2. Teachers whose assignments are changed after May 31 shall be notified no later than July 10, except in extreme emergency situations such as a staff member leaving his/her position.

 - a. The vacancy will be posted electronically with a concurrent alert sent to staff personal phones and District email for a minimum of five (5) calendar days. During this time, interested bargaining unit members may submit a letter of interest and request an interview with the administrator listed on the posting. A candidate may be interviewed by telephone if out of town or unavailable.

- b. All interviews must be held by day ten (10) of the date of posting. All teachers will be given full consideration and informed as to their status in writing, including an explanation of the reason(s) the candidate is deemed not qualified, by the tenth (10th) day.

- 2. Any staff member who desires a change in grade and/or subject assignment or who desires a transfer to another building for the following school year shall discuss his/her interest with the building principal.

Taking all these factors into consideration, and if all these factors are equal between two or more candidates, then the following priorities will be applied:

- a. First priority - properly certificated/licensed teacher with greatest seniority in the district, presently located in the building where the opening exists;
- b. Second priority - properly certificated/licensed teacher with greatest seniority in the district, in another building within the District presently teaching the same grade or subject as that of the opening;

average class sizes such situations will not be considered as violating the spirit of this article.

ARTICLE 14 - REDUCTION IN FORCE

When by reason of decreased enrollment of pupils in a program, building, grade level(s) or district-wide, return to work of regular teachers after leave of absence, or by reason of suspension of schools or territorial changes affecting the district, or due to the actual or anticipated loss, reduction or inadequacy of funds for operation, and/or for the other reasons as authorized by law, the Board decides that it will be necessary to reduce the number of teachers, it may make a reasonable reduction pursuant to Section 3319.17 of the Ohio Revised Code. Nothing herein shall restrict the authority of the Board of Education to non-renew the limited contract of a teacher in accordance with the law. If the Board determines it necessary to reduce

the number of teachers, attrition shall be used first to make any needed reductions before initiating any action under this article implementing a Reduction in Force. Additionally, the Superintendent will retain his/her legal prerogative of making transfers prior to implementation of a Reduction in Force program.

- A. Notification and implementation of a RIF program shall follow these guidelines:
1. Prior to April 30, a meeting will be held inviting all certificated/licensed staff members to review appropriate data indicating the need for a RIF (unless such meeting is waived by mutual agreement of the Superintendent and the Association President). No later than April 30, the Superintendent shall notify those individuals anticipated to be specifically effected by the RIF of his/her intent to recommend such reductions to the Board of Education.
 2. Implementation of a RIF program shall be in effect as of August 1 for all staff members whose contracts begin in August or after that date, or July 1 for those whose contracts begin prior to August 1.
- B. All teachers will be placed on a Master Seniority List for each teaching field for which they are properly certified. Teaching fields for purposes of this article having been defined as "those subjects or fields named on a teacher's certificate/license." 1962 AG NO. 2935. Teachers serving under continuing contracts will be placed at the top of the list, in descending order of seniority. Teachers serving under limited contracts will be placed on the list under continuing contract teachers, also, in descending order of seniority. Seniority for the Master Seniority List shall be defined as the length of continuous service in the district from the most recent date of employment in the district.

Reductions shall be made by suspending contracts based upon the Superintendent's recommendation who shall, within each teaching field affected, give preference to teachers on continuing contracts. Those contracts to be suspended will be as follows:

1. Reduction in Force (RIF) list(s) shall be prepared for all teachers under contract for the teaching field(s) or area(s) identified by the Superintendent for a Reduction in Force. During the first year of this agreement, all teachers will be considered comparable. During the second year of this agreement and thereafter, the RIF list will be prepared with each teacher's performance rating included on the list. Teachers will be placed on the list as follows.
 - a. Teachers on continuing contract with a performance rating of accomplished will be considered comparable and will be placed at the top of the list in seniority order.

- b. Teachers on continuing contract with a performance rating of skilled or developing will be considered comparable and will be placed next on the list in seniority order.
 - c. Teachers on continuing contract with a performance rating of ineffective will be considered comparable and will be placed next on the list in seniority order.
 - d. Teachers on a limited contract with a performance rating of accomplished will be considered comparable and will be placed next on the list in seniority order.
 - e. Teachers on limited contract with a performance rating of skilled or developing will be considered comparable and will be placed next on the list in seniority order.
 - f. Teachers on limited contract with a performance rating of ineffective will be considered comparable and will be placed next on the list in seniority order.
2. Seniority in such RIF lists shall be based upon the number of years of continuous service to the Graham district.
- a. Board approved leaves of absence will not interrupt seniority; however, time spent on leave shall not count toward seniority. Time spent on the recall list shall count toward seniority for purposes of any future seniority list for RIF purposes, likewise, for those on such recall lists while under a limited contract, such time shall be counted as time served under that limited contract. However, such seniority shall not be counted for any future salary placement purpose.
 - b. For purposes of constructing both the Master Seniority List and any RIF Lists by teaching field, employees who are fully contracted by the Board and have served in positions of half-time or more shall have their seniority counted as full for each continuous year of service. Staff fully contracted but teaching less than half-time shall have their seniority counted as one year for each two continuous years of service.
 - c. If two or more teachers have the same length of continuous service within the Graham district, within a teaching field or overall, seniority will be determined by:
 - i. The greater number of years of total teaching experience in Ohio's accredited and/or chartered schools, and then by

