d. Must provide the Board with a signed and written irrevocable letter of resignation, for purposes of retirement, with the retirement effective no sooner than the last work day of that school year and no later than the first workshop day of the next school year.

8.11.3 The following conditions will cause an Association member to be ineligible to participate in the 2017 Early Retirement Notification payment:

- a. Terminated, non-renewed, or resigned;
- b. Failure to meet deadlines as listed in this Agreement; or
- c. Currently retired and/or receiving retirement benefits from STRS.

Teachers required to travel on school business as part of their duties shall be paid mileage at the IRS approved rate for such travel. Adjustments will be made on January 1 of each year.

Forms for recording such mileage shall be given upon request to each teacher involved in travel by his Administrative Supervisor. Each teacher shall be

notified of the availability of forms. Payment for mileage expense shall be paid at least once each semester. To receive reimbursement, said forms shall be submitted monthly, or when at least fifty (50) miles have been accumulated.

9. ABSENCES AND LEAVES

9.1 Leaves of Absence – General Provision

Paragraphs one through five of this section shall apply to leaves granted under this article unless a particular leave expressly states otherwise.

- 9.1.1** A leave of absence is defined as a period of absence from duty by an employee for whom a written request is submitted and approval is given by the Superintendent and the Board except as otherwise provided. However, no leave of absence shall be granted for employment in another occupation or business, except for teaching in a foreign country.
- 9.1.2** Subject to the provision below, a teacher upon return to service at the expiration of an approved leave of absence, shall resume the same position held before the leave or if not available, to an assignment in the same area of certification taught prior to the leave, or if not available to a position for which the teacher is certified. Seniority shall control unless the teacher's return to the same position or to a position in the same area of certification taught prior to the leave would result in the layoff of another teacher. In that event, if there is a vacancy in another area of certification held by the returning teacher, the returning teacher shall be assigned to fill that vacancy. Upon return, the teacher shall resume the same contract status held prior to such leave. With the exception of sabbatical leave granted under Section 9.3 of this article, no credit shall be allowed on the salary schedule for any unpaid leave of absence.
- 9.1.3** The Superintendent is authorized to set a date upon which a teacher on leave of absence must indicate his intention to return to duty. If the teacher fails to comply with the Superintendent's request by the designated date, or by April 1 if no date has been designated, the leave of absence shall become a resignation. A one-year extension of the original leave of absence may be granted upon the recommendation of the Superintendent and the approval of the Board of Education. Leave of absence termination shall coincide with the school year. The Superintendent may take exceptions to the before-mentioned policy.
- 9.1.4** Individuals on any approved leave may continue their hospitalization and other group benefits for the duration of said leave providing they reimburse the Board for premium costs. Failure to forward premium at stipulated times will terminate this benefit.

9.1.5 A teacher seeking an extension of a leave of absence shall be notified that she/he may return to a different position if such assignment would avoid a layoff of another teacher.

9.1.6 A teacher on an unpaid leave of absence beginning anytime during the 4th quarter of the school year and continuing to the end of the school year may request to receive his or her prorated annual salary throughout the summer months or receive a lump sum payment.

9.1.7 Dues Collection

In accordance with the dues agreement executed by members of the bargaining unit who choose to join the association, teachers on leaves of absence are not excused from paying professional dues. When a leave is for a half year (90 days) or more, the teacher is entitled to pay half-time dues. When taking a leave of absence which would result in the teacher not returning to work during that same school year, the balance of the annual dues will be deducted from the teacher's final paycheck. If this deduction does not occur, the teacher, by executing the dues agreement, has agreed to pay the ETA as collection agent for OEA, NEA, and NEOEA, upon demand, the remainder of the dues for the membership year. Board action to deduct unpaid dues from the teacher's final paycheck is an activity of the employer covered by the indemnification provisions of this negotiated agreement, Section 13.14.7.

9.1.8 Family and Medical Leave

9.1.8.1 All members shall be entitled to up to twelve (12) weeks of leave in any twelve (12) month period for the treatment of their own serious medical condition, the care of a spouse, child, or parent with a serious medical condition, or the birth of a member's child or the placement of a child with a member for adoption or foster care, in accordance with the Federal Family and Medical Leave Act. To be eligible for FMLA leave, the teacher must have been working for the Board for at least twelve (12) months before the leave request (these do not need to be consecutive months); and have worked at least One Thousand two hundred fifty (1250) hours during the twelve (12) month period preceding the FMLA leave.

- 9.1.8.2** For purposes of calculating the amount of leave available to a member, a rolling twelve (12) month period, measured backward from the date leave is taken, shall be used.
- 9.1.8.3** If leave is foreseeable, the member shall give the Board thirty (30) days' notice of the need to take the leave. The member should make reasonable efforts to schedule medical treatments so as not to unduly disrupt the Board's operations. If advanced notice is impossible, the member shall give the Board as much notice as is practicable.
- 9.1.8.4** Members may substitute any accrued paid leave under Sections 9.4.1 or 9.8 or unpaid leave under Section 9.2 or Section 9.4.2 of this Agreement for family and medical leave. Substituted paid and unpaid leave will count toward the member's twelve (12) week allotment of family and medical leave.
- 9.1.8.5** If medically necessary, a member may use his/her family and medical leave on an intermittent basis, by taking leaves of absence of less than a day or working a reduced work week. A member may request a temporary transfer to a position with equivalent pay and benefits if the new position better accommodates the member's leave schedule. Only the actual time which a member misses due to family or medical leave will be applied to the twelve (12) week limit.
- 9.1.8.6** While on family and medical leave, the Board will continue to maintain the member on the Board's health insurance plan and continue to pay its share of the member's health insurance premiums. Where unpaid leave that does not normally provide paid health insurance benefits is substituted for family and medical leave, the Board will pay the health insurance premiums during such leave so long as the total period during which such premiums are paid does not exceed twelve (12) weeks within the applicable (12) month period.
- 9.1.8.7** When a member returns from family and medical leave, the member shall be restored to employment in accordance with Section 9.1.2 of this Article.
- 9.1.8.8** Members requesting family and medical leave shall present a written certification of the need to take family and medical leave within fifteen (15) days of requesting such leave. The Board may, at its expense,

require the member to obtain a second opinion by a physician designated by the Board. If the two opinions differ, then the Board can require a third opinion, at its expense, from a health care provider mutually agreed upon by the Board and the member. The third opinion shall be final and binding.