- ii. The date of the board meeting at which the teacher was most recently hired into the district, and then by
 - iii. The date of the board meeting at which the teacher was originally hired into the district (first listed, most senior), and then by
 - iv. Total college semester hours (or equivalent quarter hours) accumulated to date, and then
 - v. Any remaining ties will be broken by lot.
3. Recommended reductions in a teaching field will be made by selecting the junior employee(s) on the seniority list for that teaching field, who is currently assigned to a position in that teaching field. A teacher on continuing contract so affected, who holds certification/licensure in another field, may elect to displace:
- a. A limited contract teacher in that other field; or
 - b. A continuing contract teacher who holds a lower position of seniority in that other field, so long as the performance rating of the teacher being bumped is comparable, as defined in this article.

A teacher on a limited contract so affected, who holds certification/licensure in another field, may elect to displace a teacher on a limited contract who holds a lower position of seniority in that other field, so long as the performance rating of the teacher being bumped is comparable, as defined in this Article; seniority determined by the position in that field on the Master Seniority List. Any such election must be made within ten (10) calendar days of the time the teacher is notified he/she will be affected.

- B. The names of teachers whose contracts are suspended in a reduction in force will be placed on a recall list for up to twenty-four (24) months from the effective date of the reduction. Teachers on the recall list will have the following rights:
- 1. The right to review his/her seniority and certification/license records and challenge any relevant inaccuracy.
 - 2. Employees whose continuing contracts are suspended shall have the right of restoration, in reverse order of reduction, to continuing service status, when teaching positions for which they are certified/licensed become available. Next, employees on limited contracts whose contracts have been suspended will be recalled in reverse order of reduction, for vacancies in areas in which they are certified/licensed. No new teachers will be employed by the Board while there are

teachers on the recall list who are certified/licensed for a teaching vacancy or newly created teaching position.

3. Laid off employees shall be recalled to a vacant teaching position in reverse order of their layoff in keeping with contract status and certification/licensure. All employees are required to respond in writing within ten (10) calendar days of the notice. Any eligible employee who declines to accept recall to a position will forfeit all recall rights.
 4. An employee on the recall list will, upon resuming active employment status, return to status with the same accumulated sick leave and same salary schedule placement as she/he had at the time of layoff.
 5. The right to be placed on the district's substitute list.
 6. Exercise rights provided for by law (currently 18 months) to implement COBRA provisions for continuation of applicable group insurance plans without interruption of benefits.
- D. The Master Seniority List shall be updated annually, and a copy provided to the Association President no later than November 30 of each year, said list to be updated if it is determined a RIF shall be implemented.
- E. Teachers who have been placed on the RIF list have the obligation of notifying the Superintendent in writing if suitable employment is found elsewhere.
- F. Any teacher on the RIF list who voluntarily resigns from the school district forfeits all reinstatement rights.
- G. Any teachers on the RIF list are obligated to keep *the* Superintendent informed of current address and phone numbers.
- H. Teachers on a recall list may retire during that time and be eligible for applicable severance pay benefits upon completion of appropriate forms and compliance with procedures as outlined in the article of this Agreement dealing with severance pay.
- I. Teachers on a recall list may take further training and become certificated/licensed in additional subject areas. However, becoming additionally certificated/licensed will not qualify them to displace an active staff member, but will entitle them to be added to the appropriate recall list below other individual(s) already on the list. It shall be the responsibility of the individual on the recall list to notify the Superintendent and file the appropriate certificate/license with him/her so the listing may be updated.

- J. A teacher on the RIF list who is recalled to a position with a lesser percentage of full-time employment (FTE) than his/her previous position shall have the following two options:
1. Decline the position with a lesser FTE. Doing so will not affect the teacher's status on the recall list, and said teachers shall maintain the rights to be recalled to another position for which s/he is or can become qualified should one become vacant or be created; or
 2. Accept the position with lesser FTE until such time as a position for which s/he is or can become qualified becomes vacant or is created with an equivalent full-time status.

ARTICLE 15 - NON-RENEWAL OF CONTRACT

If the Board votes, upon recommendation of the Superintendent, not to renew a teacher's contract, said teacher must be given written notice to that effect on or before June 1 of the year in which his/her contract expires. Such non-renewal shall be accomplished in compliance with applicable sections of ORC 3319.11 and 3319.111.

ARTICLE 36 - SUPPLEMENTAL SALARY SCHEDULE

A. Policies

1. Dividing positions — A supplemental position may be divided among two or more people with administrative approval.
2. Multiple positions — One person may fill multiple positions at the same time with administrative approval as long as all duties are fulfilled.
3. Removing positions — If a position remains unfilled for three consecutive school years, it shall be removed from the salary schedule.
4. Determining if positions are filled — Determining whether a position should be filled shall be the duty of the principal or athletic director who supervises the position. The administrator shall consult with the advisor or head coach involved in an effort to reach a consensus on need. If there are not sufficient numbers of students interested, the position may go unfilled.
5. Provisional Positions — Each building may have up to three paid provisional positions in a school year. A sponsor wishing to start a provisional activity must submit a proposal to the principal or athletic director. The proposal must outline the purpose, operating procedures, goals for determining success, and membership of the proposed activity. If approved by the principal, the proposal will be submitted to the superintendent. If the superintendent approves, the group receives provisional activity status for that school year. If a group operates successfully for three consecutive years as a provisional activity, it is recommended that it be added to the supplemental schedule at a rate agreed upon by the Board of Education and the Graham Education Association.

B. When vacancies occur in any pupil activity position paid under supplementary salary schedule, the Board shall follow procedures established in O.R.C. 3313.53, except as those provisions are modified below.

The Board and Association agree that all pupil activity positions paid under the supplementary salary schedule are declared vacant each year when the Board non-renews supplemental contracts, and that the Board is authorized, pursuant to this section, to fill each vacant supplemental position with the most capable and qualified individual, and not necessarily the incumbent position holder.

1. The Board shall attempt to fill the position with qualified licensed individuals as determined by the Administration, employed by the district. All internal applicants shall be interviewed if there is more than one applicant applying for the vacant supplemental position. Administration will meet with all internal candidates to

explain the job position and responsibilities and thereafter render a decision within eight (8) days of the first day of posting of such position. An internal applicant not selected for the position shall be informed as to their status in writing, including an explanation of the reason(s) the candidate is deemed not qualified.

2. If no licensed employees of the district are deemed qualified by the Administration, the Board shall attempt to fill the position with licensed individuals who work outside of the district. Once all internal candidates are notified, external postings may proceed.
 3. If no licensed individuals who work outside the district are deemed qualified to fill the position, the Board shall adopt a resolution stating that it has offered such position to those employees of the district who are licensed individuals and no such employee qualified to fill the position has accepted it, and has then advertised the position as available to any licensed individual who is qualified to fill it and who is not employed by the board, and no such person has applied for and accepted the position. At such time, the Board shall fill that position with any qualified non-licensed individual.
- C. Nothing in this article prevents or inhibits the Board's right to create new positions.
- D. Adjustments to the supplemental pay will be increased in accordance to the pay increase of Article 35.
- E. Supplemental contracts are limited one-year contracts that automatically non-renew without Board action.

ARTICLE 37 - MASTER TEACHER/LOCAL PROFESSIONAL DEVELOPMENT COMMITTEE

- A. The purpose of the Local Professional Development Committee (LPDC) is to give teachers greater professional autonomy and responsibility for professional development and to shift control to individual teachers to allow for more self-directed freedom in making decisions about their teaching and learning, so students achieve higher standards in learning. The role of the LPDC is to evaluate the individual professional development plan (IPDP) submitted by each educator wishing to fulfill license renewal requirements.

An Individual Professional Development Plan (IPDP) is based on the needs of the educator, the students, the school, and the school district and must be submitted for approval to the LPDC for conversion to a license and for renewal of such license. These plans may be required to include the district-wide goals, such as "incorporating technology into the classroom".

The LPDC will consider applications for Master Teacher as interested employees apply. More information about the Master Teacher program may be found at: <http://education.ohio.gov/Topics/Teaching/Professional-Development/Master-Teacher>

- B. Scope of the Committee: The scope of the LPDC shall be district wide.
1. There shall be at least five (5) total members of any committee and in all cases, there shall be a majority of teacher members of any LPDC except as stated below in number 4.
 2. The Association shall appoint all teacher members to the LPDC or any replacements to the committee if vacancies occur and shall determine the length of the service (2 Years) of those representatives.
 3. Other members of the LPDC shall be two (2) building administrators.
 4. Licensures for any personnel excluded in Article 1, paragraph A., shall be governed by an LPDC sub-committee of three (3) people which shall include two (2) administrators and one LPDC member. Decisions of this sub-committee are final and are not subject to the full LPDC committee.
- C. Frequency of Meetings: All meetings should be held at a time and place convenient to everyone and shall be decided by the LPDC and may not be held in such a way to impede the teacher's preparation time. The Committee shall meet five times a year or on an as needed basis.
- D. Decision making: All decisions made by the LPDC shall be made by the majority of those present and permitted to vote.