9.1.8.9 This provision shall be interpreted and applied consistently with the Federal Family and Medical Leave Act and its implementing regulations. Nothing herein is intended to reduce or restrict the rights contained in Article 9, Sections 9.1 through 9.9.

9.2 Child Rearing Leave

9.2.1 Leave without pay for a period not to extend beyond two complete school years shall be granted teachers requesting child-rearing leave which shall include adoption. The date established for the beginning of such leave shall be determined by the teacher. The request shall be submitted at least thirty days prior to the date on which the leave would be scheduled to begin or as soon as the employee becomes aware of the need for the leave, whichever is later. A teacher is eligible for two (2) years of child-rearing leave after the birth of each child, not to exceed four (4) consecutive school years. To be eligible for a subsequent child-rearing leave, a teacher must return to duty and perform in a full-time teaching assignment for at least one (1) school year before the start of subsequent leave.

9.2.2 The Board may require that the termination of such leave coincide with the end of a school year, the end of a semester, or some other point in time at which the teacher's return coincides with the needs of the Board to avoid disruption of the studies of pupils and work schedules of other employees. This provision shall not be construed to require return while illness or disability precludes their return.

9.2.3 Teachers who begin child-rearing leave after April 1 of the school year and who have completed the equivalent of at least one hundred twenty (120) full-time workdays in that school year shall have their family hospitalization insurance coverage paid by the Board through August of that year.

9.2.4 Any bargaining unit member who adopts a child ages 2 and under shall be entitled to three (3) weeks of paid sick leave. For an adopted child over

2 years of age, there is no allowable use of sick leave. Refer to FMLA or child-rearing leaves for procedures for additional unpaid absences.

9.2.5 Any bargaining unit member who gives birth to a child shall be entitled to up to eight (8) weeks (two weeks prior to birth and six weeks after delivery) of paid sick leave without submission of medical verification.

9.2.6 A bargaining unit member who fathers a child and who has responsibilities for the care of the child or mother of the child shall be entitled to two (2) weeks of paid sick leave without medical documentation.

9.3 Sabbatical Leave

Believing strongly that the improvement of instruction rests upon continual study on the part of the professional staff, the Board supports the principle of sabbatical leave and will subsidize each granted request with the difference between the annual salary of the teacher granted the sabbatical and the BA base.

The Superintendent may recommend only one percent (1%) of the staff each year for this academic privilege under the following conditions:

9.3.1 A tentative request must be submitted to the Superintendent on or before March 15. A formal request must be submitted before May 1. The leave, if granted, will take effect the succeeding school year.

9.3.2 The Superintendent will consider these requests in the time order in which they are received between March 15 and May 1.

9.3.3 The letter of request shall contain the name of the college or university involved, the type of academic effort intended, and the time schedule to be observed.

9.3.4 The bargaining unit member must hold at least a professional license or permanent certificate and have served in Euclid seven (7) years and must guarantee that the teacher will return to serve in the Euclid City Schools for a period of three (3) years or forfeit the entire amount of the original subsidy.

9.3.5 Upon careful study and with the advice of the administrators involved, the Superintendent will submit at the May meeting to the Board of Education

a positive resolution relating to individual requests for sabbatical leave. The requests must be accompanied by the necessary guarantee.

9.3.6 The teacher will be notified immediately of the action of the Board.

The teacher will notify the accounting department of his/her address for the coming year.

9.3.7 For salary schedule classification, one year of sabbatical leave will be considered one year of teaching experience.

9.4 Disability or Illness Leave

9.4.1 Sick Leave

9.4.1.1 Each member of the bargaining unit shall be entitled to fifteen (15) days sick leave with pay for each year under contract which shall be credited at the rate of one and one-quarter (1-1/4) sick leave day per month, as authorized by O.R.C., Section 3319.141. Sick leave days shall be credited in each month on a prorated basis related to days employed in district.

9.4.1.2 Each member of the bargaining unit shall be entitled to an advancement of five (5) days of sick leave at the beginning of each school year to be charged against sick leave the employee earns, as it is earned, provided, however, that sick leave days advanced must be repaid in the same year.

9.4.1.3 Employees advanced five (5) days sick leave at the beginning of the school year who, because of extended illness or otherwise, cannot repay the sick leave in the same school year with earned sick leave, will have the used but unearned sick leave days deducted from their salary.

9.4.1.4 If a medical need should arise during the year and all fifteen (15) days have not yet been earned, upon consultation with Human Resources Manager, up to ten (10) unearned days in addition to the five (5) in Article 9.4.1.2 above may be advanced for use. Factors involved in the decision-making include, but are not limited to, the employee's ability to provide assurance that he/she will be returning to active status to "earn" the advanced days; whether advancing the days will help avoid a "payoff" situation; potential need for time upon employee's return to active status; history of overuse of leave time;

and any other relevant factors to the employee's unique situation. In the event employees advanced days under this Article 9.4.1.4. cannot repay the sick leave in the same school year with earned sick leave, employees will have the used but unearned sick leave days deducted from their salary. The total number of days advanced and earned shall not exceed fifteen (15) in the same school year.