- E. Compensation: LPDC members will be compensated for their work on the committee in the form of or an additional meeting stipend for any committee activity beyond the regular workday or school year. Committee members shall be approved and reimbursed for all expenses incurred in pursuit of their LPDC duties.
- F. Training: The Board of Education shall provide and pay for training and arrange for release time for LPDC members and alternates to attend training which is necessary for members and alternates to the LPDC to obtain the knowledge and skills required for the Committee's work.
- G. The decisions of the LPDC may not contravene the language of the collective bargaining agreement and no waivers of contractual provisions shall be made other than the area of state certification requirements. (This would allow the LPDC to approve hours, CEUs and other appropriate activities for licensure). This waiver shall not be used to place teachers in areas outside their present licensure.
- H. Refer to the LPDC handbook for appeal procedures. The LPDC's decisions on licensure for individuals, and the Association and LPDC members shall be held harmless.
- I. The LPDC may enter into a collaborative county-wide group for the purposes of training LPDC members, circulating criteria, procedures, workshops/coordinating discussions, maintaining records of CEUs and providing acceptable programs and coursework for licensure.
 - 1. The LPDC is not limited to such collaborative county programs but may authorize and accept any other provider or program accredited to provide teacher training, licensure, work experience or CEUs.
 - 2. Participation in such a collaborative may not contravene any portion of the collective bargaining except as expressed herein and only the LPDC approves programs for employees covered herein.
- J. No LPDC member will be held responsible for any money transactions, for fees to be paid directly to the State Department of Education.
- K. Application forms for renewal are the responsibility of the licensed employee making such applications and not any LPDC member. Knowing the expiration date and completing the necessary renewal paperwork is the responsibility of the licensed employee and not the LPDC member.
- L. The Board shall set aside \$5,000.00 per year for stipends, supplies, and any other expenses approved by the LPDC committee. This shall be in a separate account line of the General fund. Proper procedures as required by Board policy shall be followed for

processing any funds (e.g.: requisition and purchase orders processed before any supplies ordered). Documentation for stipends and other member reimbursements shall be submitted to the LPDC chairperson and approved by the committee before submitting to the Treasurer's office for payment. Stipends include required deductions of board employees (e.g. Board contribution of SIRS, worker's compensation, Medicare, etc.)

ARTICLE 38 - CHILDREN OF STAFF MEMBERS

- A. The natural, step-children, or adopted children of staff members shall be permitted to attend the building of choice. Foster children are not included under this article.
- B. Staff members will be required to complete Open Enrollment forms for the benefit of the District but will not be denied attendance by these procedures.
- C. Children enrolled after Open Enrollment deadlines will be admitted per this article but will not be included for count of class size of Article 10.
- D. Transportation of these children shall be the responsibility of the staff member/parent.
- E. No custodial care of children shall interfere with the performance of the staff member/parent's contractual duties and responsibilities or the contractual duties and responsibilities of other employees of the Board.

ARTICLE 39 - INSURANCE COMMITTEE

The parties agree to work cooperatively to lower the overall cost of employee health insurance. To achieve that goal an insurance committee constituted of three (3) people chosen by the Superintendent and three (3) people chosen by the Association shall begin work immediately.

The Committee will meet at mutually agreed times as often as necessary to fulfill their purpose. Notes shall be taken at *each* meeting and distributed to all committee members prior to the next meeting.

The goal of the committee is to find ways to reduce the overall cost of employee health insurance while maintaining the current or comparable levels of coverage and services.

The committee has no authority to change any provision of *the* collective bargaining agreement or to change any insurance plan or specification currently in effect.

The committee shall produce a written recommendation to the negotiation teams of the parties as required by Article 31, paragraphs H and N. If both parties agree to make any change in the employee group insurance program as a result of the work of the insurance committee, such changes shall be contained in a Memorandum of Understanding and be attached to the Agreement.

ARTICLE 40 - DIRECT DEPOSIT

All certificated employees will be required to participate in direct deposit, and direct deposit notices will be available via the School District's system.

ARTICLE 41 - SHARED STAFFING

Shared Staffing shall be defined as the duties and responsibilities of one specific teaching assignment being voluntarily shared equally by two employees which shall be identified as a team herein under for a specific length of time.

- A. A teacher must have completed two (2) years of service in this District to be eligible to initiate a shared staffing assignment.
- B. The teacher is responsible for finding the job-sharing partner; however, the building principal has the sole right to decide if the person meets the qualifications for employment.
- C. An individual not in the employ of the Board who is hired for a job-share position must sign an agreement acknowledging that their employment shall be under a one-year limited contract that shall automatically non-renew at the end of its term without the necessity of Board action and without the need to comply with Ohio Revised Code Sections 3319.11 and 3319.111 or the non-renewal and discharge provisions of the Negotiated Agreement.
- D. Shared Staffing assignments shall be limited to no more than two (2) current full-time teachers in any school year in any particular building. Priority for such assignment requests shall be given to teachers with greater district seniority.
- E. Job sharing teachers who substitute teach will be paid at the rates set by the Board for substitute teachers until they have worked in that position for sixty consecutive days pursuant to RC 3319.10 at which time they will be placed and compensated (pro-rata) at the appropriate placement on the salary schedule.
- F. Shared staffing shall not be implemented if it results in the avoiding the filling of a full-time position, to cover work of employees on RIF, nor to achieve a reduction in benefits.
- G. All leaves and other privileges shall be in accordance with the appropriate provisions of the current Negotiated Agreement between the Graham Board of Education and the Graham Education Association and applicable statutes.
- H. While in a shared staffing position, an employee will earn sick leave at the rate of 1.25 days per month.