A member who has been denied the advance of additional sick days as outlined above who has accumulated sick leave by the end of the school year shall have the option to (1) be reimbursed for their docked time with a corresponding number of sick leave days deducted from their bank, or (2) to retain the accumulated sick leave in their bank. The human resources department will notify an employee on leave of these two options at the start of his/her leave. The member must notify the human resources department by May 15 if he/she selects option 1 above; without notice option 2 above shall apply.

9.4.1.4 Each member of the bargaining unit shall qualify for sick leave absences with full pay, up to the total number of days accumulated, for one or all of the following reasons:

9.4.1.4.1 Personal illness.

9.4.1.4.2 Disability resulting from pregnancy.

9.4.1.4.3 Injury.

9.4.1.4.4 Exposure to contagious diseases which could be communicated to others.

9.4.1.4.5 Necessary absence due to illness, injury or death in the employee's and spouse's immediate family. The immediate family is defined as husband, wife, children, mother, father, sister, brother, any member of the teacher's household or any other person standing in the relationship of one of the above defined individuals.

In the event of death, "immediate family" will be defined to include the above persons plus those members of the employee's family with whom the employee has such a relationship that the employee requires a leave for family

bereavement.

9.4.1.5 Sick Leave Donations

In the event a member of the bargaining unit experiences a catastrophic illness or debilitating injury and exhausts sick leave as a result, the ETA and the administration may agree to establish a mechanism to allow for continued medical coverages and/or receipt of compensation. Any agreement on, failure to agree on or failure to request the establishment of such a mechanism shall not be precedent setting, shall not be subject to the grievance procedure and/or an unfair labor practice charge.

9.4.2 Medical Leave of Absence

9.4.2.1 When a teacher has exhausted his accumulated sick leave and is still unable to return to work, the Board of Education, upon the recommendation of the Superintendent, will place the teacher on Medical Leave of Absence.

9.4.2.2 Such a leave will begin on the date that the accumulated sick leave reaches the zero point and the teacher has no earnings due and will be for not less than the balance of the current school year or current school semester whichever is shorter and for a maximum period of not more than two (2) consecutive school years in addition to the remainder of the semester during which it commences. For teachers who are accepted and receive disability retirement benefits from the STRS, the period of medical leave of absence shall be for up to five (5) years. A teacher who is accepted and receives STRS disability retirement payments shall be included in the STRS health insurance system and shall not be eligible for health care benefits beyond those set forth in Section 9.4.2.3 below.

9.4.2.3 While a teacher is on Medical Leave of Absence, but has not been accepted for STRS disability, the Board will pay its share of the total fringe benefit package for the following periods: employees with zero (0) to three (3) years in-district experience – three (3) months; those with over three (3) but not over five (5) years' experience – six (6) months; those with five (5) to ten (10) years – one (1) year; over ten (10) years – twelve months during any consecutive 24-month period of Medical Leave of Absence. However, up to an additional twelve (12) months shall be granted to any person who can provide

verification of pending application or appeal to STRS disability that has not yet been determined. If STRS is ultimately denied, the Board shall no longer pay its share of the total fringe benefit package at the end of the month in which the STRS is denied. If STRS is ultimately denied and the teacher desires to return to work, he/she may do so in accordance with Article 9.4.2.4. If he/she can return to work his/her benefits shall continue until reinstatement at the school year or semester start, but shall not exceed 24 months during any consecutive 24-month period of Medical Leave of Absence.

9.4.2.4 A teacher on Medical Leave of Absence who intends and desires to return to work at the beginning of the next school year or semester shall file an application for reinstatement by April 1 for the next school year and December 15 for the second semester. The application must be accompanied by a physician's statement indicating the teacher's medical condition is or may be reasonably anticipated to be such that the teacher is capable of returning to work. Nothing herein shall prevent later application and the timeliness of application shall not be a basis for denial of return. Consideration shall be made on the availability of positions open at that time.

9.4.2.5 A teacher may request emergency short-term medical leave for a total period not exceeding thirty (30) calendar days. A condition precedent to the granting of any such short term emergency medical leave shall be the providing by the teacher of a physician's certificate verifying the necessity of such leave.

9.5 Cumulative Sick Leave

9.5.1 Members of the bargaining unit shall accumulate sick leave as set forth in Section 9.4.1.1 above to a maximum of three hundred forty (340) days.

9.5.2 A teacher new to the District may transfer all accumulated and unused sick leave from prior public service as permitted by law. Proper verification must be presented from the teacher's prior employment to the Treasurer's office before credit will be given. Each pay stub will reflect the cumulative and unused sick leave for each teacher as of the date indicated on the pay stub.

9.6 Personal Leave

All certified personnel shall be granted up to three (3) days of paid personal leave each contract year. Unused personal leave days are rolled over into sick leave accumulation. Personal leave available for any teacher employed less than a full year will be pro-rated.

Paid personal leave days are provided for legitimate business, professional, personal, family obligations, and emergencies that an employee encounters which cannot be met outside of the regular school day. Typical of these obligations, although not all-inclusive, are court appearances, scheduled medical examinations, religious holidays, graduation exercises, honors convocations honoring the employee or members of his immediate family and real estate transactions. This provision for paid personal leave is not to be used to extend holidays or recesses for the pursuit of sporting or recreational interests, hobbies, avocations, other gainful employment, shopping, baby-sitting (including grandchildren) or such activities as yard maintenance, or to attend business trips with one's spouse.

Three (3) additional days of personal leave will be granted for the sole purpose of observance of recognized religious holidays where observance of that religious holiday requires total abstinence from work by the teacher. In that event, the teacher, through his/her building principal will make arrangements to engage in compensatory professional activities (See Appendix E and E1) to make up any days of personal leave in excess of three in a school year. Said make-up days may be made up in whole or in partial days within the school year. If at the end of the year, the teacher has unused personal leave days, the religious days will be charged against unused personal leave days at the request of the teacher.

- 9.6.1** Routine doctor or dental appointments are to be charged to personal leave.
- 9.6.2** Emergency doctor appointments when an employee becomes ill at work or doctor appointments when an employee is off sick are to be charged to sick leave.
- 9.6.3** Applications for paid personal leave shall, except in emergencies, be made through the teacher's building principal or his designee to the appropriate Assistant Superintendent or his designee at least one (1) day prior to the date of the intended leave. Emergency is defined as an urgent matter which requires an absence from work.

9.6.4 Proper submission of said form consistent with this section shall constitute approval.

9.6.5 Personal leave knowingly utilized in violation of this policy shall be considered as insubordination (as defined in O.R.C. 3319.16) and shall result in appropriate disciplinary action up to and including contract termination.

9.7 Special Leave

Should a member of the bargaining unit use all three (3) of their personal leave days in a single school year and/or an unusual personal situation arises, the employee may apply to the Superintendent for use of up to five (5) Special Unpaid Leave days by submitting a completed Personal Leave Form. No more than five (5) consecutive days (paid or unpaid) shall be approved. In applying for consideration of Special Leave, the employee and Association President shall meet and provide the Superintendent and appropriate Principal with all relevant information regarding such request. Special Leave can only be requested after all three (3) personal leave days have been used in a specific year. The decision of the Superintendent shall not be subject to the grievance procedure.

9.8 Assault Leave

The Board will provide, at the discretion of the Superintendent, Assault Leave (see Section 12.5), wherein a teacher is absent due to physical disability resulting from an assault by a student, trespasser, or injury while mediating a dispute, which occurs in the course of an employee's Board employment will maintain the teacher on full-pay status during the period of such absence under the following provisions:

9.8.2 If medical attention is required, a certificate stating the nature of the disability and its duration from a licensed physician shall be required before assault leave can be approved for payment.

9.8.3 Falsification of either a written, signed statement or a physician's certificate shall be grounds for suspension or termination of employment under Section 3319.16 of the Ohio Revised Code.

9.8.4 Assault leave granted under these regulations shall not be charged under sick leave earned or earnable under Section 3319.141 of the Revised Code or leave granted under regulations adopted by the Board pursuant to Section 3319.08 of the Revised Code.

9.9 Jury Duty/Court Leave

9.9.1 Members called to jury duty shall be paid her/his regular per diem and shall retain any compensation paid by the court for jury service.

9.9.2 Days missed by members subpoenaed to court to testify in a proceeding where the member is not a party to the action shall be treated in the same manner as jury duty. As an example, divorce or domestic disputes where the member is a party are not included.

9.10 Bereavement Leave

In the event of the death of an immediate family member (as defined in Article 9.4.1.4.5), a total of up to five (5) paid sick days may be used for each occurrence. Additional paid sick days may be granted if the bargaining unit member provides a certificate from a licensed physician stating the nature of the bargaining unit member's medical need related to the immediate family member's death, and the duration of the leave.

9.11 Other Leaves

In addition to the other leaves listed herein, a member of the professional staff who has served in the Euclid Schools for not less than two (2) years may be granted a leave of absence for a period of not more than two (2) school years for education, professional, or other approved purpose. The leave may begin at the beginning of each semester or other times approved by the Superintendent. Return shall be in accordance with Section 9.1.3.

10. SUBSTITUTE TEACHERS

- 10.1** Unless a substitute is not available or not feasible due to the shortness of the absence, the Board will provide substitutes for all teachers.
- 10.2** The request of a teacher for a specific substitute shall be granted provided that substitute is available for the assignment and the principal approves the substitute.
- 10.3** Teachers may submit a report of substitutes, excluding building substitutes, on the official substitute report forms. This shall be done through the building principal and, of course, shall be available to the substitute upon request through the Assistant Superintendent.

At such conference, the building substitute may be accompanied by a representative of the Association. The building principal shall be in attendance and shall present his/her reasons for recommendation of nonrenewal. Any such nonrenewal which occurs during the school year shall not be subject to the grievance procedure of this agreement nor subject to the provisions of Revised Code Section 3319.11.

This recognition requires support in three major areas: time, money, and cooperation. The scope of professional growth shall be interpreted to include:

11.1.1.1 Relevant college course work as determined by the Superintendent taken beyond certification requirements and rewarded by advancement on the salary schedule.

11.1.1.2 Courses organized by the Professional Growth Committee which will be compensated by advancement on the salary schedule.

At the building level, the consultation shall occur through the ETA President or his/her designee. (The President may designate himself.) At the district level, consultation shall occur with the ETA President or his/her designee. This does not supersede the right of negotiation on any of these items. The ETA President or designee shall advise the Board treasurer of those bargaining unit members who are agency fee payors.

13.14.3.2 Upon Termination of Membership during the Membership Year

The Treasurer of the Board shall, upon notification from the Association that a member has terminated membership, commence the deduction of the agency fee with respect to the former member, and the amount of the fee yet to be deducted shall be the annual agency fee less the amount previously paid through payroll deduction. The ETA President will be responsible for appropriate communication of issue resolution to its membership.