I. Shared Staffing partnerships must last through the end of the school year.

The bargaining unit member with the greatest District seniority shall have the right to the fringe benefits provided for the position. There will be one medical insurance plan, one dental insurance plan, and one vision insurance plan available to the job sharing team. The teachers sharing the jobs can divide the different types of insurances, but no divisions can be made within the type of insurance coverage. The person not receiving the insurance benefits will have the opportunity to purchase the insurance at rates charged to the Board. Details of who will receive the insurance coverage must be made in writing on the form included herein at the time the request is made to the principal. If one of the teachers purchases the insurance, the treasurer must be notified by the first day of school.

Employees shall be paid their salary according to their placement on the salary schedule, prorated to the percentage of the full-time job for which they are contracted.

The teacher seeking a job share may begin the initial application process at any time; however, the intended partner must be interviewed approved and agree to the stipulations of the arrangement by April 15 of the year preceding the job share year. If the intended partner is not deemed acceptable in the opinion of the principal and superintendent, the requesting teacher must seek another qualified applicant or agree to teach full time, If a suitable partner cannot be found or if a job share partner decides to WITHDRAW FROM his/her agreement to job share, an arrangement with a potential job share applicant must be finalized by June 30, unless the date is extended BY THE SUPERINTENDENT. If a suitable teaching partner is not contracted by June 30, the requesting teacher MUST be willing to teach full time. If a job share partner withdraws from on his/her agreement to job share after June 30 the requesting teacher MUST be willing to teach full time.

The job sharing team shall present a proposed teaching schedule, including all building responsibilities, to the appropriate building principal. While it may not be possible, efforts shall be made to make the teaching schedules and responsibilities as equal as possible. Members of a team shall not be assigned duties or responsibilities in excess of a regular full-time position. The principal shall approve the schedule. Both members of the team shall attend orientation day, in-service day, open house, and system- scheduled parent conferences. Staff meetings will be attended by one member of the team, depending on when they are held (a.m. or p.m.) and that member shall inform the other member of the team of the meeting content.

The Board shall reinstate all eligible job-sharing members to full- time status to the position formerly being shared before hiring personnel from outside the district to fill a position for which the eligible job-sharing member has applied and is certificated/licensed.

- J. At the conclusion of a shared staffing arrangement, the Board shall reinstate the employee with the greatest district seniority to the position formerly being shared, so long as the job-sharing member has applied and is certificated/licensed, before hiring personnel from outside of the district. If the other job-sharing member was a district employee prior to the job-sharing assignment, that member shall be eligible to assume full-time status in accordance with Article 14.
- K. An employee denied a shared staffing assignment shall, upon request, have a conference with the Superintendent to review the denial.
- L. The position of job sharing, if granted, is for the duration of one (1) school year; however, it may be extended for one (1) or more additional years with agreement of all parties.
- M. The parties acknowledge that pursuant to Article 45 of the Negotiated Agreement, an individual not in the employ of the Board who is hired for a job-share position shall only be eligible for one-year limited contracts which automatically non-renew.
- N. The parties therefore agree to the following clarification of Article 45, paragraph 3: Automatic non-renewal of one-year limited contracts for an individual not in the employ of the Board who is hired for a job-share position shall constitute a break in service.
- O. The parties further acknowledge that an individual not in the employ of the Board who is hired for a job-share position shall under no circumstances be eligible to apply for continuing contract status.

ARTICLE 42 -SURVEILLANCE

Use of cameras or any audio/video equipment shall only occur if the District and/or public law enforcement agency has probable cause to suspect potential criminal activity. The content of such recorded material shall not be used as a component in the observation and/or evaluation procedure as described in Article 15 herein.

Use of cameras or any audio/video equipment in a classroom for purposes other than suspected criminal activity (as defined in paragraph one of this article) shall only occur with the written notification one week in advance to installation of equipment of the classroom teacher and the GEA President and/or designee. The content of such written notification shall include the location placement of such equipment and the specific time period and stated purpose for which such equipment is contemplated being placed in the classroom. The content of such recorded material shall only be used for the specific purpose written and executed on the notification form.

This provision and such salary and individual contract with a re-employed teacher supersedes ORC Section §3317.13 and all applicable laws.
- F. The re-employed teacher will be eligible for Board paid health/medical/life and other insurances offered by the Board. There will be NO lapse of current individual insurances.
- G. Re-employed teachers will be subject to RIF prior to any non-retired teacher.
- H. Re-employed teachers will commence their employment with zero (0) days of accumulated sick leave and will earn one and one-quarter (1 1/4) days of sick leave per month. The district may advance a re-employed teacher up to five (5) days of sick leave, but he/she may NOT participate in the Sick Leave Donation Program.
- I. Re-employed teachers are not eligible to participate in any retirement incentive program, nor are they eligible for severance pay.
- J. Re-employed teachers are part of the bargaining unit and are covered by all terms and conditions of the negotiated agreement, except those specifically altered herein.

GRAHAM LOCAL SCHOOL DISTRICT BYLAWS & POLICIES

POLICY 3220 - STANDARDS-BASED TEACHER EVALUATION

The Board of Education is responsible for a standards-based teacher evaluation policy which conforms to the framework for evaluation of teachers as approved by the State Board of Education and aligns with the "Standards for the Teaching Profession" as set forth in State law.