13.16 Association Release Time

The Association President will designate six (6) ETA representatives (or five (5) if one of two exceptions below is selected) and make their identities known to the Superintendent for the purpose of exempting them from one classroom assignment per day, with the following exceptions to the one-assignment-per-day requirement:

1. The Association President may elect to designate two (2) of the six (6) classroom assignments to the Association President (with the remaining four (4) ETA representatives receiving one classroom assignment per day) , so long as doing so does not require the District to make an additional hire; or
2. If there are seven (7) or more teachers on an improvement plan at the start of a school year, the Association President may designate two (2) of the six (6) classroom assignments to the one ETA representative responsible for assisting with improvement plans/plans of assistance (with

For matters not covered by the manufacturer's warranty, the District and ETA will continue to abide by the 2016 Agreement regarding the self-funded insurance program.

14. GRIEVANCE PROCEDURE

14.1 Definition

A grievance is any claim by a member (or members) of the bargaining unit, or the ETA, that a term of this Agreement has been violated, misinterpreted, or misapplied.

14.2 Procedure

Informal Step

The grievant should first attempt to resolve the grievance informally through discussion with the lowest-level administrator who has authority to resolve the grievance. At least two (2) weeks prior to the start of each school year, the District shall provide ETA with a list of all administrators, and their job title. Job descriptions for such administrators will be posted on infoweb and accessible to the ETA.

Step One

If not resolved informally, the grievance shall be reduced to writing (Appendix C), signed by the grievant, and filed with the lowest-level administrator who has authority to resolve the grievance within twenty-five (25) work days of the event giving rise to the grievance. The administrator shall schedule a hearing within ten (10) days of receipt of the grievance, and shall then answer the grievance in writing within five (5) days after the hearing. The failure of the administration to conduct a timely hearing and/or response shall automatically move the grievance forward to the next level.

Step Two

If not resolved at Step One, the grievance may be appealed to the Superintendent in writing within ten (10) days after the administrator's response in Step One. The Superintendent, or his designee, shall hold an informal hearing within ten (10) days, and shall then answer the grievance in writing, with reasons, within five (5) days after the hearing.

Step Three

If not resolved at Step Two, the grievance may be appealed to the Board in writing within ten (10) days after the Superintendent's response in Step Two.

The appeal shall be addressed to the Board President in care of the Superintendent. Within fifteen (15) days after receipt of the appeal, the Board shall hear the grievance. The Board shall answer the grievance in writing, with reasons, within fifteen (15) days after the close of the hearing.

Step Four

If not resolved at Step Three, the grievance may be appealed in writing to arbitration within fifteen (15) days after the Board's response in Step Three. The appeal shall be filed with the Superintendent. Selection of an arbitrator, and the conduct of the arbitration hearing, shall be governed by the American Arbitration Association's Voluntary Labor Arbitration Rules. The arbitrator shall have no authority to add to, subtract from, or modify any of the provisions of this Agreement and shall confine himself/herself to the precise issue(s) submitted to arbitration. The arbitrator's fee and cost shall be borne solely by the losing party. The arbitrator's decision shall be final and binding.

- 14.3** Time limits in the grievance procedure may be extended by mutual agreement. Failure by a grievant to comply with any time limit not mutually extended shall result in complete waiver of the grievance. Failure to answer a grievance within any time limit not mutually extended shall permit the grievant to proceed forthwith to the next step of the grievance procedure. The term "days" shall mean workdays, except during summer recess when it shall mean weekdays.
- 14.4** If a grievance arises from action by the Board or Superintendent over which a lower-level administrator has no control, the grievant may file the grievance at Step Two of the grievance procedure.
- 14.5** The grievant may designate an ETA representative at any step, including the informal step, of the grievance procedure. The representative shall be entitled to attend all meetings or hearings pertaining to the grievance and shall be furnished a copy of all responses to the grievance. Should an ETA representative attend a meeting or hearing, the administrator shall likewise be entitled to have an additional administrator attend such meeting or hearing. Once designated, all arrangements and communications shall be with the representative. The ETA grievance chairperson will be sent copies of all grievance responses.
- 14.6** Meetings and hearings under the grievance procedure shall be conducted at a time and place that will afford a reasonable opportunity for the grievant, ETA representative and necessary witnesses to be present.

- 14.7** If a grievance is processed to Step Four of the grievance procedure but withdrawn prior to arbitration the arbitrator's cancellation fee, if any: (1) shall be shared equally by the Board and the ETA if the grievance is withdrawn as the result of a compromise settlement; (2) shall be borne solely by the ETA if the grievance is withdrawn by the ETA with no change in the Board's position; (3) shall be borne solely by the Board if the grievance is withdrawn as the result of a Board decision to grant the grievance.
- 14.8** Either party may waive Step Three of the grievance procedure and proceed directly from Step Two to Step Four by notifying the other party in writing of such intent within ten (10) days after the Superintendent's response in Step Two.
- 14.9** Nothing in this Article shall deny any bargaining unit member rights under state or federal law. Grievances are confidential except to the parties of interest and as required by law and will not be used in any employment decisions except as the remedy for a particular grievance may require.