The Board adopts the Ohio Teacher Evaluation System ("OTES") model as approved by the State Board of Education.

The Board believes in the importance of ongoing assessment and meaningful feedback as a powerful vehicle to support improved teaching performance and student growth, as well as promotion and retention decisions for teachers.

This policy shall be implemented as set forth herein and shall be included in the collective bargaining agreement with the Graham Education Association, and in all extensions and renewals thereof.

This policy has been developed in consultation with teachers employed by the Board,

The Board authorizes the Superintendent to establish and maintain an ongoing Evaluation Policy Consultation committee, with continuing participation by District teachers for the express purpose of recommending necessary changes to the Board for the appropriate revision of this policy.

Definitions

"OTES" - stands for the Ohio Teacher Evaluation System as adopted by the Ohio State Board of Education in 2011, or as otherwise modified by the State Board of Education.

"Teacher" — For purposes of this policy, "teacher" means licensed instructors who spend at least fifty percent (50%) of his/her time providing content-related student instruction and who is working under one of the following:

- A. A license issued under R.C. 3319.22, 3319.26, 3319.222 or 3319.226; or
- B. A permanent certificate issued under R.C. 3319,222 as it existed prior to September 2003;
or

- C. A permanent certificate issued under B.C. 3319.222 as it existed prior to September 2006;
or
- D. A permit issued under R.C. 3319.301.

Substitute teachers and teachers not meeting this definition are not subject to evaluation under this policy. Full time bargaining unit members who do not meet the definition will be evaluated utilizing the evaluation procedures of the collective bargaining agreement in effect between the Board and the Graham Education Association.

The Superintendent, Treasurer, and any "other administrate" as defined by R.C. 3319.02 are not subject to evaluation under this policy.

"Credentialed Evaluator" - For purposes of this policy, each teacher subject to evaluation will be evaluated by a person who:

- A. meets the eligibility requirements under R.C. 3319.111(D); and
- B. holds a credential established by the Ohio Department of Education for teacher evaluation; and
- C. has completed State-sponsored evaluation training and has passed an online credentialing assessment.

The Board shall authorize the Superintendent/designee to approve and maintain a list of credentialed evaluators as necessary to effectively implement this policy.

"Core Subject Area" — means reading and English language arts, mathematics, science, foreign language, government, economics, fine arts, history, and geography.

"Student Growth" — for the purpose of the District's evaluation policy, student growth is defined as the change in student achievement for an individual student between two (2) or more points in time.

"Student Learning Objectives" ("SLOs") - include goals identified by a teacher or group of teachers that identify expected learning outcomes or growth targets for a group of students over a period of time.

"Shared Attribution Measures" — student growth measures that can be attributed to a group,

"Value-Added" — refers to the EVAAS Value-Added methodology provided by SAS, Inc., which provides a measure of student progress at the District and school level based on each student's scores on State issued standardized assessments.

"Vendor Assessment" — student assessments approved by the Ohio Department of Education that measure mastery of the course content for the appropriate grade level, which may include nationally normed standardized assessments, industry certification exams, or end-of-course examinations for grade level and subjects for which the Value-Added measure does not apply.

Standards Based Teacher Evaluation

Teacher evaluations will utilize multiple factors, with the intent of providing meaningful feedback to each teacher and assigning an effectiveness rating based in equal part upon teacher performance and student growth.

Each teacher evaluation will result in an effectiveness rating of:

- A. accomplished;
- B. skilled;
- C. developing; or
- D. ineffective.

The specific standards and criteria for distinguishing between these ratings/levels of performance shall be the same as those developed by the State Board of Education, which are incorporated herein by reference.

The Superintendent shall annually cause to be filed a report to the Department of Education the number of teachers for whom an evaluation was conducted as well as the number of teachers assigned each rating as set forth above, aggregated by teacher preparation programs from which and the years in which the teachers graduated.

Fifty percent (50%) of each evaluation will be based upon teacher performance and fifty percent (50%) on multiple measures of student growth as set forth herein,

Assessment of Teacher Performance

Teacher performance will be evaluated during formal observations and periodic informal observations also known as "classroom walkthroughs." Such performance, which will comprise fifty-percent (50%) of a teacher's effectiveness rating, will be assessed through a holistic process by trained and credentialed evaluators based upon the following *Ohio Standards for the Teaching Profession*:

- A. understanding student learning and development and respecting the diversity of the students they teach;

- B. understanding the content area for which they have instructional responsibility;
- C. understanding and using varied assessment to inform instruction, evaluate and ensure student learning;
- D. planning and delivering effective instruction that advances individual student learning;
- E. creating learning environments that promote high levels of learning and student achievement;
- F. collaborating and communicating with students, parents, other educators, District administrators and the community to support student learning; and
- G. assuming responsibility for professional growth, performance, and involvement.

Formal Observation and Classroom Walkthrough Sequence

- A. All instructors who meet the definition of "teacher" under R.C. 3319.111 and this policy shall be evaluated based on at least two (2) formal observations and periodic classroom walkthroughs each school year.
- B. Teachers on a limited contract who are under consideration for renewal/nonrenewal shall receive at least three (3) formal observations in addition to periodic classroom walkthroughs. The Superintendent may waive the third.

A teacher who receives a rating of "Accomplished" on his/her most recent evaluation shall be evaluated every three (3) years, as long as the teacher's academic growth measure for the most recent school year for which data is available is average or higher.

A skilled teacher may be evaluated every two (2) years, as long as the teacher's academic growth measure for the most recent school year for which data is available is average or higher.

****A teacher who isn't evaluated based upon the criteria listed above must receive at least one (1) observation and have at least one (1) conference with his/her evaluator.****

A teacher who receives a rating of "Accomplished" on his/her most recent evaluation may request that in place of one of the required observations, the teacher instead may complete a project. The Superintendent/designee shall approve or deny the teacher's request in his/her sole discretion.

Pursuant to this policy and Board resolution, the Board shall approve a list of projects recommended by the Superintendent/designee that demonstrate a teacher's continued

growth and practice at the accomplished level for accomplished teachers who wish to complete a project in lieu of one (1) formal observation.

Evaluations will be completed by May 1st and each teacher will be provided a written report of the results of his/her evaluation by May 10th. Written notice of nonrenewal will be provided by June 1st.

In evaluating teacher performance in these areas, the Board shall utilize the measures set forth by the Ohio Department of Education's OTES "Teacher Performance Evaluation Rubric" for instructional planning, instruction and assessment, and professionalism, set forth herein in the Appendix.

Each teacher evaluated under this policy shall annually complete a "Self-Assessment," utilizing the Self-Assessment Summary Tool set forth herein as "Teacher Evaluation Form."

Formal Observation Procedure

- A. The first formal observation shall be preceded by a conference between the evaluator and the employee prior to the observation in order for the employee to explain plans and objectives for the classroom situation to be observed. The second observation will be unannounced.
- B. A post-observation conference shall be held after each formal observation.

Informal Observation/Classroom Walkthrough Procedure

- A. Classroom walkthroughs shall not unreasonably disrupt and/or interrupt the learning environment.
- B. Data gathered from the walkthrough must be placed on the form designated in Teacher Evaluation Form.
- C. A final debriefing and completed form must be shared with the employee within a reasonable amount of time.

Assessment of Student Growth

In determining student growth measures, the Board adopts the Ohio Department of Education's Ohio Teacher Evaluation System (DIES), which calculates student growth by assessing achievement for an individual student occurring between two (2) points in time. It is important to note that a student who has forty-five (45) or more absences (excused or unexcused) for the school year will not be included in the determination of student academic growth.

In general, the Board will utilize the following categories to determine this aspect of a teacher's evaluation, depending upon the instructor involved:

- AI. Teachers instructing in value-added subjects exclusively¹;
- A2. Teachers instructing in value-added courses, but not exclusively²;
- B. Teachers instructing in areas where no teacher-level value-added or approved vendor assessment available³.

Where value-added methodologies exist for AI and A2 teachers, the Board will utilize them in the evaluation process, to the extent set forth in the Appendix of the "District Student Growth Measurement Index." Teachers instructing in value-added courses, but not exclusively, will utilize teacher value-added and locally determined measures proportionate to the teacher's schedule.

¹ If a teacher's schedule is comprised only of courses or subjects for which the value-added progress dimension is available, until June 30, 2014, the majority (i.e., greater than twenty-five (25%) of the student growth factor of the evaluation will be based upon the value-added progress as determined for each such teacher. After July 1, 2014, the entire student academic growth factor of the evaluation (i.e. fifty percent (50%) shall be based on the value-added progress dimension.

² For these teachers, value added may be used for the student academic growth factor in proportion to the part of a teacher's schedule of courses or subjects for which the value-added progress dimension is applicable, Teachers with multiple subjects that have value-added data will be issued reports for a composite of reading and math; for other assessments (approved vendor and local measures), the assessment data measures should be representative of the teacher's schedule.

³ If used, only one (1) "shared attribution" measure can be utilized per instructor. When neither teacher-level value-added data nor Ohio Department of Education-approved assessments are available, the District shall use locally-determined Student Growth Measures for C teachers as set forth in the Appendix of the "District Student Growth Measurement Index." Student Growth Measures may be comprised of SLOs, shared attribution, and/or non-Value-Added vendor data.

An SLO must be based upon the following criteria: Baseline and Trend Data, Student Population, Interval of Instruction, Standards and Content, Assessment(s), Growth Targets, and Rationale for Growth Targets. When new SLO's are developed or revised, the process will include consultation with teachers employed by the Board. The Board's process for creating and revising SLO's is set forth in the Appendix of the "District OTES Student Growth Measures Manual."

Data from these approved measures of student growth will be scored on five (5) levels in accordance with the Ohio Department of Education/OTES guidance and converted to a score in one of three (3) levels of student growth:

- A. above;
- B. expected;
- C. below.

When an approved Ohio Department of Education vendor assessment is utilized in the measurement of student growth, it will be included in the evaluation process for B teachers to the extent set forth in the Appendix of the "District Student Growth Measurement Index."