15. TEACHER RIGHTS

- 15.1** Disciplinary action shall not be taken against a teacher solely on the basis of a written or verbal complaint by a parent or student.
- 15.1.1** At any investigatory interview the teacher reasonably fears may result in discipline against him/her, the teacher shall be entitled, upon request, to an ETA representative. A teacher subject to a discipline investigation may refuse to sign a statement until after the statement has been reviewed by his/her representative.
- 15.1.2** Prior to any recommendation of termination to the Board, a pre-disciplinary hearing shall be held with the Superintendent or designee in compliance with *Loudermill* and its progeny. Termination shall be pursuant to either Ohio Revised Code 3319.16 or subject to the grievance procedure herein.
- 15.1.3** No teacher may be given a written reprimand or a suspension with or without pay up to ten (10) days without just cause and only after a prior investigation and a conference with a right to representation. That conference shall be conducted within ten (10) school days of the administration's request for same, unless the scheduling of the conference is delayed by mutual agreement of the ETA representative and the administrator. Such agreement may not be unreasonably requested or denied. Only the Superintendent is authorized to issue a suspension after his/her participation at the above outlined conference.
- 15.1.4** A member of the bargaining unit retains the option to refuse to meet with administrators and parents unless an ETA representative is present where the meeting is held to conduct an investigation concerning a parental complaint or concern.
- 15.1.5** The District will not conduct ongoing surveillance of an ETA member using video camera footage, unless advised otherwise by a law enforcement official or other local, state, or federal agency.
- 15.2** All teachers have the right to use the telephone (local or toll-free calls for personal use), fax (where available, for local and toll-free calls for personal use), and e-mail according to district policy for both personal and business calls. The Building Management Team (or like committee) in each building, in consultation with the Business office, will be charged with the responsibility for identifying a location in which a phone may be placed in a private area for

use in making calls related to the teacher's fulfillment of professional responsibilities, subject to the limits of cabling availability and the possibility of transferring phone locations.

- 15.3** A teacher who mistakenly addressed an e-mail or regular mail to the wrong address of the parent or guardian will not be subject to discipline.
- 15.4** At the request of either the ETA or administration, student information systems will be reviewed annually by a committee comprised of ETA and administration, for the purpose of making recommendations to the administration to improve such systems.

- 15.10** A teacher asserting a breach of his/her rights under this contract shall be entitled to be accompanied by a representative of his/her choosing. In addition, a teacher shall be entitled, upon request, to an ETA representative at any investigatory interview the teacher reasonably fears may result in discipline against him/her.
- 15.11** Teachers whose employment contracts are nonrenewed or suspended and teachers who go on authorized leaves of absence will be notified by the Superintendent or his designee prior to the expiration date of any insurance fringe benefit.

15.12 No member of the bargaining unit, excluding nurses, will be assigned clinic coverage and/or the dispensing of any form of medication or medical advice or non-emergency administration of any medical procedure.

15.13 Bargaining unit members having difficulties in obtaining necessary supplies or access to necessary school facilities and equipment for legitimate school purposes shall raise their concerns with the building principal, and if the concerns are not resolved, they shall be presented to the Superintendent at the Superintendent's monthly meeting with the ETA. All bargaining unit members shall have access to copying machines in their building for activities reasonably necessary to the performance of their duties. If building staff abuse this privilege, the building principal may limit the use of the copy machine to duplication of only approved materials.

15.14 Safety Committee

The parties shall create a Joint Health and Safety Committee in each building. Any safety or health problems or concerns shall be presented to the Health and safety Committee. A written response shall be provided by the Committee within two (2) weeks. 15.18.2 Each building shall establish a security committee composed of staff and administrative representatives. The committee will be responsible for developing a building security plan which could include the following features:

16.1 Occupational Safety and Health

16.1.1 The Board retains exclusive authority to adopt and implement policies and procedures required by O.R.C. Chapter 4167, by the Division of Occupational Safety and Health, by the Public Employment Risk Reduction Advisory Commission, and/or any rules or regulations adopted under the authority of Chapter 4167. The Board is entitled to or may adopt and implement such policies and procedures without any obligation to bargain.

16.1.2 Report Internally First

The parties desire to deal with safety and health complaints internally to attempt to correct any health or safety allegations. Accordingly, neither the Association nor a bargaining unit member may file a complaint with the Ohio Department of Industrial Relations (with the sole exception of a condition which the bargaining unit member acting in good faith reasonably believes present an imminent danger of death or serious harm to him/her, in which case these procedures need not be followed) until the following procedure has been exhausted:

16.1.2.1 A bargaining unit member or Association representative must first bring an alleged health or safety violation to the attention of the affected bargaining unit member(s)' immediate supervisor within two work days of the occurrence of the alleged violation.

16.1.2.2 If the immediate supervisor does not resolve the alleged violation to the satisfaction of the complaining party, the bargaining unit member or the Association may appeal the complaint to the THP officer by filing a written appeal with the THP officer within one work day of the response of the immediate supervisor. Section 4167.06 because of a condition which the bargaining unit member acting in good faith reasonably believes presents an imminent danger of death or serious harm to him/her, the bargaining unit member must immediately notify his/her supervisor of the condition. The bargaining unit member may be temporarily reassigned while the condition is being investigated and/or ameliorated.

16.1.4 Claims of Discrimination to be Grieved

A bargaining unit member who wishes to assert a claim of discrimination as defined in O.R.C. The grievance procedure of this Agreement shall be the exclusive means for a bargaining unit member to assert such claim, to the exclusion of any other means of challenge. No employee shall be subject to discrimination as a result of reporting any condition regarding safety, health, and sanitation.

16.2 All employees new to the district shall be conditionally employed until the Board receives the results of a criminal records check from either the local police agency or the Bureau of Criminal Identification and Investigation. No teacher may be involuntarily transferred to an hourly tutor position.

17.7 Probationary Period

Regularly Employed Tutors (Supplemental and School Improvement) shall serve a probationary period of one (1) year.

17.8 Reduction in Force (RIF)

Layoffs shall be accomplished in accordance with Article 6.5; however, bumping shall not occur between tutors and teachers. Each is considered its own classification for purposes of layoff and recall.

Any bargaining unit member who is RIF'd and offered a regularly employed tutor position shall not be required to accept that position. Should the bargaining unit member decline a tutor position, he/she shall remain on the

recall list for three (3) school years as though he/she was never offered the position and shall not forfeit seniority and/or recall rights. Should the RIF'd bargaining unit member accept the tutor position, he/she shall also maintain his/her recall rights to a full-time position in his/her area of certification.

17.9 Termination

Following completion of the probationary period, a Regularly Employed Tutor (Supplemental or School Improvement) may only be terminated for just cause.

17.10 Evaluation

Evaluation will be in accordance with O.R.C. 3319.111 and 3319.112.

17.11 Media Specialists

Should the Board decide to employ Media Specialists in the future, the position shall be bargained.

18. JOB SHARING

18.1 Definition

Job sharing shall be defined as a voluntary arrangement occurring when two members of the bargaining unit share a bargaining unit assignment which is normally a full-time assignment staffed by a single bargaining unit member. Both members sharing a job must be properly certified (licensed) for the position.

18.2 Right to Share

Two bargaining unit members who wish to share a job may do so providing that they are both properly certified (licensed) for the position, they are both currently assigned to the building where the job share occurs or management is willing to effect a transfer and the transfer does not impede another bargaining unit member's rights, and the job share does not result in significant and demonstrable operational problems (such as the inability to fill another bargaining unit position). At the conclusion of each academic year, each job sharing teacher may apply for any available full-time position. If there is a vacant job sharing position, the position shall be posted pursuant to Section 5.1 of the Collective Bargaining Agreement.

18.3 Seniority and Benefits

Each teacher shall:

- 18.3.1** Receive three-fourths (3/4) of a year seniority credit for each year of job sharing.
- 18.3.2** Be entitled to fully-funded single coverage and the option of paying for the family portion.
- 18.3.3** Receive one-half (1/2) of the term life amount.
- 18.3.4** Be guaranteed one full year of job sharing. Teachers with at least thirty (30) years of teaching experience may request multiple years of job sharing provided: (1) at least one teacher has at least thirty (30) years of teaching experience; (2) there are two teachers in the department who wish to job share; and (3) they provide written notification to the Superintendent of their request to job share for two years.

18.3.5 In the event of a life event effecting a teacher engaged in job sharing (death of spouse, divorce, etc.), the effected teacher may return to the next full-time position for which the teacher is certified/licensed. A temporary teacher may be hired to complete the school year for the teacher who has resumed full-time service.

18.3.6 For purposes of seniority, each teacher shall advance three-fourths (3/4) of a year or prorated based on the following current practice of the district for each year of service during which a job is shared provided the bargaining unit member works or is paid for 120 part-time days or more in the school year or works the equivalent of one-half or more of a school year:

120+ full days	= year credit
90-119 full days	= .75 year credit
60-89 full days	= .50 year credit
30-59 full days	= .25 year credit
less than 30 full days	= no credit

18.3.7 Salary schedule advancement is evaluated twice a year and is calculated on a prorated basis on time worked

18.4 Bidding

18.4.1 Each teacher must commit to a full year of job sharing, giving up bidding rights for any job until the next year.

18.4.2 Teachers wishing to do job sharing must notify the Superintendent's Office of their intent to apply by February 15 of the preceding year. Teachers wishing to end job sharing must notify the Superintendent's Office by February 15 of the year they are job sharing.

18.4.3 A teacher who is on a leave of absence and holds a job-sharing position must notify the Superintendent by February 15 of the year he/she is on the leave if that teacher wants to return to his/her job-sharing position the next school year. Failure to notify the Superintendent of this request by February 15 may place the teacher back to a full-time teaching position.

18.4.4 At the elementary level, up to three (3) positions are subject to job sharing per school year.

18.4.5 If more than two (2) teachers want to job share in a single building, the priority will go to the more senior teacher.

18.4.6 The rules of leaves of absence shall hold for return to service, and the hiring of a temporary teacher for the first year of job sharing.

18.5 Day

18.5.1 Prep periods and lunch period minutes should count to balance for figuring total teaching time.

18.5.2 Both teachers must attend workshop days/conferences/and open house. Teachers may split responsibility for in-service days and teacher meetings, but one of them must be present. Prior to the start of each school year, teachers must establish a schedule for these days and any early release days or other unusual days in consultation with the building principal and Assistant Superintendent. Each teacher sharing a job may work up to a maximum of the equivalent of ninety-six (96) full-time days.

18.5.3 In the event that a teacher sharing a job is absent, the other teacher sharing that job may substitute for the absent teacher. The teacher who substitutes shall receive three (3) blue cards for substituting for the absent teacher.

18.5.4 In the event that it is known that a teacher sharing a job will be absent for sixteen (16) or more consecutive days or as of the sixteenth (16th) day of consecutive absence, the other teacher sharing the job may be required to resume full-time status. The teacher required to resume full-time status shall be given at least five days' notice of this requirement. For good cause, the Superintendent may waive the requirement to resume full-time status.

18.5.5 Teachers have the right to decide how the subjects will be split, but the principal must give final approval to the plan. Each teacher will be responsible for recording of grades on the scan sheets, and the coordination of completion of behavior, and work habit grades.

18.5.6 Scheduling for part-time bargaining members shall be consecutive in length (no unpaid intervals between periods of paid intervals).

18.6 Approval/Denial of Job Share Position

The decision by the Superintendent or his/her designee to grant or deny a request by an employee for a shared staffing position is final and not grievable. An employee denied a shared staffing assignment shall, upon request, have a conference with the Superintendent to review the denial.

18.7 Evaluation of Program

A committee comprising of the Assistant Superintendent, ETA President, and designated ETA Representative will meet annually to evaluate the job sharing program and the benefit of continuation of the program. Any administrative concerns, issues, or implementation problems that arise with regard to job sharing or its operation shall be discussed through this committee.