Final Evaluation Procedures

Each teacher's performance rating will be combined with the assessment of student growth measures to produce the summative evaluation rating, based upon the criteria developed by the Ohio Department of Education.

The evaluator shall provide that each evaluation is submitted to the teacher for his/her acknowledgement by written receipt. If signed, by the teacher, the receipt is to be sent to the Superintendent as soon as received.

Professional Growth Plans and Professional Improvement Plans

Based upon the results of the annual teacher evaluation, each teacher must develop either a professional growth plan or professional improvement plan as follows:

- A. Teachers whose performance rating indicates above expected levels of student growth will develop a professional growth plan and may choose their credentialed evaluator from those available to the Board for that purpose, utilizing the components set forth in the "Teacher Evaluation Form."
- B. Teachers whose performance rating indicates expected levels of student growth will develop a professional growth plan collaboratively with his/her credentialed evaluator and will have input on his/her evaluator for the next evaluation cycle, utilizing the components set forth in the "Teacher Evaluation Form."
- C. Teachers whose performance rating indicates below expected levels of student growth will develop a professional improvement plan with their credentialed evaluator. The administration will assign the evaluator for the subsequent evaluation cycle and approve the professional improvement plan, utilizing the components set forth in "Teacher Evaluation Form."

Core Subject Teachers - Testing for Content Knowledge

Beginning with the 2015-2016 school year, core subject area teachers must register for and complete all written examinations of content knowledge selected by the Ohio Department of Education if the teacher has received an effectiveness rating of "Ineffective" on his/her annual evaluation for two (2) of the three (3) most recent school years.

If a teacher passes the examination set forth above and provides proof of that passage to the Board, the teacher will be required, at the teacher's expense, to complete professional

development that is targeted to the deficiencies identified in the teacher's evaluations conducted under this policy.

The following may be grounds for termination of a teacher pursuant to R.C. 3319.16:

- A. failing to complete all required written examinations under this section;
- B. a failing score on a written examination(s) taken pursuant to this section;
- C. a rating of "ineffective" on the teacher's next evaluation after passing all written examinations pursuant to this section and after completion of the required professional development; or
- D. failure of a teacher to complete the required professional development.

Any teacher passing the examination set forth above will not be required to take the examination again for three (3) years, regardless of the teacher's evaluation ratings or the performance index score ranking of the building in which the teacher teaches.

No teacher shall be responsible for the cost of taking an examination set forth above.

Board Professional Development Plan

In accordance with the Ohio State Board of Education's statewide evaluation framework, the Board has adopted a specific plan for the allocation of financial resources to support the professional development of teachers covered by this policy. The plan will be reviewed annually.

Retention and Promotion Decisions/Removal of Poorly Performing Teachers

It is the purpose of this Standards-Based Teacher Evaluation Policy to improve the quality of instruction, enhance student learning and strengthen professional competence through meaningful feedback and targeted professional development. In addition, the evaluations produced will serve to inform the Board on employment decisions, i.e., retention, promotion of teachers, renewal of teaching contracts, and the removal/nonrenewal of poorly performing teachers.

Definitions:

"Retention" for purposes of this policy refers to employment decisions on the question of whether or not to suspend a contract pursuant to a reduction in force, nonrenew a limited or extended limited contract, or terminate employment for good and just cause. In the case of a reduction in force, seniority will not be considered when making decisions on contract suspensions, except in the instance of comparable evaluations. The decision to nonrenew or terminate the contract of a poorly performing teacher may be informed by the evaluation(s)

conducted under this policy. However, decisions to nonrenew or terminate a teaching contract are not limited by the existence of this policy.

"Promotion" as used in this context is of limited utility given the fact that teachers covered by this policy are not currently employed in any discernible hierarchy. Nevertheless, when making decisions relative to such matters as determining department or grade level chairpersons, selections to curricular or strategic planning bodies, or teaching assignments, the Board will consider teacher performance as indicated by evaluations.

"Poorly Performing Teachers" refers to teachers identified through the evaluation process set forth in this policy who demonstrate an inability and/or unwillingness to meet the reasonable expectations of this standards-based evaluation system.

"Comparable Evaluations"- Since seniority may not be the basis for teacher retention or other employment decisions, except when deciding between teachers who have comparable evaluations, this refers to teachers within the categories of "Ineffective," "Developing," "Skilled," and "Accomplished."

Removal of Poorly Performing Teachers

Poorly performing teachers may be removed, upon recommendation of the Superintendent, either through nonrenewal or termination, when the following has been demonstrated:

Removal of poorly performing teachers will be in accordance with the nonrenewal and termination statutes of the Ohio revised code and/or the relevant provisions of the collective bargaining agreement in effect between the Board and the Graham Education Association.

Nothing in this policy will be deemed to prevent the Board from exercising its rights to nonrenew, terminate, or suspend a teaching contract as provided by law and the terms of the collective bargaining agreement in effect between it and the Graham Education Association. The evaluation system and procedures set forth in this policy shall not create an expectation of continued employment for teachers on a limited contract that are evaluated under this policy. The Board reserves the right to nonrenew a teacher evaluated under this policy in accordance with R.C. 3319.11 notwithstanding the teacher's summative rating.