Classroom Walkthroughs / Informal Observation

An informal observation/ classroom walkthrough is a:

- Tool to inform evaluation that provides the opportunity to gather evidence of instruction over a series of short classroom visits;
- Process for giving targeted evidenced-based feedback to teachers; and
- Means for principals to visit classrooms more frequently and more purposefully.

An informal observation/ classroom walkthrough is not a(n):

- Formal observation;
- “Gotcha” opportunity for supervisors or evaluators;
- Isolated event; or
- Shortcut to the observation protocol required as part of the teacher evaluation process.

Classroom walkthroughs/ Informal observations, as part of the teacher evaluation system, may be general in nature or focused on observing a specific aspect of teacher performance. Summary data collected through a series of walkthroughs along with evidence documented through formal observations will come together to inform the teachers’ summative performance rating: *ineffective, developing, proficient or accomplished*.

Guidelines for Informal Classroom Observations

Informally Observe All Teachers

All teachers benefit from informal classroom observations. Informal observations should last from 15 to 20 minutes; therefore, conduct only as many observations in a day as you can follow up with on either the same or next day. Teachers need and deserve some type of immediate feedback.

Informally Observe As Often As You Can

The principal’s presence in the classroom sends a positive message to teachers: *the principal cares*. Including informal classroom observation as a school-wide initiative requires consistency and frequency. Find times in the day to observe teachers at varying times of the day: *for most teachers, what occurs in the morning is much different than what occurs in the afternoon*.

Focusing on One or Two Areas

Although there may be no predetermined focus established (because of no pre-conference), find a focus based on the instruction, events or discussions that are occurring in the classroom. A focus may also occur based upon past conferences and the need for follow up observations.

Make Time to Follow Up

Follow-up communication to informal classroom observations is a critical component. Follow-up will often be in writing but the evaluator should extend to the teacher an invitation to discuss any comments provided face-to-face. The evaluator may also offer resources to help teachers refine their practice.

Teacher Driven Observations

While it is recognized that evaluators have many demands on their time, encouraging teachers to identify instructional periods for the evaluator to observe can be a means for the evaluator to collect evidence related to a specific focus the teacher and evaluator may be working on.

Types of Data

Data collected as evidence of teacher practice may be quantitative, qualitative, or a combination of both. Quantitative data includes frequencies, distributions and other counts or tallies. For example the observer could use a checklist to tally how many questions were asked of children in the front row or children who had their hands raised versus not. The evaluator might also chart the types of questions asked (higher versus lower levels). Qualitative data can include scripted notes detailing patterns of activities, vocabulary used, and events observed. In both cases accuracy is essential to ensure the credibility of the process and the evaluator.

Teacher Performance Evaluation Rubric

The *Teacher Performance Evaluation Rubric* is intended to be scored holistically. This means that evaluators will assess which level provides the best *overall* description of the teacher. The scoring process is expected to occur upon completion of each thirty (30) minute observation and post-conference. The evaluator is to consider evidence gathered during the pre-observation conference, the observation, the post-observation conference, and classroom walkthroughs (if applicable). When completing the performance rubric, please note that evaluators are not expected to gather evidence on all indicators for each observation cycle. Likewise, teachers should not be required to submit additional pieces of evidence to address all indicators. The professionalism section of the rubric may use evidence collected during the pre-observation and post-observation conferences as well as information from the Professional Growth and/or Improvement Plan (if applicable).

INSTRUCTIONAL PLANNING

INSTRUCTIONAL PLANNING	FOCUS FOR LEARNING (Standard 4: Instruction) <i>Sources of Evidence:</i> Pre-Conference	The teacher does not demonstrate a clear focus for student learning. Learning objectives are too general to guide lesson planning and are inappropriate for the students, and/or do not reference the Ohio standards.	The teacher communicates a focus for student learning, develops learning objectives that are appropriate for students and reference the Ohio standards but do not include measurable goals.	The teacher demonstrates a focus for student learning, with appropriate learning objectives that include measurable goal(s) for student learning aligned with the Ohio standards. The teacher demonstrates the importance of the goal and its appropriateness for students.	The teacher establishes challenging and measurable goal(s) for student learning that aligns with the Ohio standards and reflect a range of student learner needs. The teacher demonstrates how the goal(s) fit into the broader unit, course, and school goals for content learning and skills.
	Evidence				
	ASSESSMENT DATA (Standard 3: Assessment) <i>Sources of Evidence:</i> Pre-Conference	The teacher does not plan for the assessment of student learning or does not analyze student learning data to inform lesson plans.	The teacher explains the characteristics, uses, and limitations of various diagnostic, formative, and summative assessments but does not consistently incorporate this knowledge into lesson planning.	The teacher demonstrates an understanding that assessment is a means of evaluating and supporting student learning through effectively incorporating diagnostic, formative, and/or summative assessments into lesson planning.	The teacher purposefully plans assessments and differentiates assessment choices to match the full range of student needs, abilities, and learning styles, incorporating a range of appropriate diagnostic, formative, and summative assessments into lesson plans.
	Evidence	The teacher does not use or only uses one measure of student performance.	The teacher uses more than one measure of student performance but does not appropriately vary assessment approaches, or the teacher may have difficulty analyzing data to effectively inform instructional planning and delivery.	The teacher employs a variety of formal and informal assessment techniques to collect evidence of students' knowledge and skills and analyzes data to effectively inform instructional planning and delivery.	Student learning needs are accurately identified through an analysis of student data; the teacher uses assessment data to identify student strengths and areas for student growth.
